Legacies The Story Of The Immigrant Second Generation:

Legacies Prof. Alejandro Portes, Prof. Rubén G. Rumbaut, 2001-05-31 One out of five Americans more than 55 million people are first or second generation immigrants This landmark study the most comprehensive to date probes all aspects of the new immigrant second generation s lives exploring their immense potential to transform American society for better or worse Whether this new generation reinvigorates the nation or deepens its social problems depends on the social and economic trajectories of this still young population In Legacies Alejandro Portes and Rub n G Rumbaut two of the leading figures in the field provide a close look at this rising second generation including their patterns of acculturation family and school life language identity experiences of discrimination self esteem ambition and achievement Based on the largest research study of its kind Legacies combines vivid vignettes with a wealth of survey and school data Accessible engaging and indispensable for any consideration of the changing face of American society this book presents a wide range of real life stories of immigrant families from Mexico Cuba Nicaragua Colombia the Dominican Republic Haiti Jamaica Trinidad the Philippines China Laos Cambodia and Vietnam now living in Miami and San Diego two of the areas most heavily affected by the new immigration The authors explore the world of second generation youth looking at patterns of parent child conflict and cohesion within immigrant families the role of peer groups and school subcultures the factors that affect the children s academic achievement and much more A companion volume to Legacies entitled Ethnicities Children of Immigrants in America was published by California in Fall 2001 Edited by the authors of Legacies this book will bring together some of the country s leading scholars of immigration and ethnicity to provide a close look at this rising second generation A Copublication with the Russell Sage Foundation **Legacies** Alejandro Portes, 2001 **Asian Americans** Pyong Gap Min, 2006 Compared to many existing texts on this subject which tend to take a rather historical approach this book focuses on more contemporary Asian experiences Thus Min has provided a new tool for those of use who have looked for adequate material to teach current Asian American trends in advanced undergraduate courses in the sociology of race as well as in ethnic studies Encompassing a variety of perspectives from prominent scholars makes this book a valuable device to examine the less visible aspects of Asian Americans lives Students and educators alike would certainly benefit from diligent study of this text TEACHING SOCIOLOGY reviewed October 2006 by Etsuko Maruoka SUNY Stony Brook Offering a broad overview of the Asian American experience Asian Americans provides an accessible resource for all students interested in the expanding and important Asian American population While historical information is provided for each group the main focus is on the variables and issues that impact Asian American life today The scholars who author the chapters look at topics such as labor force participation and economic status educational achievements intermarriage intergroup relations and settlement patterns Photo essays help to enhance the presentations Key Features Covers the Asian American population as a whole as well as individual ethnic groups i e Korean Americans Indian Americans etc Covers theories as well as providing sociological data to

illustrate issues for Asian Americans as a whole and as individual groups Visual essays on the following topics provide powerful illustrations of the text content Filipino Americans Japanese Americans Korean Americans Chinese Americans South Asian Americans Southeast Asian Americans Economic Adaptation Second Generation Experiences Updated to not only include information derived from 2000 Census data but also has a focus on the second generation experience Ethnicities Rubén G. Rumbaut,Alejandro Portes,2001-09-10 The contributors to this volume probe systematically and in depth the adaptation patterns and trajectories of concrete ethnic groups They provide a close look at this rising second generation by focusing on youth of diverse national origins Mexican Cuban Nicaraguan Filipino Vietnamese Haitian Jamaican and other West Indian coming of age in immigrant families on both coasts of the United States Their analyses draw on the Children of Immigrants Longitudinal Study the largest research project of its kind to date Ethnicities demonstrates that while some of the ethnic groups being created by the new immigration are in a clear upward path moving into society s mainstream in record time others are headed toward a path of blocked aspirations and downward mobility The book concludes with an essay summarizing the main findings discussing their implications and identifying specific lessons for theory and policy

