Left Libertarianism And Its Critics The Contemporary Debate:

Left-Libertarianism and Its Critics NA NA,2001-04-04 This book contains a collection of important recent writing on left liberalism a political philosophy that recognizes both strong liberty rights and strong demands for material equality Essays from leading contemporary political philosophers such as Nozick Van Parijs and Kymlicka are included in this volume

Contemporary Debates in Political Philosophy Thomas Christiano,John Christman,2009-03-30 This collection of 24 essays written by eminent philosophers and political theorists brings together fresh debates on some of the most fundamental questions in contemporary political philosophy including human rights equality constitutionalism the value of democracy identity and political neutrality Presents fresh debates on six of the fundamental questions in contemporary political philosophy Each question is treated by a pair of opposing essays written by eminent scholars Lively debate format sharply defines the issues invites the reader to participate in the exchange of arguments and paves the way for further discussion Will serve as an accessible introduction to the major topics in political philosophy whilst also capturing the imagination of professional philosophers Offers the unique opportunity to observe leading philosophers engaging in head to head debate

Facing Up to Scarcity Barbara H. Fried,2020-02-27 Facing Up to Scarcity offers a powerful critique of the nonconsequentialist approaches that have been dominant in Anglophone moral and political thought over the last fifty years In these essays Barbara H Fried examines the leading schools of contemporary nonconsequentialist thought including Rawlsianism Kantianism libertarianism and social contractarianism In the realm of moral philosophy she argues that nonconsequentialist theories grounded in the sanctity of individual reasons cannot solve the most important problems taken to be within their domain Those problems which arise from irreducible conflicts among legitimate and often identical individual interests can be resolved only through large scale interpersonal trade offs of the sort that nonconsequentialism foundationally rejects In addition to scrutinizing the internal logic of nonconsequentialist thought Fried considers the disastrous social consequences when nonconsequentialist intuitions are allowed to drive public policy In the realm of political philosophy she looks at the treatment of distributive justice in leading nonconsequentialist theories Here one can design distributive schemes roughly along the lines of the outcomes favoured but those outcomes are not logically entailed by the normative premises from which they are ostensibly derived and some are extraordinarily strained interpretations of those premises Fried concludes as a result that contemporary nonconsequentialist political philosophy has to date relied on weak justifications for some very strong conclusions

Talents and Distributive Justice Mitja Sardoč,2022-09-05 For much of its history the notion of talent has been associated with the idea of careers open to talent Its emancipatory promise of upward social mobility has ultimately radically transformed the distribution of advantaged social positions and has had a lasting influence on the very idea of social status itself Besides its inextricable link with equality of educational opportunity the notion of talent also came to be associated with some of the most pressing contemporary issues as diverse as the war for

talent brain drain immigration policies talent management global meritocracy the excellence gap the ownership of natural resources ability taxation etc Nevertheless while central to egalitarian conceptions of distributive justice the notion of talent remains to a large extent absent from the voluminous literature on these issues Unlike concepts traditionally associated with distributive justice such as fairness in equality equality of opportunity as well as justice itself the notion of talent has received only limited examination This volume brings together a set of contributions discussing some of the most pressing problems and challenges arising out of a reductionist understanding of talents anatomy a distorted characterisation of their overall distributive value or talents non voluntaristic nature and many other issues revolving around talents which existing conceptions of distributive justice in education leave either neglected or outrightly ignored The chapters in this book were originally published in the journal *Educational Philosophy and Theory*

Intergenerational Justice Axel Gosseries, Lukas H. Meyer, 2009-05-21 Is it fair to leave the next generation a public debt Is it defensible to impose legal rules on them through constitutional constraints From combating climate change to ensuring proper funding for future pensions concerns about ethics between generations are everywhere In this volume sixteen philosophers explore intergenerational justice Part One examines the ways in which various theories of justice look at the matter These include libertarian Rawlsian sufficientarian contractarian communitarian Marxian and reciprocity based approaches In Part Two the authors look more specifically at issues relevant to each of these theories such as motivation to act fairly towards future generations the population dimension the formation of preferences through education and how they impact on our intergenerational obligations and whether it is fair to rely on constitutional devices

