Learning D Michael Parker, 2015-11-27 Leverage the modern convenience and modelling power of the D programming language to develop software with native efficiency About This Book Acquire the skills to understand the fundamentals of D through its support for imperative and object oriented programming Take advantage of D's powerful compile time features templates and ranges to apply generative generic and functional style A systematic guide that will help you become familiar with the concepts in D with the help of simple and easy to understand examples Who This Book Is For This book is intended for those with some background in a C family language who want to learn how to apply their knowledge and experience to D Perhaps you're a college student looking to use D for hobby projects or a career programmer interested in expanding your skillset This book will help you get up to speed with the language and avoid common pitfalls that arise when translating C family experience to D What You Will Learn Compile programs with DMD and manage projects with DUB Work efficiently by binding your D programs with new and existing C libraries Generate code at compile time to enhance runtime performance Implement complex templates for more powerful generic code Write idiomatic D with range based functional pipelines Use the DUB repository to find a link with a variety of D libraries Implement a web app in D from the ground up In Detail D is a modern programming language that is both powerful and efficient It combines multiple paradigms in a way that opens up a whole new world of software design It is used to develop both desktop and web applications with future targets including mobile and is available on multiple platforms It is familiar to anyone with some experience in one or more of the C family languages However hidden in the similarities are several differences that can be surprising when trying to apply common idioms from other languages When learning D on your own this can make it more time consuming to master In order to make the most of the language and become an idiomatic D programmer it's necessary to learn how to think in D This book familiarizes you with D from the ground up with a heavy focus on helping you to avoid surprises so that you can take your D knowledge to the next level more quickly and painlessly Your journey begins with a taste of the language and the basics of compiling D programs with DMD the reference D compiler developed by Digital Mars and DUB a community developed build utility and package manager You then set out on an exploration of major language features This begins with the fundamentals of D including built in types conditionals loops and all of the basic building blocks of a D program followed by an examination of D's object oriented programming support You'll learn how these features differ from languages you may already be familiar with Next up are D's compile time features such as Compile Time Function Evaluation and conditional compilation then generic programming with templates After that you'll learn the more advanced features of ranges and functional pipeline programming To enhance your D experience you are next taken on a tour of the D ecosystem and learn how to make D interact with C Finally you get a look at D web development using the vibe-d project and the book closes with some handy advice on where to go next Style and approach A friendly guide to the D programming language and its

ecosystem that walks programmers through all they need to know for a painless experience in learning D *Crime Scene Staging Dynamics in Homicide Cases* Laura Gail Pettler, 2015-08-06 Individuals who perpetrate murder sometimes pose or reposition victims weapons and evidence to make it look like events happened in a different way than what actually transpired Until now there has been scarce literature published on crime scene staging *Crime Scene Staging Dynamics in Homicide Cases* is the first book to look at this practice p **AUUGN** ,1994-02 Genomics and Clinical Medicine Dhavendra Kumar, David Weatherall, 2008-02-15 An important milestone in medicine has been the recent completion of the Human Genome Project The identification of 30 000 genes and their regulatory proteins provides the framework for understanding the metabolic basis of disease This advance has also laid the foundation for a broad range of genomic tools that have opened the way for targeted genetic testing in a number of medical disorders This book is designed to be the first major text to discuss genomics based advances in disease susceptibility diagnosis prognostication and prediction of treatment outcomes in various areas of medicine After building a strong underpinning in the basic concepts of genomics the authors of this book all leaders in the field proceed to discuss a wide range of clinical areas and the applications now afforded by genomic analysis **The Clinical Toxicology Laboratory** Leslie M. Shaw, Tai C. Kwong, 2001 Ransomed Dreams Amy N. Wallace, 2009-02-19 Chained To Yesterday When tragedy struck and Gracie Lang lost everything her faith crumbled and nothing but the drive for justice propelled her forward But after two years of dead end searching the truth Gracie seeks is the very thing her stalker will stop at nothing to hide Forgiveness Unlocks the Future An FBI agent in the Crimes Against Children Unit Steven Kessler spends his days rescuing other people s children and nights caring for his son He s through with God embittered by his ex wife who abandoned them both and definitely doesn t expect what s coming next The Past Is the Key A plot to kidnap a British ambassador s daughter dangerously intersects Steven and Gracie s worlds a collision that demands a decision But are they willing to pay the high ransom required to redeem dreams and reignite hope

