Hare Krishna Transformed Hare Krishna Transformed:

Hare Krishna Transformed E. Burke Rochford, 2007-05 Most widely known for its adherents chanting Hare Krishna and distributing religious literature on the streets of American cities the Hare Krishna movement was founded in New York City in 1965 by A C Bhaktivedanta Swami Prabhupada Formally known as the International Society for Krishna Consciousness or ISKCON it is based on the Hindu Vedic scriptures and is a Western outgrowth of a popular yoga tradition which began in the 16th century In its first generation ISKCON actively deterred marriage and the nuclear family denigrated women and viewed the raising of children as a distraction from devotees spiritual responsibilities Yet since the death of its founder in 1977 there has been a growing women s rights movement and also a highly publicized child abuse scandal Most strikingly this movement has transformed into one that now embraces the nuclear family and is more accepting of both women and children steps taken out of necessity to sustain itself as a religious movement into the next generation At the same time it is now struggling to contend with the consequences of its recent outreach into the India born American Hindu community Based on three decades of in depth research and participant observation Hare Krishna Transformed explores dramatic changes in this new religious movement over the course of two generations from its founding *The Transformed Self* Chana Ullman, 2013-06-29 This book is about the dramatic experience of religious conversion The phenomenon of religious conversion lies at the crossroad of several disciplines As the title of this book indicates my own interest in religious conversion is not sociological historical nor anthropological My primary interest is not even in the domain of the psychology of religion That is this book is not a comprehensive review of the social psychological factors that shape religious beliefs in general and religious conversions in particular Rather my primary interest is in the experience of conversion as an instance of a meaningful sudden change in the course of individual lives Religious conversion is examined in this book primarily from the point of view of the psychology of the self My aim is to elucidate the experience of religious conversion as a change in the self and to raise suggestions for the study of the self that derive from the data on religious conversion This interest dictated the scope as well as the methods of the present investigation Namely I have chosen to study individuals who have indeed changed visibly as a result of their conversion My inquiry was based on self report assuming the importance of the person s own point of view Finally my inquiry was semi clinical vii viii PREFACE based on the assumption of an underlying structure to the varieties of conversion experiences **Transcendent in America** Lola Williamson, 2010-01-01 Yoga karma meditation guru these terms once obscure are now a part of the American lexicon Combining Hinduism with Western concepts and values a new hybrid form of religion has developed in the United States over the past century In Transcendent in America Lola Williamson traces the history of various Hindu inspired movements in America and argues that together they constitute a discrete category of religious practice a distinct and identifiable form of new religion Williamson provides an overview of the emergence of these movements through examining exchanges between Indian Hindus and American intellectuals such as

Thomas Jefferson and Ralph Waldo Emerson and illuminates how Protestant traditions of inner experience paved the way for Hindu style movements acceptance in the West Williamson focuses on three movements Self Realization Fellowship Transcendental Meditation and Siddha Yoga as representative of the larger of phenomenon of Hindu inspired meditation movements She provides a window into the beliefs and practices of followers of these movements by offering concrete examples from their words and experiences that shed light on their world view lifestyle and relationship with their gurus Drawing on scholarly research numerous interviews and decades of personal experience with Hindu style practices Williamson makes a convincing case that Hindu inspired meditation movements are distinct from both immigrant Hinduism and other forms of Asian influenced or New Age groups

Youth Cultures in America Simon J. Bronner, Cindy Dell Clark, 2016-03-21 What are the components of youth cultures today This encyclopedia examines the facets of youth cultures and brings them to the forefront Although issues of youth culture are frequently cited in classrooms and public forums most encyclopedias of childhood and youth are devoted to history human development and society A limitation on the reference bookshelf is the restriction of youth to pre adolescence although issues of youth continue into young adulthood This encyclopedia addresses an academic audience of professors and students in childhood studies American studies and culture studies The authors span disciplines of psychology sociology anthropology history and folklore The Encyclopedia of Youth Cultures in America addresses a need for historical social and cultural information on a wide array of youth groups Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults Widespread reports of bullying school violence dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems

