Legacy Of Love My Education In The Path Of Nonviolence:

Legacy of Love Arun Gandhi, 2003 Mahatma Gandhi's grandson discusses his own path to non violence which like his famous grandfather began in racist South Africa and led to a life of social activism and advocacy Original [Legacy of Love](#) Arun Gandhi, 2003 Born in 1934 in South Africa where he was subject to the daily injustices of apartheid and raised in a family dedicated to nonviolent social reform Dr Gandhi writes with rare authority and insight His narrative draws primarily upon the experiences as a youth in India where he lived with his grandfather during the last eighteen months of the Mahatma's life

Social Work in the Age of Disconnection Michael Jarrette-Kenny, Miriam Jaffe, 2022-05-05 This edited text brings together the stories of nine clinical social workers working during COVID 19 exploring the disconnections caused by a forced use of technology as well as the disconnections apparent in a time of social injustice Employing narrative strategies to capture this transformative moment of our history these chapters explore the effects of technology and social media on psychotherapy the delivery of services for the chronically mentally ill and elderly as well as the consequences of recent cultural shifts on our conceptions of gender sexuality race the immigrant experience and political activism While traditional research methodologies tend to address social problems as if they were divorced from the lives and experiences of human beings these chapters employ phenomenological description of how the existing system functions to identify theory to practice gaps and to recover the experiences of the person within the various institutional structures Divided into three parts each chapter begins with pre reading and close reading questions and ends with writing prompts allowing for practitioners and students to examine their own thoughts and put what they have learnt into practice Suitable for students of clinical social work and practicing mental health professionals this book is essential for those wanting to make sense of social work practice in our constantly evolving times

[Becoming Gandhi](#) Perry Garfinkel, 2024-01-30 The

fascinating quest of a New York Times contributor to follow Mahatma Gandhi's code of ethics in modern times and to discover what it actually takes to Be the change you want to see in the world Mahatma Gandhi championed truth and nonviolence led the struggle for India's independence and staunchly stood up for the marginalized When I despair he said I remember that all through history the way of truth and love has always won In *Becoming Gandhi* veteran journalist and author Perry Garfinkel sets out on a three year quest to examine how Gandhi's ideals have held up in a world beset by troubling trends As I saw myself and society moving further away from a moral point of view Garfinkel states I wanted to see if an ordinary person living in the 21st century could like Gandhi follow a morally driven game plan While tracing Gandhi's legacy through India England South Africa and even American communities where his spirit endures Garfinkel attempts to follow six of the key principles that guided the Mahatma's life Truth Practicing honesty in thoughts words and actions in an increasingly artificial world Nonviolence Choosing peace in our words behavior and even choice of entertainment Vegetarianism The complex ethics of deciding what we put in our mouths Simplicity How to find practical antidotes to conspicuous consumer culture Faith Exploring the meaning of our lives and our relationship with what we cannot know Celibacy wait really The search for a moral path between permissiveness and abstinence To many Gandhi was a beacon of hope to others a lightning rod for controversy As Perry Garfinkel found walking and even stumbling in Gandhi's footsteps can reveal how we each have a role to play in creating a more compassionate peaceful world Being Gandhi is unattainable Garfinkel observes But becoming more Gandhi like will continue to engage me as long as I live How about you *The Scandal of White Complicity in US Hyper-incarceration* A. Mikulich, L. Cassidy, M. Pfeil, 2013-02-05 The Scandal of White Complicity and US Hyper incarceration is a groundbreaking exploration of the moral role of white people in the disproportionate incarceration of African Americans and Latinos in the United States **Conflict Management in Nonprofits** Yashwant V. Pathak, 2025-03-31 Nonprofit organizations NPOs where citizens come together to solve societal problems promote civic engagement and create the building blocks of democracy are a major sector and employer both in the United States and the rest of the world This book addresses conflicts in the nonprofit organization sector and offers ways to resolve and manage these conflicts *Conflict Management in Nonprofits Volume 1* explores conflict management with regard to employees vs volunteers gender and inclusiveness mindfulness religious groups working with governmental organizations as well as political issues Perspectives on negotiation mediation and facilitation are presented throughout In this the first title in a two volume collection an exceptional set of renowned authors explore the topic of conflict management with a focus on secular nonprofits This book will be a valuable resource for academicians scholars students as well as social political activists and the layperson interested in volunteer driven nonprofit organization management **Creating a Nonviolent Culture in a Modern Organization** Miriam Baermann, 2021-12-21 Increasing violence amongst youth in society burn out as a widespread disease and scandals in companies are only some of the headlines which appear regularly in the news media

