Arithmetic for Carpenters and Builders R. Burdette Dale,2015-06-02 Excerpt from Arithmetic for Carpenters and Builders This book was written for the purpose of presenting the subject of arithmetic as used in the daily work of the carpenter and builder in a simple form It is intended for the practical man as well as for the beginner and the student The material is such that the work can be followed successfully by those who have had an eighth grade education Upon the completion of this study the student should be prepared to take up the problem of estimating the cost of buildings The author has not attempted to treat the subject exhaustively Though the first chapters may seem elementary to some they will furnish a much needed review to others Geometry is touched upon merely to serve as a foundation for the work in mensuration Practical applications of geometric truths are emphasized while rigid proofs and developments are omitted Two chapters on the steel square that most useful tool of the carpenter are included Many of the problems do not admit of exact answers for the reason that the judgment of the student plays an important part in the solution Different results will be obtained depending upon the lengths and widths of the boards chosen and other similar details Careful planning for the economical use of material is required for this is an essential training for the work of the practical carpenter About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish

or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