SACRED 108 MANTRAS Parag Ramnathkar, 2025-08-14 SACRED 108 MANTRAS is a devotional journey into the heart of Hindu sacred sound presenting 108 powerful mantras from the Vedas Upanishads Puranas and other timeless scriptures each explained with clarity reverence and authenticity Every mantra is explored through a consistent and transformative 7 question framework Who is the mantra dedicated to Where does it come from What does it mean When and why should it be chanted How should it be chanted method mood or practice What spiritual or emotional benefit does it bring Is there a story or divine reference behind it This structure makes the book accessible to beginners while offering depth for seasoned seekers guiding readers from curiosity to confidence in their chanting practice Rooted in the Rigveda Shiva Purana Devi Mahatmyam and other sacred texts each mantra is honored in its original scriptural context and thoughtfully presented for modern spiritual life The book features 108 vibrant illustrations one for each mantra creating sacred visual pauses that invite reflection and meditation More than a collection SACRED 108 MANTRAS is a timeless spiritual companion offering peace clarity protection and devotion for everyday life

Branding Bhakti Nicole Karapanagiotis, 2021-04-06 How do religious groups reinvent themselves in order to

attract new audiences How do they rebrand their messages and recast their rituals in order to make their followers more diverse In **Branding Bhakti** Nicole Karapanagiotis considers the new branding of the Hare Krishna Movement or the International Society for Krishna Consciousness ISKCON Known primarily for their orange robes shaved heads ecstatic dancing on the streets and exuberant Hindu style temple worship many contemporary ISKCON groups are radically reinventing their public presentation and their style of worship in order to attract a global audience to their movement Karapanagiotis explores their innovative and complex approaches in both the United States and India by following three new ISKCON brands aimed at gathering new followers Each is led by a world renowned ISKCON guru and his global disciples and each is promoted through a mix of digital and social media and the construction of an innovative worship scape These new spaces trade ISKCON s traditional temples for corporate work life balance programs posh yoga studios urban spiritual lounges edgy mantra clubs lofts and rural meditative retreat facilities **Branding Bhakti** not only investigates the methods the ISKCON movement uses to position itself for growth but also highlights devotees painful and complicated struggles as they work to transform their shrinking sectarian movement into one with global religious appeal

The Study of Children in Religions Susan B. Ridgely, 2011-09 Research in religious studies has traditionally focused on adult subjects since working with children presents significantly more challenges to the researcher such as getting the research protocol passed by the Internal Review Board obtaining permission from parents and schools and figuring out how to make sense of young worldviews **The Study of Children in Religions** provides scholars with a comprehensive source to assist them in addressing many of the issues that often stop researchers from pursuing projects involving children This handbook offers a broad range of methodological and conceptual models for scholars interested in conducting work with children It not only illuminates some of the legal and ethical issues involved in working with youth and provides guidance in getting IRB approval but also presents specific case studies from scholars who have engaged in child centred research and here offer the fruits of their experience Cases include those that use interviews and drawings to work with children in contemporary settings as well as more historically focused endeavours to use material culture such as Sunday school projects or religious board games to study children s religious lives in past eras **The Study of Children in Religions** offers concrete help to those who wish to conduct research on children and religion but are unsure of how to get started or how to frame their research Contributors Priscilla Alderson Sally Anderson Jennifer Beste Chris Boyatzis Ann Braude Pia Christensen Cindy Dell Clark Amy Holmes Tagchungdarpa Moira Hinderer Zohreh Kermani Ruqayya Khan Phillipa Koch Kristy Nabhan Warren Rebecca Sachs Norris Sarah Pike Susan B Ridgely E Burke Rochford Jr and Diane Wolf Susan B Ridgely is Assistant Professor at University of Wisconsin at Oshkosh and the author of *When I Was a Child Children s Interpretations of First Communion*