Arguing About Political Philosophy Matt Zwolinski, Mario I. Juarez-Garcia, 2025-07-31 This third edition of *Arguing About Political Philosophy* is the most complete up to date and interdisciplinary anthology of its kind Its selections cover classic philosophical sources such as those from Thomas Hobbes and John Rawls important works in political economy from thinkers like Adam Smith Friedrich Hayek and Karl Marx and the writing of cutting edge contemporary theorists like Debra Satz Jason Brennan and Ta Nehisi Coates The third edition has been substantially revised to make it more suitable for a growing number of courses in philosophy politics and economics PPE New topics and new readings help to explore the intersection of these three disciplines at a theoretical level and how they help us to think about challenging practical problems like regulating sweatshop labor reconciling immigration policy with social justice and thinking about the virtues and limits of democracy In addition to offering sections on foundational concepts political economy and contemporary debates in political philosophy the third edition contains a brand new section on political ideologies with a new introduction and accessible readings setting out the main features of liberalism socialism conservatism and libertarianism The updated Instructor and Student Resource website www.routledge.com/cw/zwolinski offers valuable resources for instructors and students alike including sample quizzes exams and writing assignments extensive study questions for each reading and an online version of the What's Your Political Philosophy self

assessment Key Updates to the Third Edition Includes more interdisciplinary readings from economists and political scientists Contains readings that make the volume a better fit for new programs in philosophy politics and economics PPE Offers a better representation of diverse ideological perspectives Provides new coverage of emerging topics like reparations for past injustice sweatshop labor immigration policy effective altruism and the value of democracy Updates the important parts on the book's website sample quizzes exams and writing assignments extensive study questions for each reading and an online version of the What's Your Political Philosophy self assessment

International Encyclopedia of Political Science Bertrand Badie, Dirk Berg-Schlosser, Leonardo Morlino, 2011-09-07 With entries from leading international scholars from around the world this eight volume encyclopedia offers the widest possible coverage of key areas both regionally and globally The International Encyclopedia of Political Science provides a definitive comprehensive picture of all aspects of political life recognizing the theoretical and cultural pluralism of our approaches and including findings from the far corners of the world The eight volumes cover every field of politics from political theory and methodology to political sociology comparative politics public policies and international relations Entries are arranged in alphabetical order and a list of entries by subject area appears in the front of each volume for ease of use The encyclopedia contains a detailed index as well as extensive bibliographical references Filling the need for an exhaustive overview of the empirical findings and reflections on politics this reference resource is suited for undergraduate or graduate students who wish to be informed effectively and quickly on their field of study for scholars seeking information on relevant research findings in their area of specialization or in related fields and for lay readers who may lack a formal background in political science but have an interest in the field nonetheless The International Encyclopedia of Political Science provides an essential authoritative guide to the state of political science at the start of the 21st century and for decades to come making it an invaluable resource for a global readership including researchers students citizens and policy makers The encyclopedia was developed in partnership with the International Political Science Association Key Themes Case and Area Studies Comparative Politics Theory and Methods Democracy and Democratization Economics Epistemological Foundations Equality and Inequality Gender and Race Ethnicity International Relations Local Government Peace War and Conflict Resolution People and Organizations Political Economy Political Parties Political Sociology Public Policy and Administration Qualitative Methods Quantitative Methods Religion

Social and Political Philosophy John Christman, 2017-10-02 This accessible book is invaluable to anyone coming to social and political philosophy for the first time It provides a broad survey of key social and political questions in modern society as well as clear discussions of the philosophical issues central to those questions and to political thought more generally Unique among books of this kind is a sustained treatment of specifically social philosophy including topics such as epistemic injustice pornography marriage sexuality and the family The relation between such social questions and specifically political topics is discussed These topics include political authority economic justice the limits of tolerance considerations of

community race gender and culture in questions of justice and radical critiques of current political theories Updates to the Second Edition emphasize the non statist areas of the subject and include two brand new chapters on social philosophy and transnational justice This Second Edition also includes revisions throughout and coverage of recent theoretical discussions and world events

