Master Dating How To Meet And Attract Quality Men:

Master Dating Felicia Rose Adler, 2002-03 Asking a woman out is one of the hardest things a man has to do That's why you have to help the man of your dreams work up the nerve to do it and let him know that when he does you'll say yes In *Master Dating* Felicia Rose Adler will show you how The secret is to be open outgoing confident and approachable But there's only one rule to follow be yourself and don't play games Consider this Women often worry about how long to wait before calling a man because they don't want to seem desperate Adler says that's silly The waiting game probably started as a face saving device and ended up as a strategy to manipulate others But it's still a game and it never works If a guy likes you because you didn't call him he likes you for a game you were playing not for the way you really are You'll seem desperate and needy only if you truly are Being desperate and needy has nothing to do with liking an individual person it has to do with a neurotic desire to be liked by everyone When you're truly confident you can like someone and if he doesn't like you that's perfectly all right If a man doesn't like you the real you why would you want him for a partner His lack of taste instantly disqualifies him as a candidate for a successful relationship with you Once you accept this basic concept your whole attitude and approach to dating will change Now you're no longer trying to be liked by every man you meet Now you're interviewing to see who qualifies for you based on his likes and yours There's no risk and no desperation *Master Dating* is full of wisdom like this Yet its author is neither a psychologist nor a therapist In her own words she's a real person out there on the front lines a hairdresser who owns her own funky little shop The Jungle in Los Angeles After more than a decade of listening to clients and giving them advice that worked she finally listened to their advice to write this book She explains that the happy enough being single to wait for a great relationship state of mind is the healthiest possible place from which to start a relationship Reading *Master Dating* will help you reach that place Book jacket **How to Pick a Lover** Wesley