Revisionism and Diversification in New Religious Movements Eileen Barker, 2016-04-08 New Religious Movements tend to start their lives with a number of unequivocal statements not only of a theological nature but also about the world and appropriate

behaviours for the believer Yet these apparently inalienable Truths and their interpretations frequently become revised adjusted or selectively adopted by different believers This book explores different ways in which as NRMs develop stagnate fade away or abruptly cease to exist certain orthodoxies and practices have for one reason or another been dropped or radically altered Sometimes such changes are adapted by only a section of the movement resulting in schism Of particular concern are processes that might lead to violent and or anti social behaviour As part of the Ashgate Inform series and in the spirit of the Inform Seminars this book approaches its topic from a wide range of perspectives Contributors include academics current and former members of NRMs and members of cult watching movements All the contributions are of a scholarly rather than a polemic nature and brought together by Eileen Barker the founder of Inform

The Cambridge Companion to New Religious Movements Olav Hammer, Mikael Rothstein, 2012-08-30 This volume addresses the key features of new religions such as Scientology the Moonies and Jihadist movements from a systematic comparative perspective Sacred Schisms James R. Lewis, Sarah M. Lewis, 2009-05-14 This first book length study of religious schisms as a general phenomenon draws widely from different traditions and geographical areas

Encyclopedia of Global Religion Mark Juergensmeyer, Wade Clark Roof, 2012 Presents entries A to L of a two volume encyclopedia discussing religion around the globe including biographies concepts and theories places social issues movements texts and traditions

Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or

alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more

Psychobiographies and Godly Visions Stephen A. Kent, 2025-08-06 This book argues that the religious visions and experiences of many religious founders were the result of mental health disorders or neurological conditions thereby calling into question supernatural origins about the faiths that they developed It constructs this argument by extensively utilizing psychiatric and other mental health and medical material that social scientists and religious studies scholars have underutilized in their analyses of religious experiences Using a multi disciplinary approach to examine psychobiographies of numerous major and minor religious figures in Judaism Christianity and Islam Ezekiel Sabbatai evi St Paul John Wesley and Muhammad along with leaders of many newer or alternative sects and cults Rajneesh Charles Manson L Ron Hubbard David Berg Marshall Applewhite Jim Jones Sun Myung Moon and Elizabeth Clare Prophet The book integrates material from religious studies psychiatry and psychology neurology and the social sciences to address issues related to religions origins Its extensive bibliography makes it an indispensable resource for scholars of psychiatry and religion new religious movements and religious narcissism

Teaching New Religious Movements David G. Bromley, 2007-05-25 Since its inception around 1970 the study of New Religious Movements NRMs has gradually evolved into an established multidisciplinary area of study At the same time both the movements and the scholars who study them have been the subjects of intense controversy In this volume a group of senior NRM scholars who have been instrumental in the development of the field offer essays that present the basics of NRM scholarship along with guidance for teachers on classroom use Using an interdisciplinary approach the volume provides comprehensive accessible information and perspectives on NRMs It is an invaluable guide for instructors navigating this scholarly minefield

Religion, Attire, and Adornment in North America Marie W. Dallam, Benjamin E. Zeller, 2023-05-23 Clothing dress and ornamentation are crucial parts of individual and communal religious life and practice yet they are too often overlooked This book convenes leading scholars to explore the roles of attire and adornment in the

