Carlsbad and Carlsbad Caverns Donna Blake Birchell, Carlsbad Public Library, 2010-03-01 Created by the visionary Charles B Eddy Carlsbad rose from the humble beginnings of a tent city to become a vital community on the banks of the Pecos River One of the largest irrigation projects known at that time made the transformation possible The Carlsbad Caverns discovered by James Larkin White and documented by local photographer Ray V Davis introduced the world to the wonders that lay beneath the desert surface World War II saw Carlsbad members of the 200th and 515th Coast Artillery units being thrown into the midst of the Bataan Death March With the discovery of a large deposit of potash east of town agriculture flourished nationwide and prosperity returned to the town As the country moved into the nuclear age Carlsbad once again played a significant role The detonation of the Gnome Project in 1961 and the Waste Isolation Pilot Plant of the present day have provided the country with vital knowledge and nuclear waste storage **Eddy County** Donna Blake Birchell, 2011 Eddy County's 4 198 square miles were carved from the massive land holdings of Lincoln County then the largest county in the United States on February 25 1889 Early Spanish explorers and Native Americans had used the seemingly endless water

supply of the Pecos River which bisects the county as a trail to the north Seven Rivers the first settlement in the Pecos Valley battled the newly formed town of Eddy for the honor of remaining county seat Eddy won by a vote of 331 for and 83 against Although born in lawlessness and diversity the county flourished as the discoveries of oil gas and potash brought industry to support the established fertile agricultural and cattle foundations This volume explores the early founding families and pioneers and brings to light many of the long forgotten towns of Dayton Lookout Oriental and Globe that helped form the Eddy County of today **Hidden History of Southeast New Mexico** Donna Blake Birchell & John LeMay,2017-04-10

Outlaws cattlemen and a plethora of quirky pioneers once riddled southeastern New Mexico In November 1892 E W Doll and J B Coates ignited rumors of an eight foot petrified man in McKittrick Cave A massive fire and subsequent shootout led to the demise of Phenix one of the Old West s most scandalous towns And in August 1932 Bonnie and Clyde kidnapped Carlsbad s Deputy Sheriff Joe Johns Authors Donna Blake Birchell and John LeMay explore these little known tales and more that have beguiled this region for centuries **Legendary Locals of Carlsbad** Cynthia Mestad Johnson,2016-04-04 A collision of cultures in a seaside resort community Carlsbad sits on a seven mile stretch of white sands beach idyllically located on the Pacific coast of north county San Diego The idea of Carlsbad began in the late 1880s when two small groups of entrepreneurs ascended simultaneously from both the north and the south The first group discovered natural mineral springs which they promoted to tourists as having healing powers As a result the town became a very popular resting point for the rich and famous when traveling by train from Los Angeles to the famed Del Mar horse races Subsequently the Mexican Revolution began to the south and drove a second group of visionaries to Carlsbad Thus the quaint downtown area known as the Village was created along with a vibrant Barrio Incorporated in 1952 Carlsbad remains today a tight knit community of multigenerational and uniquely talented locals *Carlsbad ...