*Payment Due* Timothy J Penny, 2018-02-12 T he generational wars are about to begin competing for entitlements wrestling over taxes dancing around the deficit Today s children and grandchildren are tomorrow s taxpayers and social fabric The authors of *Payment Due* contend that our current policies of federal overspending are setting those children up for economic disaster Former Representative Tim Penny D MN knows how volatile the politics of the situation are he retired because he couldn t locate in Congress at large the institutional will or stomach to deal with the issues squarely Political scientist Steven Schier understands the way in which the politics work against economics to solve the problem Together they take us inside the Capitol corridors to show us the lobbying arm twisting and pork barrel politicking that goes on to derail policies designed to reduce the federal deficit We get to play the Washington Monument game along with the worst of the offenders and to see firsthand how three schools of deficit thought the wolves pussycats and termites approach the prospect of cutting back federal outlays and weaning the great middle class from its own welfare dependency A hallmark of the book is

its three tiered set of long term entitlement reform proposals complete with careful documentation of the contribution each recommended item makes toward reducing the federal deficit or at least slowing its increase Along with suggested short term plans these proposals give students the opportunity to try to solve both short and long term problems Students will appreciate the timeliness and relevance of the book s argument to their generation s future plight and all readers will benefit from the clear presentation of complex economic concepts and arguments essential to understanding the federal deficit debate and to confronting the political social and moral payments now coming due *Ivan Mauger* John Chaplin,2012-01-31 This is the first book to the reveal the complex personality behind the public image that is Ivan Mauger the dedicated and often ruthlessly efficient speedway multi World Champion Driven by uncompromising determination and naked ambition he became to terrace fans and on track rivals alike a virtual sporting automaton His motorcycle racing achievements 15 world titles on speedway and long track are testament to his pursuit of excellence He elevated a minority sport to a new and higher dimension with professionalism that made him at once envied and feared admired and hated And it launched him from the obscurity of his small town New Zealand origins to worldwide acclaim which continues to enjoy Here renowned speedway historian and journalist John Chaplin reveals through the words of opponents friends enemies business associated fans rivals and his own family the real Ivan Mauger the man behind the myth **Enduring Justice** Amy N. Wallace,2009 A PAINFUL PAST Hanna Kessler s childhood secret has remained buried for over two decades But when the dark shadows of her past threaten to destroy those she loves Hanna must face the summer that changed her life and the man who still haunts her memories A RACIALLY MOTIVATED KILLER As a Crimes Against Children FBI Agent Michael Parker knows what it means to get knocked down Difficult cases and broken relationships have plagued his entire year But when the system fails and a white supremacist is set free Michael s drive for retribution eclipses all else A LIFE ALTERING CHOICE A racist s well planned assault forces Hanna and Michael to decide between executing vengeance and pursuing justice The dividing line between the two is the choice to heal But when the attack turns personal is justice enough *Queen Elizabeth II* Deborah Hart Strober,Gerald Strober,2022-05-03 A stunning and revelatory oral history of Queen Elizabeth II and her reign There seems an unquenchable fascination with the British royal family on both sides of the Atlantic borne out by the popularity of The Crown on Netflix the spotlight on the Sussexes and Cambridges and the media attention on the death of Prince Philip These detailed interviews and insightful accounts range from the very early years of her reign to Prince Phillip s death in 2021 Covering the shocking death of her father and the adjustment required of a newly married couple as well as the turmoil of the later years and her grandchildren s families This lavishly produced hardback with rarely seen color photos paints a full detailed and sympathetic portrait of a life lived in service Featuring interviews from diverse sources from private staff at Buckingham Palace and family friends to international figures like Nelson Mandela it contains a broad spectrum of views on Queen Elizabeth II her story and her personality and how her life has intersected and impacted others **Caring on the**