The Oxford Handbook of Freedom David Schmidtz, Carmen E. Pavel, 2018 We speak of being free to speak our minds free to go to college free to move about we can be cancer free debt free worry free or free from doubt The concept of freedom and relatedly the notion of liberty is ubiquitous but not everyone agrees what the term means and the philosophical analysis of freedom that has grown over the last two decades has revealed it to be a complex notion whose meaning is dependent on the context The Oxford Handbook of Freedom will crystallize this work and craft the first wide ranging analysis of freedom in all its dimensions legal cultural religious economic political and psychological This volume includes 28 new essays by well regarded philosophers as well some historians and political theorists in order to reflect the breadth of the topic This handbook covers both current scholarship as well as historical trends with an overall eye to how current ideas on freedom developed The volume is divided into six sections conceptual frames framing the overall debates about freedom historical frames freedom in key historical periods from the ancients onward institutional frames freedom and the law cultural frames mutual expectations on our right to be free economic frames freedom and the market and lastly psychological frames free will in philosophy and psychology

The Oxford Handbook of Distributive Justice Serena Olsaretti, 2018 Distributive justice has come to the fore in political philosophy how should we arrange our social and economic institutions so as to distribute benefits and burdens fairly Thirty eight leading figures from philosophy and political theory present specially written critical assessments of the key issues in this flourishing area of research

Property and Justice Billy Christmas, 2021-03-30 This book gives an account of a full spectrum of property rights and their relationship to individual liberty It shows that a purely deontological approach to justice can deal with the most complex questions regarding the property system Moreover the author considers the economic ecological and technological complexities of our real world property systems The result is a more conceptually sound account of natural rights and the property system they demand If we think that liberty should be at the centre of justice what does that mean for the property system Economists and lawyers widely agree that a property system must be composed of many different types of property the kind of private ownership one has over one's person and immediate possessions as well as the kinds of common ownership we each have in our local streets as well as many more However theories of property and justice have not given anything approaching an adequate account of the relationship between liberty and any other form of property other than private ownership It is often thought that a basic commitment to liberty cannot really tell us how to arrange the major complexities of the property system which diverge from simple private ownership Property and Justice demonstrates how philosophical rigour coupled with interdisciplinary engagement enables us to think clearly about how to deal with real world problems It will be of interest to

political philosophers political theorists and legal theorists working on property rights and justice *New Essays in Political and Social Philosophy* Ellen Frankel Paul, Fred D. Miller, Jr, Jeffrey Paul, 2013-08-30 Whether it is a result of nature the consequence of a choice to escape the state of nature or the outcome of some other process of deliberation the fact of human association gives rise to recurrent themes in political and social philosophy The character and requirements of justice the profile of political legitimacy and the relationship between the powers of government and the rights of the governed are some of the subjects of ongoing consideration and debate in the disciplines of philosophy political theory economics and law This volume represents a contribution to the investigation of these issues of perennial interest and import featuring essays whose authors hope to extend deepen and in some cases move in new directions the current state of discussion **The Oxford Handbook of Political Philosophy** David Estlund, 2012-05-21 Even though political philosophy has a long tradition it is much more than the study of old and great treatises Contemporary philosophers continue to press new arguments on old and timeless questions but also to propose departures and innovations The field changes over time and new work inevitably responds both to events in the world and to the directions of thought itself This volume includes 22 new pieces by leaders in the field on both perennial and emerging topics of keen interest to contemporary political philosophers In addition to longstanding issues such as Authority Equality and Freedom and Democracy there are articles on less classical topics such as Race Historical Injustice Deliberation Money and Politics Global Justice and Ideal and Non Ideal Theory All of the pieces combine clarity and accessibility with a top scholar's critical and original point of view The introductory essay briefly situates this snapshot of the state of the art in a broader view of developments in political philosophy in the last 40 years and looks forward to future developments Students and scholars alike will find the pieces to be valuable not only surveys but as provocations to think further about the questions puzzles and practical problems that animate recent work in political philosophy The issues will be of interest to many working in philosophy political science law economics and more

