Arel, Dan R. Stiver, 2019 Paul s Ricoeur s Lectures on Ideology and Utopia are more pertinent than ever forty years later The chapters in this book reflect the lectures original intricacy as the authors not only insightfully analyze them but also creatively apply them **Lectures on Ideology and Utopia** Paul Ricoeur, 1986 Essays cover Marx Karl Mannheim Max Weber Clifford Geertz Louis Althusser Jurgen Habermas Henri de Saint Simon and Charles Fourier

**Ideology and Utopia in the Twenty-First Century** Stephanie N. Arel, Dan R. Stiver, 2018-11-23 This edited work is spurred by the 30 year anniversary of the groundbreaking work by Paul Ricoeur Lectures on Ideology and Utopia 1986 and the 40 year anniversary of the original lectures 1975 Ricoeur took these concepts that continue to be enormously important in social and political analysis and connected them in a uniquely intricate dance The ensuing interplay of these concepts provides a framework for a more deft and subtle evaluation than is common Little has been done to engage Ricoeur s skill in interpreting ideology and utopia or their creative tension perhaps due to his significant contributions in other areas When one combines Ricoeur s intricate analyses of ideology and utopia however with his contributions in other areas of philosophy such as hermeneutics anthropology embodiment and philosophy of religion one has fertile grounds for reflection in many directions The essays in this book draw on these resources not only to engage the strengths and weaknesses of Ricoeur s original work but they also expand his understanding in creative new directions such as the social imaginary embodiment gender theory immigration and extremist political rhetoric The text will bring to the fore how this aspect of Ricoeur s work has significance for the wider twenty first century political landscape Just as his original work this book provides much needed resources for critique of each term along with their relationship to one another while recognizing the positive dimension of their function *Pentecostal Imagination and the Retrieval of Identity* Paul S. Baker, 2023-01-27 How does identity survive the passage of time How can we be sure that our church community in the present is a faithful representation of the originating community in the past This book explores how Pentecostalism the world s fastest growing expression of Christianity since its inception at the beginning of the twentieth century can identify as the same community that birthed the church in the first century A community that spans two millennia of church history presents numerous challenges which raise crucial questions In the case of Pentecostalism these questions concern the criteria we might employ in order to recognize various instances of that community both in the present and throughout the past The Pentecostal emphasis on the Holy Spirit as the founding force behind the early church suggests some exciting possibilities By bringing together Pentecostal theology and hermeneutical philosophy this volume develops a model which attempts to discern the Pentecostal Spirit from within history Rather than arriving at a historical survey of various theologies of the Spirit this book

instead advances a historiography which is itself inherently Spirit oriented a pneumatology of history      *Logos of Phenomenology and Phenomenology of The Logos. Book Three* Anna-Teresa Tymieniecka, 2006-07-19 Situated at the crossroads of nature and culture physics and consciousness cosmos and life history intimately conjoined with time continues to puzzle the philosopher as well as the scientist Does brute nature unfold a history Does human history have a telos Does human existence have a purpose Phenomenology of life projects a new interrogative system for reexamining these questions We are invited to follow the logos of life as it spins in innumerable ways the interplay of natural factors human passions social forces science and experience through interruptions and kairic moments of accomplishment in the human creative imagination and intellectual reasoning There then run a cohesive thread of reality      **Lectures on Imagination** Paul Ricoeur, 2024-03-11 Ricoeur's theory of productive imagination in previously unpublished lectures The eminent philosopher Paul Ricoeur was devoted to the imagination These previously unpublished lectures offer Ricoeur's most significant and sustained reflections on creativity as he builds a new theory of imagination through close examination moving from Aristotle Pascal Spinoza Hume and Kant to Ryle Price Wittgenstein Husserl and Sartre These thinkers he contends underestimate humanity's creative capacity While the Western tradition generally views imagination as derived from the reproductive example of the image Ricoeur develops a theory about the mind's power to produce new realities Modeled most clearly in fiction this productive imagination Ricoeur argues is available across conceptual domains His theory provocatively suggests that we are not constrained by existing political social and scientific structures Rather our imaginations have the power to break through our conceptual horizons and remake the world      Michel Henry's Practical Philosophy Jeffrey Hanson, Brian Harding, Michael R. Kelly, 2021-12-16 Providing theoretical and applied analyses of Michel Henry's practical philosophy in light of his guiding idea of Life this is the first sustained exploration of Henry's practical thought in anglophone literature reaffirming his centrality to contemporary continental thought This book ranges from the tension between his methodological insistence on life as non intentional and worldly activities to Henry's engagement with the practical philosophy of intellectuals such as Marx Freud and Kandisky to topics of application such as labor abstract art education political liberalism and spiritual life An international team of leading Henry scholars examine a vital dimension of Henry's thinking that has remained under explored for too long      *The Lost World of Socialists at Europe's Margins* Maria Todorova, 2020-09-03 Maria Todorova's book is devoted to the golden age of the socialist idea broadly surveying the period in and around the time of the Second International It critically examines the promise for an alternative socialist utopia from 1870 to the 1920s Todorova brings in the experience of the periphery in a comparative context in the belief that the margins can often elucidate better the character of a phenomenon and de provincialize it from essentialist notions In doing so *The Lost World of Socialists at Europe's Margins* moves beyond the traditional historiographical emphasis on ideology by looking at different intersections or entanglements of spaces generations genders ideas and feelings and different flows of historical

time The study provides a social and cultural history of early socialism in Eastern Europe with an emphasis on Bulgaria arguably the country with the earliest and strongest socialist movement in Southeast Europe and one that had a unique relationship to both German and Russian social democracy Based on a rich prosopographical database of around 3500 biographies of people born in the 19th century the book addresses the interplay of several generations of leftists looking at the specifics of how ideas were generated received transferred and transformed Finally the work investigates the intersection between subjectivity and memory as reflected in a unique cache of archival materials containing over 4000 documentary sources including diaries oral interviews and unpublished memoirs A microhistorical approach to this material allows the reconstruction of structures of feeling that inspired an exceptional group of individuals **Theology of**

