Wayfaring Strangers Fiona Ritchie, Doug Orr, Darcy Orr, 2021-08-01 From the seventeenth through the nineteenth centuries a steady stream of Scots migrated to Ulster and eventually onward across the Atlantic to resettle in the United States Many of these Scots Irish immigrants made their way into the mountains of the southern Appalachian region They brought with them a wealth of traditional ballads and tunes from the British Isles and Ireland a carrying stream that merged with sounds and songs of English German Welsh African American French and Cherokee origin Their enduring legacy of music flows today from Appalachia back to Ireland and Scotland and around the globe Ritchie and Orr guide readers on a musical voyage across oceans linking people and songs through centuries of adaptation and change *The Mother of All Arts* Gene Logsdon, 2007-07-20 When Gene Logsdon realized that he experienced the same creative joy from farming as he did from writing he suspected that agriculture itself was a form of art Thus began his search for the origins of the artistic impulse in the agrarian lifestyle The Mother of All Arts is the culmination of Logsdon's journey his account of friendships with farmers and artists driven by the urge to create He chronicles his long relationship with Wendell Berry and discovers the playful humor of several new agrarian writers He reveals insights gleaned from conversations with Andrew Wyeth and his family of artists Through his association with musicians such as Willie Nelson and his involvement with Farm Aid Logsdon learns how music blues jazz country and even rock n roll is also rooted in agriculture Logsdon sheds new light on the work of rural painters writers and musicians and suggests that their art could be created only by those who work intimately with the land Unlike the gritty realism or abstract expressionism often favored by contemporary critics agrarian art evokes familiar feelings of community and comfort Most important Logsdon convincingly demonstrates that diminishing the connection between art and nature lessens the social and aesthetic value of both The Mother of All Arts explores these cultural connections and traces the development of a new agrarian culture that Logsdon believes will eventually replace the model brought about by the industrial revolution Humorous and introspective the book is neither conventional cultural criticism nor traditional art criticism It is a unique lively meditation on the nature and purpose of art and on the life well lived by one of the truly original voices of rural America Step It Up and Go David Menconi, 2020-09-22 This book is a love letter to the artists scenes and sounds defining North Carolina's extraordinary contributions to American popular music David Menconi spent three decades immersed in the state's music where traditions run deep but the energy expands in countless directions Menconi shows how working class roots and rebellion tie North Carolina's Piedmont blues jazz and bluegrass to beach music rock hip hop and more From mill towns and mountain coves to college town clubs and the stage of American Idol Blind Boy Fuller and Doc Watson to Nina Simone and Superchunk Step It Up and Go celebrates homegrown music just as essential to the state as barbecue and basketball Spanning a century of history from the dawn of recorded music to the present and with sidebars and photos that help reveal the many splendored glory of North Carolina's sonic landscape this is a must read for every music lover **Appalachian Journal**, 2003 A regional studies review *Dan Levenson* Lewis M.
