Evidence for Faith 101 Bruce Bickel,Stan Jantz,2008 Free of clich s or rhetorical arguments a primer on Christian apologetics tackles vital questions people of all ages and beliefs are asking presenting evidence from the world history and lives of people who have been changed by something bigger than themselves Original *Your Identity in the Trinity* Sean Cole,2019-04-12 Many believers struggle with assurance of salvation tending to approach obedience to God out of either guilt or legalism We exist to display God s glory declare God s gospel and disciple for God s Great Commission Instead of embracing these truths many Christians have believed the lie that their identity in Christ does not affect how they live their lives in obedience to him The gospel tells us that being identity comes before doing obedience This lack of understanding our gospel identity frequently results in either legalistic pride or frustrating guilt The purpose of this book is to help believers understand their identity in the three persons of the Trinity and then joyfully serve God with gospel obedience The gospel indicatives in the Bible serve as the fountain and power for obeying the moral imperatives in the Bible The gospel roots our assurance of salvation and motivation to obey God in our identity not in moralism which elevates our performance instead of exalting the finished work of Christ *101 Great Ideas for Growing Healthy Churches* John Nelson,2014-08-01 A variety of experienced church leaders missionaries and other practitioners share simple and effective ideas for enhancing the life worship and witness of every local church With humour realism real life stories and top tips for dealing with challenging situations here is a welcome aid for all clergy and lay church leaders Biblical Apologetics Clifford B. The book you are holding in your hands is perhaps the simplest most straightforward summary and how to guide for presuppositional apologetics now in print It is both informative and practically helpful I believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers Pastor McManis writes with crisp clarity in a way that is certain to give you fresh insight into what Scripture teaches about the defense of the Christian faith I wish this book had been available when I was studying apologetics in seminary John MacArthur Pastor Teacher Grace Community Church President of The Masters College and Seminary Cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people i e to all believers This volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early Church Hopefully today's readers will be able to understand and put into practice the true nature of Peter's command in 1 Peter 3:15 as it is strategically situated in its defining context George J Zemek Academic Dean The Expositors Seminary Jupiter Florida *Foundations* Matthew Etherington, 2025-05-16 This book is for undergraduate and graduate students teachers school administrators organizational leaders theologians researchers and education practitioners It uncovers topics exclusive to education in general particularly Christian education while highlighting the experiences and perspectives of individual scholars in various contexts This tenth anniversary volume focuses on language community agency and identity topics Each chapter ends with discussion questions that offer the reader freedom of thought and expression and an opportunity to engage with others preferably in smaller groups **T&T Clark Handbook of Neo-Calvinism** Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837-1920 and Herman Bavinck 1854-1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields *A Layperson's Guide to Biblical Interpretation* Luke Brad Bobo, 2016-01-15 Interpreting an ancient book like the Bible can be an intimidating task Hopefully this book will demystify or make less complicated the task of Biblical interpretation for the layperson or seminarian by the use of a handy and memorable acronym SCAR where S means sitting with the text to listen to the Biblical author's words over and over again where C means the literary and cultural historical contexts where A means analysis and finally where R means God's Redemptive Remedy Readers are treated to some accessible theory behind Biblical interpretation in Part 1 and examples in Part 2 where SCAR is applied directly to two Old Testament and two New Testament texts God has revealed himself on the

pages of Scripture He has revealed himself because he wants to be jealously and desperately known so my prayer for you is that this small book along with the True Biblical Interpreter the Holy Spirit will greatly and patiently escort you in this endeavor so that you fall more in love with our beautiful and gracious God who knows and loves you intimately And may your growing and maturing love for him manifest itself in your unwavering obedience to him **The Story of Christian Spirituality** Gordon Mursell,2001 Beautifully illustrated throughout The Story of Christian Spirituality is a readable and vivid guide to the spiritual riches of one of the world s most influential religions The Literary Guide and Rationalist Review ,1917