Theories of Distributive Justice Jeppe Platz, 2020-02-14 How should we design our economic systems Should we tax the rich at a higher rate than the poor Should we have a minimum wage Should the state provide healthcare for all These and many related questions are the subject of distributive justice and different theories of distributive justice provide different ways to think about and answer such questions This book provides a thorough introduction to the main theories of distributive justice and reveals the underlying sources of our disagreements about economic policy It argues that the universe of theories of distributive justice is surprisingly simple yet complicated It is simple in that the main theories of distributive justice are just four in number and in that these theories each offer a distinct well defined theoretical approach to distributive justice yet it is complicated in that the main theories disagree at several distinct fundamental levels and in that it is possible to spin innumerable new theories from the elements of the four main theories **Key Features** Covers the four major theories of distributive justice and their leading philosophers elucidating the attractions and drawbacks of each

Friedrich A von Hayek and right liberalism John Rawls and left liberalism Robert Nozick and libertarianism Gerald A Cohen and socialism Explains why these four theories have come to dominate most philosophical discussions on distributive justice highlighting the essential answer provided in each that is lacking in other theories Written for any reader interested in the topic with an annotated reading list at the end of each chapter and helpful glossary at the back of the book **Theories of Justice** Alejandra Mancilla, 2017-05-15 Forty years ago in his landmark work *A Theory of Justice* the American philosopher John Rawls depicted a just society as a fair system of cooperation between citizens regarded as free and equal persons Justice Rawls famously claimed is the first virtue of social institutions Ever since then moral and political philosophers have expanded expounded and criticized Rawls's main tenets from perspectives as diverse as egalitarianism left and right libertarianism and the ethics of care This volume of essays provides a general overview of the main strands in contemporary justice theorising and features the most important and influential theories of justice from the post Rawlsian era These theories range from how to build a theory of justice and how to delineate its proper scope to the relationship between justice and equality justice and liberty and justice and desert Also included is the critique of the Rawlsian paradigm especially from feminist perspectives and from the growing strand of non ideal theory as well as consideration of more recent developments and methodological issues **Encyclopedia of Business Ethics and Society** Robert W. Kolb, 2007-08-21 2008 Best Reference Library Journal As a field of study business ethics aims to specify the principles under which businesses must operate to behave ethically Thus business ethics focuses on such issues as those that have recently attracted so much public scrutiny executive compensation honesty in accounting transparency treatment of stakeholders and respect for the environment These are in fact perennial questions that accompany the long history of human economic activity and that will also be present through an indeterminate future The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society that stems from their shared primary concern with value in commerce This Encyclopedia spans the relationships among business ethics and society by including more than 800 entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment Key Features Embraces commerce in all of its ethical and social dimensions Offers comprehensive and fairly lengthy essays on such crucial topics as justice freedom stakeholder theory and regulation Provides very brief essays that introduce important personages in the field while other similarly brief entries explain the nature and function of various organizations Includes contributions from respected authorities in the fields of management psychology sociology communication political science philosophy and other related fields Cross references to other entries in the Encyclopedia and includes a list of references and suggested readings for each article Key Themes Accounting Applied Ethics Corporate Management and the Environment Corporate Powers Organization and Governance Corporations in the Social Sphere Customers and Consumers Economics

and Business Employee Issues Environmental Thought Theory Regulation and Legislation Ethical Thought and Theory Finance Gender Age Ethnicity Diversity and Sexual Preference Information Systems International Social and Ethical Issues Justice Legislation and Regulation Management Marketing Organizations Political Theory Thought and Policy Problematic Practices Rights The Encyclopedia of Business Ethics and Society is the premier reference tool for students scholars practitioners and others interested in gaining knowledge of the role business plays with regard to the environment in which it exists making it a must have resource for all academic libraries

Distributive Justice and Access to Advantage Alexander Kaufman, 2014-12-04 G A Cohen was one of the world's leading political theorists. He was noted in particular for his contributions to the literature of egalitarian justice. Cohen's classic writings offer one of the most influential responses to the currency of the egalitarian justice question: the question that is of whether egalitarians should seek to equalize welfare resources, opportunity, or some other indicator of well-being. Underlying Cohen's argument is the intuition that the purpose of egalitarianism is to eliminate disadvantage for which it is inappropriate to hold the person responsible. His argument therefore focuses on the appropriate role of considerations regarding responsibility in egalitarian judgment. This volume comprises chapters by major scholars addressing and responding both to Cohen's account of the currency of egalitarian justice and its practical implications and to Cohen's arguments regarding the appropriate form of justificatory arguments about justice.

