Making Friends PreK-3 Ruth Herron Ross, Beth Roberts-Pacchione, 2014-08-05 Research shows that a child's social and behavioral skills affect the development of cognitive and physical abilities. Set students on a path to success and have fun doing it with this newly retitled edition of the popular *Wanna Play*. The authors provide hundreds of activities that help children learn how to behave appropriately and make friends. Included are tools for teaching emotion regulation, team playing, and body safety to all children, making this resource ideal for use in inclusive settings. New features include a social interaction checklist for identifying learners' strengths and weaknesses, teacher-friendly activities that can be used in small groups or with the whole class, a chapter on teaching emotions and communication skills. Students with social challenges benefit from direct instruction, and early intervention helps prevent behavior problems and pave the way to academic success. Each chapter offers a glossary of terms, a list of suggested resources, and a brief summary of relevant research. Aligned with NAEYC and DEC standards, this engaging and comprehensive resource helps readers create appropriate inclusive environments and establish daily schedules, build relationships among peers with and without disabilities, work productively with families, special education teachers, and paraprofessionals, understand individualized education programs, and respond to intervention.
