practising teachers and student teachers especially those undertaking postgraduate qualifications as well as early literacy researchers policy makers and school based literacy leaders Learning from Picturebooks Bettina

Kümmerling-Meibauer, Jörg Meibauer, Kerstin Nachtigäller, Katharina J. Rohlfing, 2015-02-20 Picturebooks understood as a series of meaningful text picture relations are increasingly acknowledged as an autonomous sub genre of children s literature Being highly complex aesthetic products their use is deeply embedded in specific situations of joint attention between a caregiver and a child This volume focuses on the question of what children may learn from looking at picturebooks whether printed in a book format created in a digital format or self produced by educationalists and researchers Interest in the relationship between cognitive processes and children s literature is growing rapidly and in this book theoretical frameworks such as cognitive linguistics cognitive narratology cognitive poetics and cognitive psychology have been applied to the analysis of children s literature Chapters gather empirical research from the fields of literary studies linguistics and cognitive psychology together for the first time to build a cohesive understanding of how picturebooks assist learning and development International contributions explore language acquisition the child s cognitive development emotional development literary acquisition literary literacy visual literacy Divided into three parts considering symbol based learning co constructed learning and learning language skills this cross disciplinary volume will appeal to researchers students and professionals engaged in children s literature and literacy studies as well as those from the fields of cognitive and developmental psychology linguistics and education **Teaching Race in Perilous Times** Jason E. Cohen, Sharon D. Raynor, Dwayne A.

Mack, 2021-03-01 The college classroom is inevitably influenced by and in turn influences the world around it In the United States this means the complex topic of race can come into play in ways that are both explicit and implicit Teaching Race in Perilous Times highlights and confronts the challenges of teaching race in the United States from syllabus development and pedagogical strategies to accreditation and curricular reform Across fifteen original essays contributors draw on their experiences teaching in different institutional contexts and adopt various qualitative methods from their home disciplines to offer practical strategies for discussing race and racism with students while also reflecting on broader issues in higher education Contributors examine how teachers can respond productively to emotionally charged contexts recognize the roles and pressures that faculty assume as activists in the classroom focus a timely lens on the shifting racial politics and economics of higher education and call for a more historically sensitive reading of the pedagogies involved in teaching race The volume offers a corrective to claims following the 2016 US presidential election that the current moment is unprecedented highlighting the pivotal role of the classroom in contextualizing and responding to our perilous times

Evaluating Literacy Instruction Rachael E. Gabriel, Richard L. Allington, 2017-09-19 This must read book for all literacy educators illuminates the intersection of research on literacy instruction and teacher evaluation Since 2009 46 states have changed or revised policies related to evaluating teachers and school leaders In order for these new policies to be used to

support and develop effective literacy instruction resources are needed that connect the best of what is known about teaching literacy with current evaluation policies and support practices A major contribution to meeting this need the volume brings together a range of perspectives on tools systems and policies for the evaluation of teaching organized into two sections Crafting Systems and Policies for Evaluating Literacy Instruction Examples of Alternative Systems Approaches for Evaluating Literacy Instruction Across the text expert scholars in the field emphasize the need for literacy professionals to do more than merely apply generic observation instruments for teacher evaluation but also to consider how these tools reflect professional values how elements of effective literacy instruction can be unearthed or included within them and how teacher evaluation systems and policies can be used to increase students opportunities to develop literacy

Doing History Linda S. Levstik,Keith C. Barton,2022-09-06 Now in its sixth edition Doing History offers a unique perspective on teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The book is grounded in the view that children can engage in valid forms of historical inquiry asking questions collecting and analyzing evidence examining the varied perspectives and experiences of people in the past and creating evidence based historical accounts and interpretations Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing and discussion The authors explain how these classrooms reflect contemporary principles of teaching and learning and thus the descriptions not only provide specific examples of successful activities but also place them in a context that allows teachers to adapt and apply them in a wide range of settings Doing History emphasizes diversity in two ways Readers encounter students from a variety of backgrounds and see how their diverse experiences can form the foundation for learning and they also see examples of how teachers can engage students with

diverse experiences and perspectives in the past including those that led to conflict and oppression The book also discusses principles for working with English learners and newcomers and it provides guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children s learning Updates to this edition include updated historical and instructional examples to ensure currency new suggestions for children s literature to support good teaching expanded attention to teaching about oppressed groups in history and greater attention to when historical perspective taking is and is not appropriate *Resources in Education* ,2001
