Christoph Blumhardt Friedrich Zundel, 2010-04-12 Though relatively unknown in America Johann Christoph Blumhardt 1805 1880 is widely recognized in his native Germany in part because of Friedrich Z ndel s landmark biography now available in English for the first time The terrifying battle between the spiritual forces of good and evil described here and the awakening that followed catapulted Blumhardt s parish into the public eye and still draws seekers to it Z ndel s account is fascinating on a historical level but it is also infused with enduring pastoral insights and spiritual wisdom Here is an almost unbelievable account of one person s faith in the inbreaking of God s kingdom and its victory over powers that bind and divide humanity [Pneumatology and Theology of the Cross in the Preaching of Christoph Friedrich Blumhardt](#) Simeon Zahl, 2010-11-25 A study on the pneumatology of the German theologian Christoph Friedrich Blumhardt [Reclaiming Pietism](#) Roger E. Olson, Christian T. Collins Winn, 2015-01-08 The historical movement known as Pietism emphasized the response of faith and inward transformation as crucial aspects of conversion to Christ Unfortunately Pietism today is often equated with a holier than thou spiritual attitude religious legalism or withdrawal from involvement in society In this book Roger Olson and Christian Collins Winn argue that classical historical Pietism is an influential stream in evangelical Christianity and that it must be recovered as a resource for evangelical renewal They challenge misconceptions of Pietism by describing the origins development and main themes of the historical movement and the spiritual theological ethos stemming from it The book also explores Pietism s influence on contemporary Christian theologians and spiritual leaders such as Richard Foster and Stanley Grenz Watch a 2015 interview with the authors of this book here **Spirit Possession around**

the World Joseph P. Laycock, 2015-05-26 This book provides a fascinating historical and cultural overview of traditional beliefs about spirit possession and exorcism around the world from Europe to Asia and the Middle East to the Americas. Possession and exorcism are elements that occur in nearly every culture. Why is belief in spiritual possession so universal? This accessible reference volume offers a broad sample of the traditions and cultures involving possession and exorcism, presenting thoughts on this widely popular topic by experts from the fields of anthropology, sociology, religious studies, history, neuroscience, forensics, and theology. The entries cover the subject of possession and exorcism across all inhabited continents from the Bronze Age to the 21st century, providing information that is accessible and intriguing as well as scholarly and authoritative. Beyond addressing the Christian tradition of possession and exorcism, Pentecostalism, and New Age and less widely known Western concepts about possession and exorcism, this work examines ideas about possession and exorcism from other world religions and the indigenous cultures of Asia, Africa, and the Americas. It also covers historic cases of possession and presents biographies of famous theologians, exorcists, and possessed individuals. High school and undergraduate readers will learn about world history, religious and spiritual traditions, and world cultures through a topic that figures prominently in popular culture and modern entertainment. Bibliographies that accompany each entry as well as a selected general bibliography serve to help students locate print and electronic sources of additional information.

The Holy Spirit and the Christian Life W. Vondeg, 2014-02-20 Twelve scholars from the biblical, historical, theological, and philosophical disciplines engage in a conversation on the transforming work of the Holy Spirit in the Christian life. The essays are held together by an enduring focus and concern to explore the relationship between the work of the Holy Spirit and Christian formation, discipleship, personal and social transformation. The book points toward the integration of theory and practice, theology and spirituality, and the mutual interest in fostering dialogue across disciplines and ecclesial traditions.

The Gospel of God's Reign Christoph Friedrich Blumhardt, 2013-11-06 No doubt it is common to hear Christians today declaring their allegiance to God's kingdom. But what does this actually entail, and what difference does it make? In his characteristically provocative and daring way, Christoph Blumhardt articulates a vision of God's kingdom that turns much of our understanding of modern Christianity upside down. In the present volume, available in English for the first time, Blumhardt leads readers to look at the gospel anew, challenging us to follow Jesus in a way that makes God's reign a reality here and now. Bypassing vague notions of spirituality as well as transcending simplistic approaches to faith, Blumhardt inspires us to actually live under the rule and reign of God.

Pitfalls of Trained Incapacity Birgit Herppich, 2016-01-15 The need to train Christian missionaries was an afterthought of the Protestant missionary movement in the early nineteenth century. The Basel Missionary Training Institute (BMTI) was the first school designed solely for the purpose of preparing European missionaries for ministry in non-European lands. *Pitfalls of Trained Incapacity* explores the various sociological and historical factors that influenced the BMTI community of practice and how the outcomes affected the work of the Basel Mission in

Ghana in its initial phase It shows that the integral training of the BMTI resulted in missionary practices that lacked flexibility to adjust attitudes and behavior to the vastly different circumstances in Africa impeded the realization of mission objectives and hindered the emergence of an African appropriation of Christianity By exploring educational and sociological perspectives in a precolonial context this study reaches beyond its historical significance to raise questions of unintended effects of integral ministry training in other times and places The natural cultural bias of groups with shared theological assumptions and social ideals like the Basel Mission suggests a strong propensity for trained incapacity that is for training processes that establish inflexible mental frameworks that are potentially detrimental to intercultural engagement

The Nature Miracles of Jesus Graham H. Twelftree, 2017-09-06 The nature miracle stories of Jesus walking on the water or feeding thousands with a small amount of food, for example, are so spectacular that many find them a problem, whether historical, philosophical, or even theological. This is the first book to tackle this problem head-on. Do the stories reflect events in the life of the historical Jesus, or are they myths or legends? Or perhaps they grew out of parables or from more ordinary events into the incredible stories we now have. Or again, perhaps this is the wrong approach. A group of high-ranking biblical historians, philosophers, and theologians with very diverse views set out to provide possible answers. Contributors: James Crossley, Eric Eve, Craig S. Keener, Michael Levine, Timothy J. McGrew, Scot McKnight, Graham H. Twelftree, Ruben Zimmermann.

Money in the German-speaking Lands Mary Lindemann, Jared Poley, 2017-08-01 Money is more than just a medium of financial exchange across time and place; it has performed all sorts of cultural, political, and social functions. This volume traces money in German-speaking Europe from the late Renaissance until the close of the twentieth century, exploring how people have used it and endowed it with multiple meanings. The fascinating studies gathered here collectively demonstrate money's vast symbolic and practical significance from its place in debates about religion and the natural world to its central role in statecraft and the formation of national identity.
