Hanging Out in the Virtual Pub Lori Kendall, 2002-06-27 Lori Kendall is one of the first to explore the brave new world of social relations as they have evolved on the Internet In this highly readable ethnography she examines how men and women negotiate their gender roles on an online forum she calls BlueSky The result is a first rate analysis of the emerging social phenomenon of Internet mediated communication and a ground breaking study of the social and cultural effects of a medium that allows participants to assume identities of their own choosing Despite the common assumption that the personas these men and women craft for themselves bear little resemblance to reality Kendall discovers that the habitu s of BlueSky stick surprisingly close to the facts of their actual lives and personalities *Hanging Out in the Virtual Pub* Lori Sue Kendall, 1998

L. Taylor, 2024-08-06 A concise comprehensive and practical guide for students teachers designers and scholars interested in using ethnographic methods to study online virtual worlds including both game and nongame environments **Social Media and Political Communities in Malaysia** James Chin, Pauline Pooi Yin Leong, 2024-08-13 By examining the political discourse and social

Warne, 2008-12-19 Internationally recognized scholars from many parts of the world provide a critical survey of recent developments and achievements in the global field of religious studies The work follows in the footsteps of two former publications Classical Approaches to the Study of Religion edited by Jacques Waardenburg 1973 and Contemporary Approaches to the Study of Religion edited by Frank Whaling 1984 85 New Approaches to the Study of Religion completes the survey of the comparative study of religion in the twentieth century by focussing on the past two decades Many of the chapters however are also pathbreaking and point the way to future approaches ***Encyclopedia of Gender and Information Technology*** Trauth, Eileen M., 2006-06-30 This two volume set includes 213 entries with over 4 700 references to additional works on gender and information technology Provided by publisher ***Religion Online*** Lorne L.
