## **Leaving Alexandria A Memoir Of Faith And Doubt:**

*Leaving Alexandria* Richard Holloway, 2020-03-05 This Sunday Times bestseller is a memoir about faith and doubt with a strong meditative and philosophical heart

**Leaving Alexandria** Richard Holloway, 2012-03-01 The prize winning memoir an enlightening walk through a life that encompasses West Africa rent strikes the divided self and the question of grace Scotland on Sunday UK An international bestseller and winner of the PEN Ackerley Prize Ricard Holloway s candid memoir is many things It is a compelling account of a journey through life told with great frankness it is a subtle reflection on what it means to live in an imperfect and puzzling world and it is a highly readable insight into one of the most humane and engaged minds of our times It is quite simply a wonderful book Alexander McCall Smith At the tender age of fourteen Richard Holloway left his hometown of Alexandria north of Glasgow and travelled hundreds of miles to be educated and trained for the priesthood at an English monastery By the age of twenty five he had been ordained and was working in the slums of Glasgow Through the forty years that followed Richard touched the lives of many people as he rose to one of the highest positions in the Anglican Church But behind his confident public faith lay a restless heart and an inquisitive mind Richard Holloway s memoir is endlessly vivid and fascinating It s the record of a mind too large too curious and far too generous to be confined within any single religious denomination a delight and inspiration to believers non believers and ex believers alike Philip Pullman

Lost Church Alan Billings, 2013-01-17 In trying to understand the relationship of the British people to religion specifically Christianity we tend to say that people believe or do not attend or do not The argument of *Lost Church* is that the majority of people do not really fit either of these categories Rather they belong in the sense that they feel some affinity to Christianity and the Church they are not hostile to its ministers they do not find churches alien places to be and they turn to the Church and its clergy on specific occasions But they do not want to attend regularly and their beliefs may be incoherent or even nonexistent and often flicker on and off like a badly wired lamp This absorbing and encouraging volume is a call to lay Christians and clergy to take stock of what is happening and to recover an understanding of the Church that will not alienate those who belong but rather enable ministry to them to continue

**Community as Church, Church as Community** Michael Plekon, 2021-07-22 Parishes of all denominations are in decline shrinking closing dying We know that there are increasing numbers young and older who are religious nones and dones This book explores why the decline is taking place why the distancing is going on But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit s doing but through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book s reflection And community a parish being with those around living for more than its own survival are visions for going forward Other

aspects of congregational life are also examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future My Way Mona Siddiqui,2014-11-12 Polarized debates about Islam and the West are now so ubiquitous that it is easy to forget how damaging they can be The vast majority of Muslims do not wish to see Islam used as a divisive force within the largely secular societies in which they live How then can Muslim stereotyping be challenged Mona Siddiqui is one of the foremost Western authorities on the reconciliation of 21st century life and Islamic custom In this new and searching book she applies a uniquely probing intelligence to crucial issues of faith and identity such as wearing the veil within society at large While speaking from within a particular tradition she touches on matters of universal concern Who are we How do we cope with growing older What kind of world will we leave to our children Placing her rich personal journey in a wider context the author is able to explore love and sex multiculturalism and diversity and ageing and death through the prism of her experience as both a Muslim and a modern woman Her book shows why she is one of the most vital thinkers of our age **Fundamentalisms** James D. G. Dunn,2015-10-05 What is fundamentalism and what does it really amount to How do uncompromising counter cultural movements make ordinary people behave in extraordinary ways Arguing that an adherence to scriptural literalism and biblical inerrancy is at root a reaction to modernism these are among the key questions with which this timely book grapples But it goes further Other studies have concentrated above all on Christian and Islamic fundamentalism This volume while exploring the origins and articulations of the fundamentalist mindset addresses the subject from the comparative perspective of different religions including Judaism and Hinduism It is innovative in yet another respect Contending that notions of certainty and infallibility are not just a religious phenomenon the book argues that fundamentalism can be detected also in science when scientists use scientific authority to pronounce on areas outside their competence With contributors who include Karen Armstrong Diarmaid MacCulloch Malise Ruthven and Ed Husain this is a bold and incisive assessment of a crucial yet often oversimplified topic Next to Nothing James Champion,2024-11-12 A lesser known tradition in theology the apophatic has resurfaced in our time Simply stated this tradition has long recognized that discussion of what God is not is central to theological discernment The apophatic emphasis on giving the negative its due has been rediscovered and enlarged today in several ways Above all this theological orientation warrants our radical questioning and honors the importance of doubt It also leads us to greater awareness of our hidden fears of loss and of the costs of our unconscious flight from death At the same time it can open the door to new perceptions of what lay persons as well as theologians such as Eckhart and Tillich have understood as our deepest relationship to the God beyond God This development is significant for those in progressive faith communities for those who call themselves spiritual but not religious and those who assume that religion and spirituality have no place in their lives **Probing the Mind to Free the Soul** Stephen G. Fowler,2017-05-25

