Gnostic Anthropology Evolution Devolution And The Fate Of Humanity Timeless Gnostic Wisdom:

Gnostic Anthropology Samael Aun Weor, 2025-01-01 For centuries humanity has been caught between science evolutionism and religion creationism fighting about our origin and purpose Even though both sides have some truths both are crippled by blind faith in theories beliefs and speculations that are short on facts and abundant in contradictions and shortcomings What if the truth about life its origin purpose and future could be found through the union of science and religion What if rather than relying on fanatics who only repeat what they have been told one could learn to perceive and experience the truth for oneself This is the essential point of view of Gnosis knowledge from conscious experience By awakening consciousness which is religion to perceive reality as it is which is science one can begin to see that our history is far more incredible than modern science or religion suspect Based on this practical foundation Gnostic Anthropology explains the evolution of humanity as symbolized in the ancient teachings Rather than being the descendants of apes or of two divinely created people and the incest of their children we are the outcome of a very long and slow spiral cycle evolution and devolution whose pattern includes the rise and fall of civilizations faintly remembered in myths and scriptures such as the stories of the universal flood Atlantis Lemuria Hyperborea Thule etc Just as a child resembles its parents but also is changed humanity also resembles its parents but with changes In the birth and development of a single human being we can find all the clues of our ancient origins All we need to know is how to look in order to see the truth for ourselves Modern science insists upon the doctrine of evolution so do human reason and the Secret Doctrine and the idea is corroborated by the ancient legends and myths and even by the Bible itself when it is read between the lines We see a flower slowly developing from a bud and the bud from its seed But whence the latter with all its predetermined programme of physical transformation and its invisible therefore spiritual forces which gradually develop its form colour and odour The word evolution speaks for itself The germ of the present human race must have preexisted in the parent of this race as the seed in which lies hidden the flower of next summer was developed in the capsule of its parent flower H P Blavatsky Isis Unveiled Vol I p 153

Introduction to Gnosis Samael Aun Weor, 2025-02-01 In ancient times the Gnostics sought for salvation through personal experiential knowledge of the Divine Their methods of self reliance and their sublime knowledge profoundly impacted society such that the dominant powers felt threatened and the tradition was forced to disappear from public view Now after centuries of obscurity the Gnostics have re emerged still carrying their profound message of Gnosis knowledge of self and the Divine In a simple and elegant way Samael Aun Weor explains the basic methodology for people in today s world to begin to approach the greater mysteries of the Gnostics In this basic and practical guide Samael Aun Weor offers a breadth of exercises guiding the reader to discover within themselves a wealth of insight and understanding Gnosis after all is Greek for knowledge and the seeker is told Know thyself and thou shalt know the universe and its Gods A great author deduced that the human being needs eight important things in life health and the conservation of life nourishment sleep