The History of Migration in Europe Francesca Fauri, 2014-10-03 The History of Migration in Europe belies several myths by arguing for example that immobility has not been the normal condition of people before the modern era Migration far from being an income maximizing choice taken by lone individuals is often a household strategy and local wages benefit from migration This book shows how successes arise when governments liberalize and accompany the international movements of people with appropriate legislation while failures take place when the legislation enacted is insufficient belated or ill shaped Part I of this book addresses mainly methodological issues Past and present migration is basically defined as a cross cultural movement cultural boundaries need prolonged residence and active integrationist policies to allow cross fertilization of cultures among migrants and non migrants Part II collects chapters that examine the role of public bodies with reference to migratory movements depicting a series of successes and failures in the migration policies through examples drawn from the European Union or single countries Part III deals with challenges immigrants face once they have settled in their new countries Do immigrants seek integration in their host culture Through which channels is such integration achieved and what roles are played by citizenship and political participation What is the identity of migrants and their children born in the host countries This text's originality stems from the fact that it explains the complex nature of migratory movements by incorporating a variety of perspectives and using a multi disciplinary approach including economic political and sociological contributions

The Making of Modern Immigration Patrick J. Hayes, 2012-02-13 Combining the insight of two dozen expert contributors to examine key figures events and policies over 200 years of U S immigration history this work illuminates the foundations of the ethnic and socioeconomic makeup of our nation The two volume The Making of Modern Immigration An Encyclopedia of People and Ideas is organized around a series of four dozen in depth essays on specific aspects of American immigration history since the founding of the Republic This encyclopedia addresses the major historical themes and contemporary research trends related to U S immigration canvassing all the major policy endeavors on immigration in the last two centuries In addition to documenting immigration policy the contributors devote extensive attention to the historiography of immigration supplementing theories with cutting edge sociological data Not content with providing a comprehensive overview of immigration history however the work also offers probing investigations of key figures behind the ideas that have shaped the nation's self understanding Taken as a whole this seminal work lifts out the personalities and policies that surround the composition of America's national identity illuminating the past as a series of lessons for the future

Immigration, Incorporation and Transnationalism Elliott Robert Barkan, 2017-07-05 Immigration Incorporation and Transition is an intriguing collection of articles and essays It was developed to commemorate

the twenty fifth anniversary of The Journal of American Ethnic History Its purpose like that of the Immigration and Ethnic History Society is to integrate interdisciplinary perspectives and exciting new scholarship on important themes and issues related to immigration and ethnic history Handbook of the Economics of International Migration Barry Chiswick,Paul W. Miller,2014-11-04 The economic literature on international migration interests policymakers as well as academics throughout the social sciences These volumes the first of a new subseries in the Handbooks in Economics describe and analyze scholarship created since the inception of serious attention began in the late 1970s This literature appears in the general economics journals in various field journals in economics especially but not exclusively those covering labor market and human resource issues in interdisciplinary immigration journals and in papers by economists published in journals associated with history sociology political science demography and linguistics among others Covers a range of topics from labor market outcomes and fiscal consequences to the effects of international migration on the level and distribution of income and everything in between Encompasses a wide range of topics related to migration and is multidisciplinary in some aspects which is crucial on the topic of migration Appeals to a large community of scholars interested in this topic and for whom no overviews or summaries exist Gender, Race and Religion Martin Bulmer,John Solomos,2014-01-02 Gender Race and Religion brings together a selection of original papers published in Ethnic and Racial Studies that address the intersections between gender relations race and religion in our contemporary environment Chapters address both theoretical and empirical aspects of this phenomenon and although written from the perspective of quite different national social and political situations they are linked by a common concern to analyze the interface between gender and other situated social relationships from both a conceptual and a policy angle These are issues that have been the subject of intense scholarly research and analysis in recent years as well as forming part of public debates about the significance of gender race and religion as sites of identity formation and mobilization in our changing global environment The substantive chapters bring together insights from both theoretical reflection and empirical research in order to investigate particular facets of these questions Gender Race and Religion addresses issues that are at the heart of contemporary scholarly debates in the field of race and ethnic studies and engages with important questions in policy and public debates This book was originally published as a special issue of Ethnic and Racial Studies Inequality, Power and School Success Gilberto Conchas,Michael Gottfried,2015-04-10 This volume highlights issues of power inequality and resistance for Asian African American and Latino students in distinct U S and international contexts Through a collection of case studies it links universal issues relating to inequality in education such as Asian Latino and African American males in the inner city neighborhoods Latina teachers and single mothers in California undocumented youth from Mexico and El Salvador immigrant Moroccan youth in Spain and immigrant Afro Caribbean and Indian teenagers in New York and in London The volume explores the processes that keep students thriving academically and socially and outlines the patterns that exist among individuals students teachers parents

to resist the hegemony of the dominant class and school failure With emphasis on racial formation theory this volume fundamentally argues that education despite inequality remains the best hope of achieving the American dream

