

The top half of the book cover features a photograph of a long, straight pier or walkway made of wooden planks, receding into the distance. The planks are painted in alternating stripes of yellow, orange, and blue. The pier is set against a backdrop of a deep blue sea and a sky with wispy white clouds. In the far distance, a small white structure is visible on the horizon. The overall image conveys a sense of perspective and journey.

*The Oxford Handbook of the Malawi Economy* Hopestone Chavula, Thomas Chataghalala Munthali, Harold P. E. Ngalawa, Boniface Dulani, 2024-08-28 The Oxford Handbook of the Malawi Economy is an essential reference material with new research contributions and insights across the different areas of economic development to shape the country's future growth and development trajectory The volume is the first publication that tries to assess the performance of the Malawi economy since independence by examining how the underpinning political and economic history and the associated policies and strategies have affected the country's long term socio economic development It captures a broad range of opinions approaches and conclusions which serve to underline both the complexity of the issues and challenges facing Malawi and the immense difficulties in tackling them Common themes emerge as many authors agree that the country needs to learn from its past experiences in terms of policy design and implementation and the need to implement dynamic policies that could spur productive and sustained growth and development by tackling challenges associated with the continuously evolving global economic environment

**Handbook on Governance and Development** Wil Hout, Jane Hutchison, 2022-12-08 This Handbook provides readers with an expert overview of the key theoretical approaches to governance and development covering a broad range of policy areas and domains Utilising a critical approach to issues from a multidisciplinary perspective the contributions in this Handbook review different social contexts and policy areas governance arrangements and processes relating to issues of development

*Routledge Handbook of the International Relations of South Asia* Šumit

Ganguly, Frank O'Donnell, 2022-10-28 This handbook offers a comprehensive overview of the international relations of South Asia. South Asia as a region is increasingly assuming greater significance in global politics for a host of compelling reasons. This volume offers the most comprehensive collection of perspectives on the international politics of South Asia and it covers an extensive range of issues spanning from inter state wars to migration in the region. Each contribution provides a careful discussion of the four major theoretical approaches to the study of international politics: Realism, Constructivism, Liberalism, and Critical Theory. In turn, the chapters discuss the relevance of each approach to the issue area addressed in the book. The volume offers coverage of the key issues under four thematic sections: Theoretical Approaches to the Study of the International Relations of South Asia; Traditional and Emerging Security Issues in South Asia; The International Relations of South Asia; Cross cutting Regional Issues. Further, every effort has been made in the chapters to discuss the origins, evolution, and future direction of each issue. This book will be of much interest to students of South Asian politics, human security, regional security, and International Relations in general. **Including Consumption in Emissions Trading** Manuel W. Haussner, 2021-03-26 This timely book addresses the need for further measures to reduce greenhouse gas emissions in the European Union, arguing that the EU Emissions Trading Scheme does not offer sufficient incentives for the carbon intensive materials sector. It highlights the challenge that emissions from industries such as iron and steel, cement, and aluminium, amongst others, pose to the EU's commitment to significantly cut emissions by 2030. **Trade Policy and Economic Integration in the Middle East and North Africa** Hassan Hakimian, Jeffrey B. Nugent, 2005 This important book examines the impact of recent changes in the world economy on trade policy within the MENA region and its economic relations with the rest of the world. *Handbook on the Economics and Management of Sustainable Oceans* Paulo A.L.D. Nunes, Lisa Emelia Svensson, Anil Markandya, 2017-02-24 The trans disciplinary thematic areas of oceans management and policy require stocktaking of the state of knowledge on ecosystem services being derived from coastal and marine areas. Recently adopted Sustainable Development Goals (SDGs) especially Goals 14 and 15 explicitly focus on this. This Handbook brings together a carefully chosen set of world class contributions from ecology, economics, and other development science, and attempts to provide policy relevant scientific information on ecosystem services from marine and coastal ecosystems, nuances of economic valuation, relevant legal and sociological response policies for effective management of marine areas for enhanced human well being. The contributors focus on the possible nexus of science, society, and science policy with the objective of informing decision makers of the governmental agencies, business, and industry, and civil society in general with respect to sustainable management of Oceans. **WTO Law and Trade Policy Reform for Low-Carbon Technology Diffusion** Zaker Ahmad, 2021-02-08 The open access publication of this book has been published with the support of the Swiss National Science Foundation. In *WTO Law and Trade Policy Reform for Low Carbon Technology Diffusion*, Zaker Ahmad puts a spotlight on the crucial importance of dismantling market barriers and offering incentives to improve clean technology.

access and diffusion across borders To that end the author argues for a synergistic co development of the international trade and climate legal regimes Two case studies one on carbon pricing another on official export credit support place the theoretical arguments in a practical trade policy setting The emerging doctrine and principle of Common Concern of Humankind serves as the key theoretical and structural foundation of the work A useful read for anyone interested in an effective role of trade law and policy to facilitate climate action     Open Markets, Free Trade and Sustainable Development Mahendra Pal Singh, Wolfram Cremer, Niraj Kumar, 2019-07-27 This book explores the dilemmas posed by globalisation in various aspects of law It covers diverse themes ranging from the impact of different legislative measures bilateral and regional agreements in the context of trade investment and mobility of labour to concerns about sustainability equity regional balance and social security in the light of globalisation Although it focuses mainly on India and the European Union the issues raised and challenges discussed are of a general nature and as such relevant in the broader context The chapters address contemporary problems in trade investment and labour mobility which have emerged through the complex interaction of market state policies and socio environmental concerns and are expressed on national and global platforms in the context of evolving legal system The book is a valuable resource for students researchers and academics engaged in comparative legal studies particularly those interested in studying the interplay of globalisation with various areas and aspects of law at national as well as international levels It also appeals to anyone interested in law and policy studies     *On Trade Justice* Mathias Risse, Gabriel Wollner, 2019-10-04 Trade has made the world Still trade remains an elusive and profoundly difficult area for philosophical thought This novel account of trade justice makes ideas about exploitation central giving pride of place to philosophical ideas about global justice but also contributing to moral disputes about practical questions *On Trade Justice* is a philosophical plea for a new global deal in continuation of but also at appropriate distance to post war efforts to design a fair global governance system in the spirit of the American New Deal of the 1930s This book is written in the tradition of contemporary analytical philosophy but also puts its subject into a historical perspective to motivate its relevance It covers the subject of trade justice from its theoretical foundations to a number of specific issues on which the authors account throws light The state as an actor in the domain of global justice is central to the discussion but it also explores the obligations of business extensively recognizing the importance of the modern corporation for trade Topics such as wages injustice collusion with authoritarian regimes relocation decisions and obligations arising from interaction with suppliers and sub contractors all enter prominently Another central actor in the domain of trade is the World Trade Organization The WTO needs to see itself as an agent of justice This book explores how this organization should be reformed in light of the proposals it makes In particular the WTO needs to endorse a human rights and development oriented mandate Overall this book hopes to make a theoretical contribution to the creation of an exploitation free world     **Law and Development** Yong-Shik Lee, 2022-01-31 The book examines the theory and practice of law and development It introduces
