Knowledge of the Higher Worlds and Its Attainment Rudolf Steiner, 2016-04-24 The quintessential guide for the spiritual seeker from the deeply gifted mystic In human life joy is usually something one has not deserved through previous actions When we investigate karma by occult means we always discover that in most cases joy has not been earned and we should accept it gratefully as sent to us by the gods as a gift of the gods and to say to ourselves The joy which comes to meet us today ought to kindle in us the will to work in such a way as to take into ourselves the forces streaming to us through this joy and to apply these usefully We must look upon joy as a sort of prepayment on account for the future Love starts when we push aside our ego and make room for someone else If we do not believe within ourselves this deeply rooted feeling that there is something higher than ourselves we shall never find the strength to evolve into something higher May my soul bloom in love for all existence You will not be good teachers if you focus only on what you do and not upon who you are PREFACE TO THE EDITION OF MAY 1918 PREFACE TO THE SIXTH EDITION PREFACE TO THE THIRD EDITION I HOW IS KNOWLEDGE OF THE HIGHER WORLDS ATTAINED II THE STAGES OF INITIATION III SOME PRACTICAL ASPECTS IV THE CONDITIONS OF ESOTERIC TRAINING V SOME RESULTS OF INITIATION VI THE TRANSFORMATION OF DREAM LIFE VII THE CONTINUITY OF CONSCIOUSNESS VIII THE SPLITTING OF THE HUMAN PERSONALITY DURING SPIRITUAL TRAINING IX THE GUARDIAN OF THE THRESHOLD X LIFE AND DEATH THE GREATER GUARDIAN OF THE THRESHOLD APPENDIX The Universe Loves a Happy Ending Hans Andeweg, 2016-04-05 The Universe Loves a Happy Ending is a new work from Hans Andeweg the author of In Resonance with Nature The earlier book became the basis of an instrument based eco healing method this book describes a revolutionary paradigm for energetic healing called ECOintention a technology free way of healing life and ecosystems from a distance Using his own journey of discovery as a

backdrop the author guides us through a complex weave of quantum mechanics zero point energy near death experiences compassion forgiveness the Maya calendar and ancient wisdom from China and Hawaii Gradually we emerge into the light of the coherent theory of energetic healing that is ECOintention The first principle behind this work is that everything is energy and that everything is connected to everything else But what does that mean for us personally in our daily life in our connections with our fellow humans and our work and in our relationship with the earth as a whole The Universe Loves a Happy Ending answers these questions It shows how the emerging connections between quantum science and universal spiritual laws give us new tools for working with life energy and consciousness as well as for influencing events The Universe Loves a Happy Ending summarizes the practical applications of this work in ten Principles of Energetic Guardianship For those of us who act as custodians or guardians of life whether we are managers or leaders community activists or private individuals regardless of whether we operate on a small or a large scale these principles show us how to energetically charge support and guide the life systems and ecosystems that are in our care Accessibly written and with numerous color illustrations The Universe Loves a Happy Ending is an important book for anyone who acknowledges the importance of caring for the planet the environment and life at every level

The Problem of Disenchantment Egil Asprem, 2018-05-31 Challenges the conventional view of a disenchanted and secular modernity and recovers the complex relation that exists between science religion and esotericism in the modern world Max Weber famously characterized the ongoing process of intellectualization and rationalization that separates the natural world from the divine by excluding magic and value from the realm of science and reason and fact from the realm of religion as the disenchantment of the world Egil Asprem argues for a conceptual shift in how we view this key narrative of modernity Instead of a sociohistorical process of disenchantment that produces increasingly rational minds Asprem maintains that the continued presence of magic and enchantment in people's everyday experience of the world created an intellectual problem for those few who were socialized to believe that nature should contain no such incalculable mysteries Drawing on a wide range of early twentieth century primary sources from theoretical physics occultism embryology radioactivity psychical research and other fields Asprem casts the intellectual life of high modernity as a synchronic struggle across conspicuously different fields that shared surprisingly similar intellectual problems about value meaning and the limits of knowledge The Problem of Disenchantment is in its entirety extraordinarily well researched argued and written representing at once the most complete and nuanced treatment of the notion of disenchantment within this network of scientific religious

The Guardian of the Threshold and the Philosophy of Freedom Sergei O. Prokofieff, 2011 The mystery of the Guardian and the Threshold he protects belong among the central most significant themes on the path of modern initiation For without the encounter with the Guardian the Threshold to the spiritual world can never be crossed in full consciousness The consequence would then be that for all the experiences in the realm on the other side of the Threshold there can be no certainty as to the truth of their contents from the preface Just as an entire plant is contained in seminal form in its seed the whole of Anthroposophy can be discovered in Rudolf Steiner's central work *The Philosophy of Freedom* *Intuitive Thinking as a Spiritual Path* a book that lays the foundation for a modern scientific path to the spiritual world Given the centrality of the Guardian of the Threshold to modern initiation one may ask where this theme can be found in *The Philosophy of Freedom* Sergei Prokofieff presents his insights to this little researched question in the first part of this volume In the second part he investigates the connection of *The Philosophy of Freedom* to the content of Rudolf Steiner's research into to what he called *The Fifth Gospel* Prokofieff's thoughtful commentary sheds new light on the connection between Rudolf Steiner's early work and what he developed later in life Study of the relevant texts reveals that the roots of Steiner's early work lie in the same spiritual reality the Christ impulse as that of the later Anthroposophy he would develop