**Discontent** Hamid Dabashi, 2017-07-28 Scores of books and articles have been published addressing one or another aspect of the Islamic Revolution in Iran Missing from this body of scholarship however has been a comprehensive analysis of the intellectual and ideological cornerstones of one of the most dramatic revolutions in our time In this remarkable volume Hamid Dabashi brings together in a sustained and engagingly written narrative the leading revolutionaries who have shaped the ideological disposition of this cataclysmic event Dabashi has spent over ten years studying the writings in their original Persian and Arabic of the most influential Iranian clerics and thinkers Examining the revolutionary sentiments and ideas of such figures as Jalal Al e Ahmad Ali Shariati Morteza Motahhari Sayyid Abolhasan Bani Sadr and finally the Ayatollah Khomeini the work also analyzes the larger historical and theoretical implications of any construction of the Islamic Ideology Carefully located in the social and intellectual context of the four decades preceding the 1979 revolution Theology of Discontent is the definitive treatment of the ideological foundations of the Islamic Revolution with particular attention to the larger more enduring ramifications of this revolution for radical Islamic revivalism in the entire Muslim world This volume will be of interest to Islamicists Middle East historians and specialists as well as scholars and students of liberation theologies comparative religious revolutions and mass collective behavior Bruce Lawrence of Duke University calls this volume a superb and unprecedented study In brilliant figural strokes he arrays EuroAmerican sociological theory as the crucial backdrop of a deeper understanding of contemporary Iranian history **Paul Ricoeur** Bernard P.

Dauenhauer, 2000-01-01 Paul Ricoeur with Rawls Walzer and Habermas as some of his main interlocutors has developed a substantial and distinctive body of political thought On the one hand it articulates a rich conception of the paradoxical character of the domain of politics On the other it provides a fresh approach to such major topics as the relationship among politics economics and ethics and between concern for universal human rights and respect for cultural plurality His work rooted as it is in Aristotle Kant and Hegel also provides resources for a fruitful rethinking of the issues at stake in the liberal communitarian debate **Social Imaginaries** Suzi Adams, Jeremy C.A. Smith, 2019-10-03 Written by members of the Social Imaginaries Editorial Collective these programmatic essays showcase new critical interventions in understandings of social

imaginaries and the human condition They include a new comparative approach to theorizing Castoriadis Ricoeur and Taylor the rethinking of the creative imagination in relation to common sense analyses of political imaginaries in neoliberal and constitutional contexts from perspectives drawing on Gauchet and Lefort and the taking up questions of historical continuity and discontinuity in civilizational worlds In addressing pressing questions concerning social imaginaries the book advances the field as a whole The book includes a Foreword by George H Taylor This book is a must read for all scholars interested in social and political imaginaries and will appeal to researchers and graduate students working across a wide variety of disciplines in the human sciences      *Bernard Shaw, Paul Ricoeur, and the Jesusian Dialectics of Redemptive Living* Howard Ira Einsohn, 2023-12-27 This book explores a heretofore unremarked linkage between Bernard Shaw the twentieth century French thinker Paul Ricoeur and Jesus of Nazareth The ties that bind them are a foundational interest in the social teachings of the Nazarene and their use of a shared dialectics with respect to living the kind of compassionate life that holds out the promise in our contemporary world of achieving something approximating universal wellness on a healthy planet at peace with itself This work argues that the three principal subjects of the study independently of one another used the same dialectical method to reach the same dialectically derived conclusion about how humans can live redemptively in a fractured world      *Machiavellian Rhetoric* Victoria Kahn, 1994-07-05 Historians of political thought have argued that the real Machiavelli is the republican thinker and theorist of civic virt Machiavellian Rhetoric argues in contrast that Renaissance readers were right to see Machiavelli as a Machiavel a figure of force and fraud rhetorical cunning and deception Taking the rhetorical Machiavel as a point of departure Victoria Kahn argues that this figure is not simply the result of a naive misreading of Machiavelli but is attuned to the rhetorical dimension of his political theory in a way that later thematic readings of Machiavelli are not Her aim is to provide a revised history of Renaissance Machiavellism particularly in England one that sees the Machiavel and the republican as equally valid and related readings of Machiavelli s work In this revised history Machiavelli offers a rhetoric for dealing with the realm of de facto political power rather than a political theory with a coherent thematic content and Renaissance Machiavellism includes a variety of rhetorically sophisticated appreciations and appropriations of Machiavelli s own rhetorical approach to politics Part I offers readings of *The Prince* *The Discourses* and Counter Reformation responses to Machiavelli Part II discusses the reception of Machiavelli in sixteenth and seventeenth century England Part III focuses on Milton especially *Areopagitica* *Comus* and *Paradise Lost*      *Theology After Ricoeur* Dan R. Stiver, 2001-01-01 Dan Stiver presents the implications of Paul Ricoeur s hermeneutical philosophy for a postmodern theology by providing a comprehensive interpretation of Ricoeur and then applying Ricoeur s hermeneutical theory to biblical interpretation and theology Stiver situates Ricoeur s contributions in the Yale Chicago debate and shows how Ricoeur s textual theory provides a real alternative to George Lindbeck on the one hand and deconstruction on the other