Politics scarcely seems to have any success in fighting violence and injustice in society and in the world The thesis here suggests that people do not have to wait for a savior such as a politician but that everyone can contribute to a less violent more peaceful and just world It will be demonstrated that organizations have an enormous influence on society and this book deals with the possibilities which an organization has to contribute to a less violent culture By the term organization all forms of organized groups of people who come together for a certain purpose are meant for example schools clubs public social aids and others whilst we mainly concentrate on companies in our research The intention is to focus particularly on the issues related to the theme of creating a nonviolent culture in the workplace In the first part on culture we deal with several questions regarding culture including such fundamental questions as What is organizational culture What are the dimensions of culture and is it possible to influence it and if yes how does it work In the second part we take a look at the terms violence and nonviolence and a survey of how these aspects occur in society and organizations is made The third part is the largest and deals with the qualities of leadership and with the organizational conditions which are necessary to create a nonviolent culture We hope it will become clearer to the reader that nonviolence is not a strategy or a formula to be used It can appear very different in different situations There are component elements which can promote it and there are certain principles that cannot be violated if one wishes to establish true nonviolence Nevertheless there is no one patent formula nor one exclusively correct way of creating a nonviolent culture It requires considerable creativity and endurance to create it and can take a variety of forms

Practicing Sustainability Guru Madhavan, Barbara Oakley, David Green, David Koon, Penny Low, 2012-10-19 Sustainability applies to everybody But everybody applies it differently by defining and shaping it differently much as water is edged and shaped by its container It is conceived in absolute terms but underpinned by a great diversity of relatively green and sometimes contradictory practices that can each make society only more or less sustainable In Practicing Sustainability chefs poets music directors evangelical pastors skyscraper architects artists filmmakers as well as scientific leaders entrepreneurs educators business executives policy makers and the contrarians shed light on our understanding of sustainability and the role that each of us can play Each contributor addresses what sustainability means what is most appealing about the concept and what they would like to change to improve the perception and practice of sustainability What emerges from their essays is a wide spectrum of views that confirm an important insight Sustainability is pursued in different ways not only due to different interpretations but also because of varying incentives trade offs and altruistic motives Practicing and achieving sustainability starts with a willingness to look critically at the concept It also means enabling rich and vigorous discussion based on pragmatism and common sense to determine a framework for best ideas and practices With time and the much needed critical thinking sustainable development will become a more integral part of our culture By sharing experiences and crisp insights from today's savants Practicing Sustainability serves as a stepping stone to the future

100 Years of Middle East Conflict - Honorable Peace Gottfried Hutter, 2019-02-23 Only

mutual compassion can bring reconciliation and lasting peace to the Middle East This conflict is about far more than just land The honor of Muslims was grossly violated when Israel was implanted next to one of the holiest sites of Islam al Haram ash Sharif in Jerusalem which in turn occupies the site of the former Jewish Temple For thirteen hundred years Jews had been able to live mostly in peace in the Muslim world because they subordinated themselves under the rule of Islam They could even attain high positions serving Caliphs With a State of their own this was no longer an option Under such changed conditions how could there be an honorable peace Only if Muslims recollect Surat 5 48 in the holy Koran which commands a competition in virtue among the religions of the book Jews can contribute by showing awareness of how shocking their sudden takeover of part of the land must have felt for the community of all Muslims and concurrently by pleading for understanding of the deadly threat that left Jewish survivors no choice when in 1947 the UN declared the partition of Palestine Even more important the very name Israel itself sprang up in the solution of an archetypal biblical conflict between brothers one pregnant with meaning for today Christians too have their share They must contribute by helping restore one of the most fundamental values of all three religions descending from Abraham namely peace

Growing America David A. Kidd, 2002-09 Vietnam veteran and teacher practitioner of Transcendental Meditation David Kidd first learned about the issue of global warming in 1988 and decided to do something about it He discovered that tree seedlings were relatively cheap and began to coordinate the planting of trees not merely in the tens nor the hundreds nor even the thousands but in the millions In eleven years Kidd along with over fifteen hundred schools and citizen groups throughout his native Ohio managed to plant an astonishing 12 million trees He ran as an independent candidate for the Ohio House of Representatives in 2002 and is a leading environmental activist with projects in Pennsylvania Iowa Virginia North Carolina Texas North Dakota South Dakota and Nebraska with new projects underway each year These projects are made available to community groups all over the world as Kidd advocates local communities owning their own work Growing America is the story of an extraordinary man It s about a man who made a commitment to be nonviolent when serving in Vietnam a man who looked for solutions rather than be overwhelmed by global problems a man who went against the advice of forestry services and bureaucracy and inspired ordinary citizens and local government to make a difference in their neighborhoods communities and throughout the state More than that Growing America is about civic involvement of making communities vibrant and healthy and inspiring all of us to help America flourish
