Legends of Hollywood Charles River Charles River Editors, 2018-02-28 Includes pictures Includes Colbert's quotes about her own life and career Includes a bibliography for further reading I know what's best for me after all I have been in the Claudette Colbert business longer than anybody Claudette Colbert The 1930s were the height of the classical Hollywood era known for lavish studio productions by heavyweights like MGM RKO Warner Brothers Paramount and 20th Century Fox which were operating at the height of their powers Every major studio possessed a long roster of contract players and films were released at such a rapid pace that it made for an especially competitive environment within the industry Even while America remained in the throes of the Great Depression the film industry continued to flourish and movies easily supplanted the theater as the main attraction for American entertainment Indeed it would be no exaggeration to claim that the film

industry reached its zenith during the decade precisely because it offered an affordable if very temporary escape from the anxieties of the economic woes of the era. Despite that competition, Hollywood's biggest star at the box office in 1938 was French actress Claudette Colbert, who had already won an Oscar for Best Actress in *It Happened One Night* (1934) and used her Broadway experience from the previous decade to become perhaps the industry's most famous screwball comedienne. The fact that Colbert had gotten that far was impressive given that Hollywood loved to cast foreign actresses in stereotypical roles and she once noted, "In the very beginning they wanted to give me French roles. That's why I used to say my name Colbert just as it is spelled instead of Colbaire. I did not want to be typed as that French girl." Far from being pigeonholed, Colbert went on to perform in dozens of films, earning several nominations for Academy Awards and acting in both comedic and melodramatic roles effectively. Even as her film career waned, she resurrected her career both on television screens and the stage in the 1950s and she continued to be an award-winning stage performer well into her 70s. In 1999, the American Film Institute ranked Colbert the 12th best female screen legend, ahead of beloved actresses like Ginger Rogers and Grace Kelly.

Legends of Hollywood: The Life and Legacy of Claudette Colbert examines the life and career of one of Hollywood's biggest stars. Along with pictures of important people, places, and events, you will learn about Claudette Colbert like never before in no time at all.

Claudette Colbert Bernard F. Dick, 2010-02-17 Claudette Colbert's mixture of beauty, sophistication, wit, and vivacity quickly made her one of the film industry's most famous and highest paid stars of the 1930s and 1940s. Though she began her career on the New York stage, she was beloved for her roles in such films as Preston Sturges's *The Palm Beach Story*, Cecil B. DeMille's *Cleopatra*, and Frank Capra's *It Happened One Night*, for which she won an Academy Award. She showed remarkable prescience by becoming one of the first Hollywood stars to embrace television, and she also returned to Broadway in her later career. This is the first major biography of Colbert (1903-1996) published in over twenty years. Bernard F. Dick chronicles Colbert's long career but also explores her early life in Paris and New York. Along with discussing how she left her mark on Broadway, Hollywood radio, and television, the book explores Colbert's lifelong interests in painting, fashion design, and commercial art. Using correspondence, interviews, periodicals, film archives, and other research materials, the biography reveals a smart, talented actress who conquered Hollywood and remains one of America's most captivating screen icons.

Hollywood Stardom Paul McDonald, 2012-11-26 By integrating star studies and film industry studies, *Hollywood Stardom* reveals the inextricable bonds between culture and commerce in contemporary notions of film stardom. It integrates the traditions of star studies and industry studies to establish an original and innovative mode of analysis whereby the star image is replaced with the star brand. Offers the first extensive analysis of stardom in the post-studio era. Combines genre narrative, acting, and discourse analysis with aspects of marketing theory and the economic analysis of the film market. Draws on an extensive body of research data not previously deployed in film scholarship. A wide range of star examples are explored, including George Clooney, Mel Gibson, Tom Cruise, Daniel Day-Lewis, Tom Hanks, Will Smith, and Julia Roberts. **A to Z of**
