**Robin Wellford Slocum, Gina Nerger** 

Introduction to Classical Legal Rhetoric Michael H. Frost,2017-03-02 Lawyers law students and their teachers all too frequently overlook the most comprehensive adaptable and practical analysis of legal discourse ever devised the classical art of rhetoric Classical analysis of legal reasoning methods and strategy is the foundation and source for most modern theories on the topic Beginning with Aristotle's Rhetoric and culminating with Cicero's De Oratore and Quintilian's Institutio Oratoria Greek and Roman rhetoricians created a clear experience based theoretical framework for analyzing legal discourse This book is the first to systematically examine the connections between classical rhetoric and modern legal discourse It traces the history of legal rhetoric from the classical period to the present day and shows how modern theorists have unknowingly benefited from the classical works It also applies classical rhetorical principles to modern appellate briefs and judicial opinions to demonstrate how a greater familiarity with the classical sources can deepen our understanding of legal reasoning

Legal Reasoning, Writing, and Other Lawvering Skills Robin Wellford Slocum, Gina Nerger, 2022 The fourth edition of Legal Reasoning Writing and Other Lawyering Skills draws on lessons from neuroscience and psychology to deepen students understanding of self and others and of the emotional biases and filters that undermine their efforts to think like a lawyer The fourth edition retains the same core chapters of earlier editions that emphasize and illustrate the process of thinking through and writing about a client problem Within those core chapters however the fourth edition refines and adds clarity to foundational concepts For example the fourth edition distinguishes between types of client conclusions within legal analysis ultimate conclusions and legal issue conclusions and it breaks down the types of reasoning provided within court opinions explanatory reasoning and application reasoning These labels foster deeper understanding of the core concepts needed to engage in legal analysis The fourth edition also provides a more specific formula for successfully drafting rule statements for use within memorandums and briefs In addition the fourth edition retains chapters covering the practicalities of modern day legal practice with a focus on documents students will draft in day to day law practice from client letters email responses demand settlement letters and trial briefs The fourth edition adds a new chapter on drafting summary judgment briefs and introduces students to working with and citing record evidence It also adds additional exercises throughout for more hands on learning opportunities.