Treatment for Crime David Birks, Thomas Douglas, 2018-11-01 Preventing recidivism is one of the aims of criminal justice, yet existing means of pursuing this aim are often poorly effective, highly restrictive of basic freedoms, and significantly harmful. Incarceration, for example, tends to be disruptive of personal relationships and careers, detrimental to physical and mental health, restrictive of freedom of movement, and rarely more than modestly effective at preventing recidivism. Crime preventing neurointerventions (CPNs) are increasingly being advocated, and there is a growing use of testosterone lowering agents to prevent recidivism in sexual offenders, and strong political and scientific interest in developing pharmaceutical treatments for psychopathy and anti-social behaviour. Future neuroscientific advances could yield further CPNs we could ultimately have at our disposal a range of drugs capable of suppressing violent aggression, and it is not difficult to imagine possible applications of such drugs in crime prevention. Neurointerventions hold out the promise of preventing recidivism in ways that are both more effective and more humane. But should neurointerventions be used in crime prevention? And may the state ever permissibly impose CPNs as part of the criminal justice process, either unconditionally or as a condition of parole or early release? The use of CPNs raises several ethical concerns as they could be highly intrusive and may threaten fundamental human values such as bodily integrity and freedom of thought. In the first book-length treatment of this topic, *Treatment for Crime* brings together original contributions from internationally renowned moral and political philosophers to address these questions and consider the possible issues, recognizing how humanity has a track record of misguided, harmful, and unwarrantedly coercive use of neurotechnological solutions to criminality. *The Engaging Philosophy*

series is a new forum for collective philosophical engagement with controversial issues in contemporary society **Liberal Freedom** Eric MacGilvray,2022-09-15 Provides a novel defense of liberalism that weaves together a commitment to republican self government an emphasis on the value of unregulated choice and an appreciation of how hard it is to strike a balance between them An indispensable resource for constructive dialogue in a time of political polarization In the Name of Liberty Mark R. Reiff,2020-04-30 For years now unionization has been under vigorous attack Membership has been steadily declining and with it union bargaining power As a result unions may soon lose their ability to protect workers from economic and personal abuse as well as their significance as a political force In the Name of Liberty responds to this worrying state of affairs by presenting a new argument for unionization one that derives an argument for universal unionization in both the private and public sector from concepts of liberty that we already accept In short In the Name of Liberty reclaims the argument for liberty from the political right and shows how liberty not only requires the unionization of every workplace as a matter of background justice but also supports a wide variety of other progressive policies

Left Libertarianism And Its Critics The Contemporary Debate Introduction

In today's digital age, the availability of Left Libertarianism And Its Critics The Contemporary Debate books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Left Libertarianism And Its Critics The Contemporary Debate books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Left Libertarianism And Its Critics The Contemporary Debate books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Left Libertarianism And Its Critics The Contemporary Debate versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Left Libertarianism And Its Critics The Contemporary Debate books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Left Libertarianism And Its Critics The Contemporary Debate books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Left Libertarianism And Its Critics The Contemporary Debate books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer

academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Left Libertarianism And Its Critics The Contemporary Debate books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Left Libertarianism And Its Critics The Contemporary Debate books and manuals for download and embark on your journey of knowledge?

FAQs About Left Libertarianism And Its Critics The Contemporary Debate Books

What is a Left Libertarianism And Its Critics The Contemporary Debate PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Left Libertarianism And Its Critics The Contemporary Debate PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Left Libertarianism And Its Critics The Contemporary Debate PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Left Libertarianism And Its Critics The Contemporary Debate PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Left Libertarianism And Its Critics The Contemporary Debate PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features.

PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
