Legally Blonde Musical Script:

Activated Script Analysis Elizabeth Brendel Horn, 2023-05-02 *Activated Script Analysis* engages theatre students in traditional formative script analysis through a fusion of devised theatre and various modes of creative expression dispelling the notion of script analysis as an isolated pen to paper task and reimagining it as a captivating and collaborative process. This book uses diverse contemporary plays to model the script analysis process for each of four Theatrical Elements: Given Circumstances, Character, Setting, and Structure. By considering each of these elements, readers can uncover patterns and themes within a dramatic text. Woven throughout the study of each theatrical element are Connections: Personal Connections, which encourage readers to explore a theatrical element within their own lives as though their lives were a script; Play Connections, which make abstract ideas presented in script analysis concrete through theatre-based play; Professional Connections, which examine how a theatre professional might analyze a script within their own work; and Performative Connections, which provide the opportunity for students to explore a theatrical element through performance using devised theatre strategies. At the end of each chapter, readers are given the opportunity to analyze a text through the lens of a Theatrical Element and to express their findings through a variety of digital, written, visual, and performance-based modes of expression. *Activated Script Analysis* is designed for undergraduate theatre students and educators to be used as the primary text in Script Analysis coursework or as a supplemental text in Acting or Directing courses. The book includes access to downloadable templates and example videos available at www.routledge.com/9781032125398. **Creating Musical Theatre** Lyn Cramer, 2013-07-18 *Creating Musical Theatre* features interviews with the directors and choreographers that make up today's Broadway elite: From Susan Stroman and Kathleen Marshall to newcomers Andy Blankenbuehler and Christopher Gattelli, this book features twelve creative artists, mostly director-choreographers, many of whom have also crossed over into film and television, opera and ballet.