Christian theology presents an overly simplistic portrayal of the mind and nature of man his needs his longings his beliefs and his aspirations for God A psychoanalytic protest theology aims at bringing psychoanalytic complexity regarding the mind to theology Organized Christianity has failed to account for how the unconscious influences interpretations of Scripture and also how application of Scripture to lived life can be damaging if complex unconscious factors are not considered in theology This book attempts to employ psychoanalytic insights in the exploration of critically important themes addressed by theology Among them morality and conscience autonomy and destiny and relationship and sexuality including the sexuality of God suffering and law along with its correlation with death This is intended to serve an integrative constructive purpose Both classical psychoanalysis and Christian Scriptures conceptualize sexuality in its large sense as residing at the core of the mind of mankind Christianity has tended to cope with sexuality by adopting a notion of attainable sexual purity a myth that this work seeks to expose and dismantle with a view to enabling the church to more effectively and compassionately engage with real people whose sexuality is characteristically complicated and troublesome *The Silence of Animals* John

Gray,2013-06-04 A searching captivating look at the persistence of myth in our modern world By nature volatile and discordant the human animal looks to silence for relief from being itself while other creatures enjoy silence as their birthright In a book by turns chilling and beautiful John Gray continues the thinking that made his *Straw Dogs* such a cult classic Gray draws on an extraordinary array of memoirs poems fiction and philosophy to re imagine our place in the world Writers as varied as Ballard Borges Conrad and Freud have been mesmerized by forms of human extremity experiences that are on the outer edge of the possible or that tip into fantasy and myth What happens to us when we starve when we fight when we are imprisoned And how do our imaginations leap into worlds way beyond our real experiences *The Silence of Animals* is consistently fascinating filled with unforgettable images and a delight in the conundrum of human existence an existence that we decorate with countless myths and ideas where we twist and turn to avoid acknowledging that we too are animals separated from the others perhaps only by our self conceit In the Babel we have created for ourselves it is the silence of animals that both reproaches and bewitches us

**Vulnerability and Resilience** Jione Havea,2020-01-28 In *Vulnerability and Resilience* vulnerability is not the final word Rather resilience provides the cutting edge and living breath in the stories of subjects who are vulnerable And they have many stories stories of being trapped in bodies teachings and or situations that make them and others like them vulnerable to discrimination hatred and rejection stories of being trapped because of their bodies theologies and or cultures and stories of being trapped for no good reason For subjects who are vulnerable life is like a maze of traps and stories of resilience keep them going The contributors to *Vulnerability and Resilience* refuse to be trapped At the intersection of body and liberation theologies they tell their stories in the hope that they will expose cultures that make individuals and communities vulnerable and that those stories will encourage vulnerable subjects to be resilient and bring change to theological institutions that conserve vulnerability Because of the location of the contributors the

Americas Africa Asia Europe Caribbean and Oceania this book is a testimony that vulnerability is present all over the world and that resilience is a liberating alternative

**Stories We Tell Ourselves** Richard Holloway, 2020-07-16 Throughout history we have told ourselves stories to try and make sense of our place in the universe Richard Holloway takes us on a personal scientific and philosophical journey to explore what he believes the answers to the biggest of questions are He examines what we know about the universe into which we are propelled at birth and from which we are expelled at death the stories we have told about where we come from and the stories we tell to get through this muddling experience of life Thought provoking revelatory compassionate and playful Stories We Tell Ourselves is a personal reckoning with life s mysteries by one of the most important and beloved thinkers of our time

**What's Still Right with the Church of England** Canon David Jennings, 2013-01-14 Can the Church of England survive the 21st century What needs to change and what remains How does the Church deal with contemporary challenges and how are these related to the situation it faced in 1966 This book is an evaluation of Bishop Ronald Williams 1966 book What s Right with the Church of England identifying the issues of that time with reference to the issues still facing the Church of England today These include perception and position resources and finance ethics ecumenism a liberal church in a liberal society ministry for today marketing and a contemporary parochial ecclesiology Many of the issues from 1966 have not changed but the context is significantly different requiring different responses

