Love, Reason and Morality Katrien Schaubroeck, Esther Kroeker, 2016-07-28 This book brings together new essays that explore the connection

between love and reasons The observation that considerations of love carry significant weight in the deliberative process opens up new perspectives in the classic discussion about practical reasons and gives rise to many interesting questions about the nature of love's reasons about their source and legitimacy about their relation to moral and epistemic reasons and about the extent to which love is sensitive to reasons The contributors to this volume orient questions related to love within the broader context of the contemporary discussion on practical reasons and move forward the conversation about the normative dimensions of love Love Reason and Morality will be of interest to philosophers working on issues of normativity meta ethics and moral psychology and especially those interested in the source of practical reasons and the role of attachments in practical deliberation

Love, Reason and Will Anthony Rudd, John Davenport, 2015-10-22 An introduction to the philosophy of love bridging analytic and continental philosophy and the philosophy of religion through the writings of Harry G Frankfurt and S ren Kierkegaard

The Reasons of Love Harry G. Frankfurt, 2009-01-13 From the author of the 1 New York Times bestseller *On Bullshit* a profound meditation on how and why we love In *The Reasons of Love* leading moral philosopher and bestselling author Harry Frankfurt argues that the key to a fulfilled life is to pursue wholeheartedly what one cares about that love is the most authoritative form of caring and that the purest form of love is in a complicated way self love Through caring we infuse the world with meaning Caring provides us with stable ambitions and concerns and it shapes the framework of aims and interests within which we lead our lives Love is a nonvoluntary disinterested concern for the flourishing of what we love and self love as distinct from self indulgence is at heart of this concern The most elementary form of self love is no more than the desire to love and self love is simply a

commitment to finding meaning in our lives *10 Reasons Why First Love is Unforgettable* Margaret Light, 2025-01-29 First love is more than just a fleeting romance it is an experience that leaves an indelible mark on the heart 10 Reasons Why First Love is Unforgettable explores why this first encounter with love is so powerful shaping emotions expectations and future relationships From its intensity and purity to the lessons learned through joy and heartbreak first love is a defining moment of self discovery and emotional awakening Whether it lasted forever or ended in bittersweet nostalgia its impact never fades This book delves into the reasons why first love remains etched in memory influencing how we love for a lifetime **Love Beyond Reason** John Ortberg, 2010-05-11 How Do You Explain a Love That Has No Explanation What will happen if you let it touch your heart God loves you not because you are flawless not because you are a perfect person but just because you are In Love Beyond Reason John Ortberg reveals the God you've longed to encounter a Father head over heels in love with you his child and intensely committed to your highest joy Ortberg takes you to the very core of God's being to discover a burning passionate love that gives and gives and gives He explores the life changing ways this love has expressed itself through Jesus And he shows how you like Jesus can love your mate your family your friends and the world around you with the same practical transforming love Dispelling your fears and misconceptions of God Love Beyond Reason brings you face to face with the Love that frees and empowers you to love **Morality Collapses** Stephen Kershner, 2025-06-27 This book argues that consequentialism and non consequentialism are false because they face metaphysical and intuitional problems The two theories exhaust the theories of the right so there is no rightness This result matters because it requires us to give up widely held beliefs regarding knowledge moral responsibility and reasons for action The author's argument is unique because it focuses on applied ethical arguments rather than metaethical issues Specifically it avoids metaethical discussions of whether morality explains our thoughts and actions how we know about morality and whether the denial of morality is self defeating The author specifically argues against consequentialism and non consequentialism in the following ways Metaphysical Problems Consequentialism and non consequentialism are false because they need a theory of counterfactuals and backtracking that they cannot have Rights Problems Non consequentialism is false because non consequentialism depends on rights and people do not have rights They do not have rights because of problems regarding moral responsibility right grounding and self ownership Circularity Non consequentialism is false because the basic building blocks of non consequentialism desert rights and virtue are circular Morality Collapses will be of interest to researchers and graduate students working in normative ethics metaethics moral responsibility and political philosophy *Self-Organization in Psychotherapy* Arno L. Goudsmit, 2012-12-06 This book presents self organization as a common theoretical foundation for a variety of therapy styles New models and conceptual tools that describe and explain some of the crucial features of psychotherapy are discussed In contrast to other highly theoretical and technical discussions of the subject this book gives a wider audience an understanding of recent developments **The World's Best Poetry: Love; introductory essay: The**

