most celebrated and the most reviled African American of his age Jack Johnson battled his way out of obscurity and poverty in the Jim Crow South to win the title of heavyweight champion of the world At a time when whites ran everything in America he took orders from no one and resolved to live as if color did not exist While most blacks struggled simply to exist he reveled in his riches and his fame sleeping with whomever he pleased to the consternation and anger of much of white America Because he did so the federal government set out to destroy him and he was forced to endure prison and seven years of exile This definitive biography portrays Jack Johnson as he really was a battler against the bigotry of his era and the embodiment of American individualism **Boxing** Kasia Boddy,2013-06-01 Throughout history potters sculptors painters poets novelists cartoonists song writers photographers and filmmakers have recorded and tried to make sense of boxing From Daniel

Interzones Kevin J. Mumford,1997 Interzones is an innovative account of how the color line was drawn and how it was crossed in twentieth century American cities Kevin Mumford chronicles the role of vice districts in New York and Chicago as crucibles for the shaping of racial categories and racial inequalities Focusing on Chicago's South Side and Levee districts and Greenwich Village and Harlem in New York at the height of the Progressive era Mumford traces the connections between the Great Migration the commercialization of leisure and the politics of reform and urban renewal Interzones is the first book to examine in depth the combined effects on American culture of two major transformations the migration north of southern blacks and the emergence of a new public consumer culture Mumford writes an important chapter in Progressive era history from the perspectives of its most marginalized and dispossessed citizens Recreating the mixed race underworlds of brothels and dance halls and charting the history of a black white sexual subculture Mumford shows how fluid race relations were in these interzones From Jack Johnson and the white slavery scare of the 1910s to the growth of a vital gay subculture and the phenomenon of white slumming he explores in provocative detail the connections between political reforms and public culture racial prejudice and sexual taboo the hardening of the color line and the geography of modern inner cities The complicated links between race and sex and reform and reaction are vividly displayed in Mumford's look at a singular moment in the settling of American culture and society

The World Colored Heavyweight Championship, 1876-1937 Mark Allen Baker,2020-09-14 For six decades the World Colored Heavyweight Championship was a useful tool of racial oppression the existence of the title far more important to the white public than its succession of champions It took some extraordinary individuals most notably Jack Johnson to challenge the color line in the ring although the title and the black fighters who contended for it continued until the reign of Joe Louis a generation later This history traces the advent and demise of the Championship the stories of the 28 professional athletes who won it and the demarcation of the color line both in and out of the ring
