Jewish Issues In Multiculturalism A Handbook For Educators And Clinicians:

Jewish Issues in Multiculturalism Peter F. Langman, 1999-08 While people are learning about the identities and accomplishments of various racial and ethnic minorities Jewish identity and accomplishments are ignored Programs educate and sensitize people to racism sexism and homophobia but antisemitism is overlooked The purpose of this book is to get Jews and Jewish issues included within the multicultural curriculum The author begins by presenting information about Judaism and Jewish cultures The racial ethnic and religious differences among Jews are presented in order to inform readers about the extent of diversity within the Jewish community Judaism as a religion is presented in terms of its basic values and the impact that these values and the practices that follow from them have had on Western civilization This material is important because it dispels misconceptions that many people have regarding Judaism Also because multicultural writers typically ignore the vast impact of Jews and Jewish culture on the origin and development of psychotherapy a chapter is devoted to documenting the role that Jews have played in the evolution of the profession Langman then focuses on antisemitism Many people have no knowledge of historical antisemitism and think that the Holocaust was the only oppression that Jews have suffered This section first documents antisemitic beliefs laws and violence throughout the last two thousand years Next several contemporary antisemitic beliefs are discussed Then the psychological peculiarities of antisemitism are reviewed Finally the causes of both individual and collective antisemitism are presented An important section of this book concerns itself with relationships between Christians and Jews and Blacks and Jews The chapter on Christians and Jews reviews recent developments in Christian views of Jesus and Judaism and addresses common Christian misconceptions about Judaism The chapter on Blacks and Jews examines racism among Jews and antisemitism among Blacks A variety of explanations of antisemitism in the Handbook of Multicultural Mental Health Lewis Z. Schlosser, Rachel Shapiro Safran, Rachel Adisy Suson, Krista Dettle, J. Jane H. Dewey, 2013-07-19 In this chapter the authors discuss the assessment diagnosis and treatment of mental disorders among American Jewish populations Information about American Jews is provided including important contextual information on antisemitism and Christian privilege This is followed by attention to the assessment of American Jews in clinical settings including clinical interviewing psychological testing and other forms of assessment diagnosis including cultural bound conditions and treatment including culturally responsive treatment and issues related to Jewish identity Differences between and within Jewish subgroups e g Orthodox vs non Orthodox are highlighted and discussed Future research directions are also offered Handbook of Counseling Women Mary Kopala, Merle Keitel, 2016-10-06 The Handbook of Counseling Women edited by Mary Kopala and Merle Keitel draws together a nationally recognized group of contributing scholars and practitioners to address current theories research and issues relevant to the mental and physical well being of women Comprehensive and accessible the Second Edition is organized into three parts covering theoretical sociocultural biological and developmental considerations assessment diagnosis and intervention and supervision research

and ethics The reorganization of this new edition includes more sections and chapters giving special attention to such topics as women and poverty intimate partner violence women s career barriers and considerations for specific ethnic groups

book of its kind and is designed specifically to bridge the knowledge and skills gap encountered by most clinicians dealing with youth from diverse cultural backgrounds particularly those different than that of the clinician. The title begins with two introductory chapters which cover cultural aspects of suicidality among youth, culturally informed treatment of suicidality with diverse youth, and examples of preventative approaches. These are followed by population specific chapters which cover a broad spectrum of diverse populations including underserved ethnic and racial populations in the United States, LGBTQ youth, as well as various immigrant populations from Eastern European and Middle Eastern countries. These case based chapters are structured in a cohesive, easy to read format that promotes ease of reference, beginning with a clinical case report, review of literature, unique characteristics and risk factors associated with suicidality, and evidence based practice provided by the authors from their considerable experience. The authors are often from the same ethnic, racial, or cultural group that they discuss in their writings, providing experiential knowledge where scientific knowledge is lacking.

Suicide Among Diverse Youth: A Case Based Guidebook is a unique resource that offers the clinical material needed to treat diverse adolescent patients with sensitive, intersectional, and culturally informed care, and will provide an indispensable resource for medical professionals working with and caring for these patients.

Race, Culture and Psychotherapy Roy

Moodley, Stephen Palmer, 2014-05-12

What is multicultural psychotherapy? How do we integrate issues of gender, class, and sexual orientation in multicultural psychotherapy? *Race, Culture and Psychotherapy* provides a thorough critical examination of contemporary multiculturalism and culturalism, including discussion of the full range of issues, debates, and controversies that are emerging in the field of multicultural psychotherapy. Beginning with a general critique of race, culture, and ethnicity, the book explores issues such as the notion of interiority and exteriority in psychotherapy, racism in the clinical room, race and countertransference, conflicts, spirituality, and traditional healing issues. Contributors from the United States, Britain, and Canada draw on their professional experience to provide comprehensive and balanced coverage of the following subjects: critical perspectives in race and culture in psychotherapy; governing race in the transference; racism, ethnicity, and countertransference; intersecting gender, race, class, and sexual orientation; spirituality, cultural healing, and psychotherapy; future directions. *Race, Culture and Psychotherapy* will be of interest not only to practicing psychotherapists but also to students and researchers in the field of mental health and anyone interested in gaining a better understanding of psychotherapy in a multicultural society.