money and the things money can buy life in the beyond sexual satisfaction the well being of his children and a sense of proper importance We synthesize these eight things into three 1 Health 2 Money 3 Love If you really want to acquire these three things you should study and practice everything that this course teaches you We will show you the path of success Samael Aun Weor Includes the lecture How to Make Light Within and the pamphlet Marriage Divorce and Tantra Topics include An Exercise to Control Your Anger The Power of Thought Mental Force Concentration of the Mind The Law of Karma Favorable Circumstances The Descent of Cosmic Vibration Prana The Names of the Tattvas Properties of the Tattvas Money Clairvoyance Alcoholism Meditation and Intoxication Osmotherapy Mental Relaxation Concentration Meditation Contemplation The Universal Mind Imagination and Will Mental Action Mental Epidemics Mental Hygiene Vegetarian Diet Self observation Chatter I s in the Five Centers Matrimony Divorce and Tantra and more **Gnosticism** Stephan A. Hoeller,2002-07-01 Gnosticism developed alongside Judeo Christianity over two thousand years ago but with an important difference It emphasizes not faith but direct perception of God Gnosticism being derived from the Greek word gnosis meaning knowledge Given the controversial premise that one can know God directly the history of Gnosticism is an unfolding drama of passion political intrigue martyrdom and mystery Dr Hoeller traces this fascinating story throughout time and shows how Gnosticism has inspired such great thinkers as Voltaire Blake Yeats Hesse Melville and Jung *Fundamentals of Gnostic Education* Samael Aun Weor,2013-05 The fundamental education is the science of the consciousness it is the science that allows us to discover our relationship with human beings nature and all things Samael Aun Weor In this amazing and deeply moving analysis of the problems that exist in modern systems of education Samael Aun Weor demonstrates with superior logic and tremendous love how vital it is for people to learn not what to think but HOW to think By awakening the consciousness and developing the heart and mind in equilibrium comes the potential to alter the painful realities that humanity is suffering within every day Perhaps his most quotable book it is an absolute necessity for all students of the Gnostic tradition and is especially beneficial for instructors and parents What is the value of studying law and becoming lawyers if we perpetuate fights What is the value of accumulating much knowledge within our mind if we continue to be confused What is the value of technical and industrial skills if we use them for the destruction of our fellowmen It is worthless to receive instruction to attend classes to study if in the process of our daily living we are miserably destroying one another Indeed the true objective of a fundamental education must be to create true men and women whobecause of their psychological integrationare cognizant and intelligent Samael Aun Weor **The Major Mysteries** Samael Aun Weor,2009-01-30 Arranged in three parts this unprecedented text answers the cries of centuries of pain and ignorance In the first part Samael Aun Weor explains in practical terms how to return to Eden through the door we exited so long ago In the second part the reader will be amazed by a detailed revelation of the initatic life of Jesus of Nazareth And in the third part the author discusses the Gnostic Movement the terrors of the coming days and many practical tools anyone can use to relieve

their suffering and the suffering of others **Fundamentals of Gnostic Education** Samael Aun Weor, 2025-02-01 The fundamental education is the science of the consciousness that allows us to discover our relationship with human beings nature and all things The Greek word gnosis means knowledge The higher meaning of gnosis is knowledge of facts acquired from personal experience Gnosis is genuine knowledge of the truth To understand truth one must experience it The greatest human beings in every field philosophy science art and religion did not imitate memorize or remain limited by popular ideas instead they sought gnosis to know the facts for themselves and in finding the facts they changed the world for the better Unfortunately such people are rare The problems afflicting individuals and society today have a simple root cause we have not yet learned how to think Instead people today are taught to memorize and imitate Schools teachers and parents today emphasize what we should think rather than teaching how to think question and analyze so we can recognize the facts deal with them intelligently and experience the truth for ourselves What is the value of accumulating much knowledge within our minds if we continue to be confused What is the value of technical and industrial skills if we use them for the destruction of our fellows It is worthless to receive instruction to attend classes to study if in the process of our daily living we are miserably destroying one another Indeed the true objective of a fundamental education must be to create true men and women who because of their psychological integration are cognizant and intelligent When our consciousness is liberated from the conditioning and restrictions imposed upon it by imitation bad habits defects vices and mistaken beliefs then we can see and experience the truth for ourselves In this way we no longer need to believe anything or follow anyone but are free to express our fundamental nature and realize our full potential This book guides us towards that experience that gnosis We need the union of superior logic and tremendous love heart and mind balanced by conscious awareness of facts This psychological equilibrium empowers us to alter the painful conditions that we suffer within Therefore we need a gnostic education an education based on personal experience of the truth **Introduction to Gnosis** Samael Aun Weor, 2007-02 In this basic and practical introduction to the fundamental basis of Gnosis Samael Aun Weor offers a breadth of exercises for the reader to establish stability and understanding in their daily life The sincere person who implements the guidance given in this profound book will discover a wealth of insight from their efforts Gnosis is after all knowledge Greek and each seeker is enjoined to Know Thyself This volume although simple in its expression and thin in size exudes the perfume of many centuries of profound Initiatic Wisdom **The Gnostic World** Garry W.
