research to fully assess the impact of regulation and an approach to regulation that is proportionate and targeted to actual risks are essential for effective regulation Through the lens of the adoption of alternative structures this book explains how England Wales and Australia have by embracing these essential elements successfully modernized their regulatory environments for legal services and how Canada has taken firm steps down its own path to the same In contrast by rejecting these elements the United States remains paralyzed in an unproductive regulatory environment for legal services This book provides a blueprint for how the US can take inspiration from its common law sisters to breathe new life into its regulatory environment for legal services Ultimately modernization will require more and better regulation that is financed publicly through equitable progressive revenue sources The Justice Crisis Trevor C.W. Farrow, Lesley A. Jacobs, 2020-09-01

Unfulfilled legal needs are at a tipping point in many parts of the Canadian justice system and around the world The Justice Crisis assesses what is and isn't working in an effort to improve a fundamental right of democratic citizenship access to civil and family justice Meaningful access is often a question of providing pathways to resolving everyday legal issues The availability of justice services that aren't only tied to the courts and lawyers such as public education on the law alternative dispute settlement and paralegal support is therefore an important concern Contributors to this wide ranging overview of new empirical research address several key justice issues the extent and cost of unmet legal needs the role of public funding connections between legal and social exclusion among vulnerable populations the value of new legal pathways the provision of justice services beyond the courts and lawyers and the need for a culture change within the justice system Their findings can inform initiatives to improve access to justice within the Canadian system and beyond *Artificial Intelligence and the Legal Profession* Michael Legg, Felicity Bell, 2020-11-26

eavesdrop on his conversations with them This is not a glimpse into the future of how he and others might see the legal world developing as the Great Legal Reformation unfolds This is insight into the here and now into what these innovators have already envisioned and achieved These are the platforms from which yet further innovation and re formation of the market will be driven From the power and opportunity of regulatory change to enable structural change access to capital and the participation of people who happen not to be lawyers through the need to focus on efficiency continuous improvement process and project management to the enduring value of vision culture values leadership energy and employee engagement these studies and conversations inform reveal and challenge They do not present the new world through rose tinted glasses or deny the existence of risk the story of Slater Gordon s mixed fortunes is testament to that But they do show a different way of thinking and acting Whether lawyers like it or not these are initiatives that buyers of legal services welcome Stephen Mayson strategic advisor to law departments legal services providers and regulators This is an indispensable handbook for any aspiring legal innovator a well researched accessible and fascinating collection of dispatches from the cutting edge of legal business Professor Richard Susskind OBE author of Tomorrow s Lawyers Mitch Kowalski shows us what the new professional world actually does look like He takes us on a tour of Great Britain Australia and the United States and introduces us to lawyers in big firms and small serving clients both private and public The picture that emerges is of a new breed of legal service provider that embraces entrepreneurship teamwork and technology in a way that seems both unfamiliar and obvious to all lawyers Dr Ian Holloway PC QC Professor and Dean of Law The University of Calgary This book will either give you hope or a much needed kick in the pants Either way it s a win win Stephen Allen legal innovator Hogan Lovells Mitch Kowalski does it again Diving deep inside some of the world s most innovative legal providers Mitch discovers the future of law in the present A must read for anyone involved in the legal profession John Chisholm leading Australian legal commentator and advisor