Anglicanism John A. Moses, 2019-11-01 In this collection of essays the author combines the critical eye of a professional historian with the passion of a dismayed churchman in his analysis of the current malaise of the Anglican Church in Australia His analysis is indebted to his study of totalitarianisms in Nazi Germany and Soviet Russia as he calls for a recovery of tolerance

**Mission by the People** Dr. Alexander C. Forsyth, 2017-08-29 How is Christianity to express itself in the public forum within Western nations This book seeks answers through a historical retrieval of the dynamic mission in post war Scotland of Tom Allan and his contemporaries the Iona Community the Gorbals Group Ministry inspired by the East Harlem Protestant Parish and Robert Mackie Ian Fraser and Scottish Churches House Allan s missiology focused upon the apostolate of the laity allowing ordinary people to express their faith in word and deed in a full contextualization of Christianity to seek a missionary parish of constant witness and service The book examines his work in parish ministry nationally as leader of the Tell Scotland Movement and internationally with the WCC and the rich sources and context of his missiology Key questions are asked about tensions caused by the role of the church and the effect of the Billy Graham All Scotland Crusade which Allan instigated on the rapid decline in Christian adherence from the late fifties His work is placed alongside his contemporaries who took bold steps beyond those of Allan to relocate faith to the rhythms of the streets Utilizing present day missiology as a lens their inspiration leads to derivations and principles offered as guideposts for Christian mission now

**Death, Resurrection, and Human Destiny** David Marshall, 2014-04-29 Death Resurrection and Human Destiny Christian and Muslim Perspectives is a rich collection of essays scriptural analysis and personal

reflections featuring leading Christian and Muslim scholars who explore the meaning of death resurrection and human destiny within their religious traditions      **A Simple Life** John Miller,2014 For 50 years a unique and courageous group of people have quietly opted for a life of poverty and the discipline of prayer Always with the time and care to understand people s hidden pains their permanently open meal table usually rocked with laughter Drawing exclusively on the memories of the Community s members their private papers and the reminiscences of those they have known this book captures a life of humour tragedy inspiration and insight In our increasingly dehumanising culture the Community s devotion to the details of daily life has had a life changing impact on many people across the world      **Love: All That Matters** Mark

Vernon,2013-01-25 Love All That Matters argues that the modern view on love has been distorted by a fixation on romantic love that has depleted our resources for living through the darker sides of love whereas in fact there are several ways in which humans give and experience love over the course of their lives and it is best to have access to them all Vernon draws on science psychology philosophy and literature to examine eight different kinds of love each associated with a phase of human development From infant narcissism and the emergence of eros through puberty and the rush of romantic love to the end of life and the love of God this is a beguiling tour of the most mysterious force of all This accessible and readable book will appeal to both students and general readers giving a fascinating introduction to the psychology and philosophy of love and what matters most about it      **Conclave** Robert Harris,2024-08-06 NOW A MAJOR MOTION PICTURE DIRECTED BY

EDWARD BERGER AND STARRING RALPH FIENNES STANLEY TUCCI JOHN LITHGOW AND ISABELLA ROSSELLINI The page turning thriller set in the Vatican s secretive halls of power by the best selling author of Enigma and Fatherland Pulsates with intrigue Ambition sex scandals financial corruption and terrorism all rear their ugly heads And Harris saves one whopper of a surprise for the final pages USA Today The pope is dead Behind the locked doors of the Sistine Chapel one hundred and eighteen cardinals from all over the globe will gather to cast their votes in the world s most secretive election They are holy men But they are not immune to the human temptations of power and glory And they are not above the tribalism and factionalism that consumes humanity When all is said and done one of them will become the most powerful spiritual figure on Earth      **Before Belief** Bruce A. Stevens,2020-01-15 First things are spiritually and theologically

important Before Belief explores the precognitive human experience of transcendence illuminating how such foundational experiences are formative of attachment relationships with people and ultimately with God The book proposes an implicit learning model rather than rely on Freud s or Jung s understanding of the unconscious with a goal of recovering unconscious spiritual learning Once discovered and put into language early learning needs to be tested and integrated into life experience and expressed in committed living The theories examined and advanced in the work are also carried through in practical case studies that demonstrate the pastoral and clinical salience of understanding and connecting people to those grounding experiences      **My Dog, my Friend** Jacki Gordon,2016-03-30 A kaleidoscope of vivid moving and highly entertaining