Immigrant Children Susan S. Chuang, Robert P. Moreno, 2011-06-16 Over the past several decades the demographic populations of many countries such as Canada as well as the United States have greatly transformed Most striking is the influx of recent immigrant families into North America As children lead the way for a new North America this group of children and youth is not a singular homogenous group but rather a mosaic and diverse ethnic racial and cultural group Thus our current understanding of normative development covering social psychological cognitive language academic and behavioral development which has been generally based on middle class Euro American children may not necessarily be optimal development for all children Researchers are widely recognizing that the theoretical frameworks and models of child development lack the sociocultural and ethnic sensitivities to the ways in which developmental processes operate in an ecological context As researchers progress and develop promising forms of methodological innovation to further our understanding of immigrant children little effort has been placed to collectively organize a group of scholarly work in a coherent manner Some researchers who examine ethnic minority children tended to have ethnocentric notions of normative development Thus some ethnic minority groups are understood within a deficit model with a limited scope of topics of interest Moreover few researchers have specifically investigated the acculturation process for children and the implications for cultural socialization of children by ethnic group This book represents a group of leading scholars cutting edge research which will not only move our understanding forward but also to open up new possibilities for research providing innovative methodologies in examining this complex and dynamic group Immigrant Children Change Adaptation and Cultural Transformation will also take the research lead in guiding our current knowledge of how development is influenced by a variety of sociocultural factors placing future research in a better position to probe inherent principles of child development In sum this book will provide readers with a richer and more comprehensive approach of how researchers social service providers and social policymakers can examine children and immigration

Multiculturalism and Integration Michael Clyne, James Jupp, 2011-07-01 Multiculturalism has been the official policy of all Australian governments Commonwealth and State since the 1970s It has recently been criticised both in Australia and elsewhere Integration has been suggested as a better term and policy Critics suggest it is a reversion to assimilation However integration has not been rigorously defined and may simply be another form of multiculturalism which the authors believe to have been vital in sustaining social harmony

Chinese Migration and Families-At-Risk Ko Ling Chan, 2015-10-05 Migration has played a significant role throughout Chinese history Over the past few decades the movements of the Chinese people representing as they do a huge proportion of the world population have attracted increasing attention both domestically and globally Chinese migration is often a particularly complex phenomenon On one hand its characteristics have been shaped in many ways by numerous social

political and economic changes throughout the world while on the other it has profound influences on the host countries and on China itself Detailed investigation of the changing profiles of Chinese migrants the reasons behind their movements the challenges they face and the strategies they use to cope with these problems will have significant implications for future policy making and practice Chinese Migration and Families At Risk contributes to a better understanding of the various facets of Chinese migration Its chapters address different concerns related to Chinese migration in the modern world including the patterns and influences of internal migration within China the issues related to migration from mainland China to Hong Kong a special administrative region in China and the history features and impact of Chinese migration to Western countries Grounded in recent and contemporary research and scholarly inquiry Chinese Migration and Families At Risk provides a comprehensive and critical review of the essential issues related to Chinese migrant families and is undoubtedly a vital book for all who want to have a deeper understanding of the trends and current situation of Chinese migration