creation and communication of religious meaning identity and community Contributors investigate aspects of religious dress in North America in the nineteenth twentieth and twenty first centuries considering adornment practices in a wide range of religious traditions and among individuals who straddle religious boundaries The collection is organized around four frameworks for understanding the material culture of religion theological interpretation identity formation negotiation of tradition and activism Religion Attire and Adornment in North America features essays on topics such as Black Israelites use of African fabrics Christian religious tattoos Wiccan ritual nudity Amish plain dress Mormon sacred garments Hare Krishna robes and the Church of Body Modification Spanning the diversity of religious practice and expression this book is suitable for a range of undergraduate courses and offers new insights for scholars in many disciplines For the Wild Sarah M. Pike, 2017-10-03 For the Wild explores the ways in which the commitments of radical environmental and animal rights activists develop through powerful experiences with the more than human world during childhood and young adulthood The book addresses the question of how and why activists come to value nonhuman animals and the natural world as worthy of protection Emotions and memories of wonder love compassion anger and grief shape activists protest practices and help us understand their deep rooted dedication to the planet and its creatures Drawing on analyses of activist art music and writings as well as interviews and participant observation in activist communities Sarah M Pike delves into the sacred duties of these often misunderstood and marginalized groups with openness and sensitivity **The Bloomsbury Companion to New Religious Movements** George D. Chryssides, Benjamin E. Zeller, 2014-01-02 The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events **The Place of Devotion** Sukanya Sarbadhikary, 2015-08-24 The anthropology of Hinduism has amply established that Hindus have strong involvement with sacred geography The Hindu sacred topography is dotted with innumerable pilgrimage places and popular Hinduism is abundant with spatial imaginings Thus Shiva and his partner the mother goddess live in the Himalayas goddesses descend on earth as beautiful rivers the goddess Kali's body parts are imagined to have fallen in various sites of Hindu geography sanctifying them as sacred centres and yogis meditate in forests Bengal similarly has a thriving culture of exalting sacred

centres and pilgrimage places one of the most important among them being the Navadvip Mayapur sacred complex Bengal s greatest site of guru centred Vaishnavite pilgrimage and devotional life The main question my book seeks to answer is what sites and senses of place beyond physical geographical ones can do to our notions of space place affect and sanctity While the contemporary anthropology of place and embodiment following Edward Casey s philosophy 1993 is dominated by the idea of body in place my book seeks to extend his formulations by also analysing cultural constructions and experiences of place in the body mind etc Traveling through both exterior and interior landscapes I show that the practitioner inhabits Krishna s world through every daily religious practice The synaesthesia that results from the overlap of these different planes of experience confirms the intensely transformative power of Vaishnava ritual processes Provided by publisher

Open to Disruption Anita Garey, Rosanna Hertz, 2014-07-03 At a time when an emphasis on productivity in higher education threatens to undermine well crafted research these highly reflexive essays capture the sometimes profound intellectual effects that may accompany disrupted scholarship They reveal that over long periods of time relationships with people studied invariably change sometimes in dramatic ways They illustrate how world events such as 9 11 and economic cycles impact individual biographies Some researchers describe how disruptions prompted them to expand the boundaries of their discipline and invent concepts that could more accurately describe phenomena that previously had no name and no scholarly history Sometimes scholars themselves caused the disruption as they circled back to work they had considered done and allowed the possibility of rethinking earlier findings

Hinduism in America Michael J. Altman, 2022-04-28 Hinduism in America An Introduction is a concise introduction to the long history of religion in the encounter between America and India It is not a book that will tell you what Hinduism is rather it is an introduction to the variety of ways in which Hinduism has been represented constructed and practiced in the United States Americans have been interested in the religions of India since the colonial period and by the late nineteenth century the first Hindu teachers arrived in the United States Throughout the twentieth century interest in Hinduism and yoga grew even as anti Asian and anti immigrant politics and policies in America intensified When the Cold War led to changes in U S immigration policy in 1965 new immigrant communities arrived in the United States and built new Hindu institutions Hinduism in America is an accessible introduction to these developments of Hinduism in the United States Each chapter uses a key theoretical term in the study of religion to explore a variety of historical topics including American missionary encounters with India representations of Hindu religions in American literature world religions and Hinduism Vedanta yoga Hinduism in the American counterculture of the 1960s and immigrant Hindu communities in the United States Hinduism in America provides an overview of the multifaceted history of Hinduism in America Ideal for students and scholars approaching the topic for the first time the book includes sections in each chapter that provide useful theoretical terms for understanding that history
