

SCHLAGE

HandKey® II

Integrated with Symmetry™
by AMAG Technology, Inc.

Overview

The Schlage HandKey II biometric HandReader seamlessly integrates with AMAG's Symmetry Security Management Software to provide a secure and convenient biometric access control solution to meet your needs.

Symmetry combines advanced Access Control Software, Door Controllers, Card Readers and network IP Security Cameras into a uniquely powerful Security Management System. Through careful design it is extremely easy to learn and use, making it suitable for any size installation in any market.

The integration of the HandKey II with Symmetry allows you to add biometric security to critical access points fast, simply, and seamlessly to new and existing systems. The HandKey II measures and verifies the size and shape of a person's hand. Through the use of fused geometry, truly verify who is present as they access a door. An optional integrated proximity or smart card reader offers multi-factor authentication to provide even higher security for the most critical applications.

Multiple mounting options are available for the HandKey II to suit the requirements of your facility. Optional enclosures provide additional protection in a variety of difficult environments and provide protection from some weather conditions.