Levesque, 2014-07-08 The Encyclopedia of Adolescence breaks new ground as an important central resource for the study of adolescence Comprehensive in breath and textbook in depth the Encyclopedia of Adolescence with entries presented in easy to access A to Z format serves as a reference repository of knowledge in the field as well as a frequently updated conduit of new knowledge long before such information trickles down from research to standard textbooks By making full use of Springer's print and online flexibility the Encyclopedia is at the forefront of efforts to advance the field by pushing and creating new boundaries and areas of study that further our understanding of adolescents and their place in society Substantively the Encyclopedia draws from four major areas of research relating to adolescence The first broad area includes research relating to Self Identity and Development in Adolescence This area covers research relating to identity from early adolescence through emerging adulthood basic aspects of development e g biological cognitive social and foundational developmental theories In addition this area focuses on various types of identity gender sexual civic moral political racial spiritual religious and so forth The second broad area centers on Adolescents Social and Personal Relationships This area of research examines the nature and influence of a variety of important relationships including family peer friends sexual and romantic as well as significant nonparental adults The third area examines Adolescents in Social Institutions This area of research centers on the influence and nature of important institutions that serve as the socializing contexts for adolescents These major institutions include schools religious groups justice systems medical fields cultural contexts media legal systems economic structures and youth organizations Adolescent Mental Health constitutes the last major area of research This broad area of research focuses on the wide variety of human thoughts actions and behaviors relating to mental health from psychopathology to thriving Major topic examples include deviance violence crime pathology DSM normalcy risk victimization disabilities flow and positive youth development **Beyond Stereotypes**, 2010-01-01 In an era of ever increasing anti immigrant sentiment and in the face of the worst economic recession since the

great depression this book presents a timely compassionate and often moving glimpse into the lives of second generation children of immigrants in urban schools The editors and distinguished immigration scholars researchers and educators in this book provide compelling research and data that focuses on the effects of ethnic stereotyping on the educational outcomes of youth whose roots span the globe from Puerto Rico to Japan and from Mexico to India as they struggle to construct identities and make a place for themselves in these United States These young people mostly born in America and attending American schools must never the less carry the burden of the stereotypes imposed upon their parents and ethnic groups How they manage to navigate an often biased and unjust system circumvent roadblocks and recreate themselves as bicultural or hybrid American citizens makes for a story of courage resiliency and transformation that restores hope in the fulfillment of the American dream and lends credence to the Emma Lazarus quote inscribed on the mother of exiles statue that graces the New York skyline Send these the homeless tempest tost to me I lift my lamp beside the golden door Additionally the authors present sane and knowledgeable solutions for supporting the education and emotional psychological social growth of these young people in our schools our classrooms and our lives U.S. Immigration Michael C. LeMay,2003-12-05 An expert examination of U S immigration law and its various reforms from 1965 to the present U S Immigration A Reference Handbook is an authoritative timely and balanced review of immigration law in the United States This title ranges from the Kennedy law of 1965 to the recent restructuring of the Immigration and Naturalization Service as a part of the creation of the new Department of Homeland Security The work offers a clear look at historic and ongoing immigration problems in the United States and the reforms enacted to address them It provides insightful summaries of key statutes and landmark court cases as well as biographical profiles of the principal players in U S immigration policy Coverage includes problems within our borders such as legal and political attempts to control illegal immigration to global concerns including terrorism epidemics and economic and trade issues **Research Handbook on the Sociology of Migration** Giuseppe Sciortino,Martina Cvajner,Peter J. Kivisto,2024-01-18 Adeptly navigating one of the most pressing issues on the current global agenda this topical Research Handbook provides a comprehensive and research based exploration of the sociology of migration As well as highlighting the field s achievements and current challenges it explores key concepts used in current research methods employed and the spheres and contexts in which migrants participate **Redefining Multicultural Families in South Korea** Minjeong Kim,Hyeyoung Woo,2022-06-17 Redefining Multicultural Families in South Korea provides an in depth look at the lives of families in Korea that include immigrants Ten original chapters in this volume written by scholars in multiple social science disciplines and covering different methodological approaches aim to reinvigorate contemporary discussions about these multicultural families Specially the volume expands the scope of multicultural families by examining the diverse configurations of families with immigrants who crossed the Korean border during and after the 1990s such as the families of undocumented migrant workers divorced marriage immigrants and the

families of Korean women with Muslim immigrant husbands Second instead of looking at immigrants as newcomers the volume takes a discursive turn viewing them as settlers or first generation immigrants in Korea whose post migration lives have evolved and whose membership in Korean society has matured by examining immigrants identities need for political representation their fights through the court system and the aspirations of second generation immigrants
