**Conflicts of Interest** Marÿa Amparo Ruiz de Burton, 2001-04-30 Mar a Amparo Ruiz de Burton the recently discovered nineteenth century novelist broke many of the boundaries that circumscribed the life of both women and Hispanics in the southwestern territories of the United States Not only was she the first Hispanic novelist to write English but her courage and resolve took her into the circles of governmental and financial power where very few women had tread before *Conflicts of Interest* captures the conflicted personality of Mar a Amparo Ruiz de Burton a woman pulled in different directions by tensions of class race gender and nationality The trajectory of Ruiz de Burtons life through her correspondence makes for a compelling and revealing narrative one that brings to life the evolution of discourse and culture in the Southwest as it was becoming integrated in the United States a process which some might argue continues today This volume is as complete a collection of the Ruiz de Burton letters as is possible given the imperfect historical record Included are various personal and business documents and a collection of articles about her family Among her correspondents were such important historical figures as Samuel L M Barlow E W Morse Prudenciana Moreno and Plat n Vallejo But this album is not a simple collection of letters and documents rather researchers S nchez and Pita have made great efforts to reconstitute Ruiz de Burtons life and times through their analysis and commentary *The Legacy of the Monroe Doctrine* David Dent, 1999-01-30 Each chapter

features a timeline of events in the history of U S involvement in that country and a list of suggested readings on the country and its relationship with the U S A glossary explains key terms used throughout the book Comparative tables and charts put inter American relations in perspective A selection of editorial cartoons from the 1980s offers biting commentary on U S relations with its Latin American neighbors Designed to meet the information needs of high school and college students and the general public this reference work provides both historical perspective and timely analysis of current problems confronting the U S and its neighbors to the south *New Acoustics* Francisco Ramón Montero de Espinosa Freijo, 2006 Se

### **Crimes against Humanity in the 21st Century**

Robert Dubler SC,Matthew Kalyk,2018-07-23 In Crimes Against Humanity in the 21st Century Dr Robert Dubler SC and Matthew Kalyk provide a comprehensive analysis of crimes against humanity in international criminal law The text tracks the crime from its conceptual origins in antiquity to its emergence in customary international law at Nuremberg to the establishment of the modern definition at the Hague with the ICTY ICTR and ICC and finally to recent state practice and jurisprudence The text sets out conclusions about the legal elements of the crime and contends that the *raison d'être* of the crime is located not in the inhumanity of its authors actions but in the extent to which its authors threaten international peace and security so as to justify international intervention With a foreword by Geoffrey Robertson QC