future of poetry, by J.V. Cheney John Vance Cheney, Sir Charles George Douglas Roberts, Francis Hovey Stoddard, Charles Francis Richardson, John Raymond Howard, 1904 **Marcus Aurelius in Love** Marcus Aurelius, Marcus Cornelius Fronto, 2008-09-15 In 1815 a manuscript containing one of the long lost treasures of antiquity was discovered the letters of Marcus Cornelius Fronto reputed to have been one of the greatest Roman orators But this find disappointed many nineteenth century readers who had hoped for the letters to convey all of the political drama of Cicero's That the collection included passionate love letters between Fronto and the future emperor Marcus Aurelius was politely ignored or concealed And for almost two hundred years these letters have lain hidden in plain sight Marcus Aurelius in Love rescues these letters from obscurity and returns them to the public eye The story of Marcus and Fronto began in 139 CE when Fronto was selected to instruct Marcus in rhetoric Marcus was eighteen then and by all appearances the pupil and teacher fell in love Spanning the years in which the relationship flowered and died these are the only love letters to survive from antiquity homoerotic or otherwise With a translation that reproduces the effusive slangy style of the young prince and the rhetorical flourishes of his master the letters between Marcus and Fronto will rightfully be reconsidered as key documents in the study of the history of sexuality and classics **The Open Court** Paul Carus, 1898 **Ordered by Love** Thomas Ward, 2022-11 John Duns Scotus 1265-1308 beatified by Pope St John Paul II in 1993 is widely recognized as one of the most original and influential philosophers and theologians of the Middle Ages Ordered by Love offers a sympathetic exploration of a wide range of Scotus's thought Topics covered include his understanding of the relationship between faith and reason his doctrine of individuation by haecceity thisness his theory of the univocity of the concept of being his emphasis on God's freedom and its supposed consequences for moral theory his defense of Mary's immaculate conception and his teaching on the primacy of Christ

God of Love and God of Reason David R. Mason, 2016-02-18 These homilies lectures and essays vigorously champion the author's conviction that it is reasonable to believe in a God of pure unbounded love and also that the best religion is a reasonable religion That is the God of Love is the God of Reason and as a seventeenth century Cambridge preacher put it If you would be religious be rational in your religion Thus these essays challenge both the New Atheists and Fundamentalists who are twins like Tweedledum and Tweedledee And they aim positively to unpack the meaning and implications of Jesus dictum You shall love the Lord your God with all your heart and with all your soul and with all your mind This is the greatest and first commandment And the second is like it You shall love your neighbor as yourself On these two commandments hang all the law and the prophets *The Brotherhood* Patrick Quirk, 2003-11-24 The Brotherhood continues the spiritual adventure of a young archeologist in his quest to find the second sacred site located on the Earth's energy grid Marked for death he and four close friends are relentlessly pursued by a priest from an ancient religious order desperate to suppress forbidden knowledge that will awaken mankind from life's illusions Their adventures lead them to discover a darkened map room in the Ancient City of Prophecy a dangerous geologic experiment in New Mexico and travelers from the Star Nation

Follow the group as they drop all the rules to gain their spirituality and race against time to activate the sacred site and stop a geologic disaster of unprecedented proportions from occurring to the Earth Mother *Soul's Flight* Nancy MacKenzie, 1997 Inspired by a penchant for Neoplatonic philosophy *Soul's Flight* takes the reader on a metaphysical journey through poetry that expresses a family's grief over their mother's death
