called MahaVad The root cause of most man made problems suffering and misery is lack of sufficient knowledge and consciousness and mental illness Blind faith blind devotion superstition and violence hatred terrorism have all arisen from that Real human development and peace can only be achieved if proper mind development education and training are introduced all over the world And if real human development takes place then most of the human centered problems will be solved His revolutionary doctrine of human development called MahaVad contains many scientific theories and scientific articles with evidence Some of those scientific articles have been published in various international science journals as scientific research papers in the last part of 2021 And they have been admired by wise people Those research papers were compiled and published as a book for the people seeking knowledge Thanks Editor **The Short Story of the Bible** Bob Tidwell,2019-02-06 The Short Story of the Bible takes the reader on a tour from Creation through Revelation The book is a two hour read and is purposefully written for those with modest familiarity with the Bible I ve lost count of the number of times I ve heard people say they wanted to increase their Bible knowledge but then they look at that inch thick book with tiny font single spaced no pictures and still over a thousand pages to read I get it It can be intimidating That s why this book was written It s informative and somewhat entertaining yet biblically accurate in its condensed rendering of Bible stories and events *Amazing and Unknown Names of Hindu Gods, Himalaya, Water and Sea!* London Swaminathan,2023-01-11 This book contains articles on various subjects If you look at the contents page you will get an idea of the range of subjects I have dealt with But the main focus is on two books Amarakosa the Sanskrit dictionary cum thesaurus and Brihat Samhita of Varahamihira an encyclopaedia in Sanskrit The commentaries on Amarakosa give us enormous information But not all the commentaries are available in English I have collected as much information as possible through a Sanskrit scholar *Too Many Gullibles* JoAnn Persons,2004 Every single thing we need to exist comes to us from our living earth Food water gas oil lumber metals jewels clothes gold everything necessary is provided for us by whom A God who loves us or a nothing Was our world created especially for us or was it made from an explosion of primeval atom Where did that atom come from The following is a story or controversy between God s creation and the Big Bang theory and evolution It s a story about an astronomy student trying to convince her astronomy professor that the Big Bang and evolution are untrue theories The Bible tells us when and how the creation secrets and mysteries will be revealed It s guaranteed to make you wonder

McAvoy,2024-02-16 Faith is under assault today in the media and on college campuses Numerous recent surveys show that college professors and contemporary scientists have lower religiosity compared to the general population Parents are concerned that their children s faith is not as strong as it should be Unfortunately scientific advances

can lead people to think that faith is passe supplanted by science and no longer necessary The average person is in awe of the accomplishments of science but overwhelmed by their complexity The purpose of this book is to demonstrate what one can learn from modern science that leads to the conclusion that God created our universe This book demonstrates how cosmology physics astronomy and evolution do not conflict with faith but actually strongly support faith in God The title of this book God the Geometer describes an image which appeared in a thirteenth century codex The image conveys the message that God created the universe using geometric and harmonic principles

God's Timeline Dawn Michele Strait,2020-10-12 Of all the verses in the Bible the one that most people hear quoted is John 3 16 But how many people realize the power that is behind those words One has to read the words that Jesus spoke in the Garden of Gethsemane However we are on God s timeline and we have got to realize the signs of the time We are getting very close to the end of an age What does this mean for mankind What was the beginning of time and who are all of the characters Who are going to be the new characters coming to the earth These questions and more are answered in God s Timeline

The Anti-Christ Bernard Palfrey,2009-04-18 Could we be Pharisaic self righteous Christians with the pretence of a sincere love for God that God might prove to be false There is a simple test of two questions that will establish whether as professing Christians we are speaking the truth in the matter of love The first question posed is Who do we love most in this world above any other The second question to be posed is Who do we love more the person of the first question or God If the answer is a statement of loving God more there is a need for us to learn the lesson of this book which is a message of truth written to prepare God's people for the final conflict between Christ and Satan There is not one church that is preaching the full truth as proclaimed in Scripture Jesus cannot return triumphant to a church in defeat

Connie'S Message—Smile! Jack B. Blount,2018-05-03 I wrote this book for two reasons both of which are tightly intertwined First is the fact that my daughter Connie and I discussed writing this book together while she was a freshman at the University of Kentucky After her death I needed to accomplish that goal we had set together to share our faith in God with others who were not fortunate to have been brought up in a Christian home Second is the fact that I know Satan was controlling the drunk driver who was responsible for Connie's death Therefore I want to honor God by sharing my faith that Connie is in heaven Satan took Connie's life in this world but God gave Connie eternal life in heaven Through faith in Jesus Christ we will someday be in heaven together again The Bible is the most published book in the world by far at over nine billion copies Yet I acknowledge that the Bible is not the

easiest place for someone new to Christian theology to begin a journey with God in our modern science dominated politically correct culture Therefore I have captured a lifetime of study and discussions about the Bible and shared it with you in this book in the hopes it will make you aware of what God offers everyone **Vortex Based Mathematics Infinite**
