Love Forever Live Forever:

Jesus 100 Robin Gamble, 2022-03-24 An obscure little religious teacher operating in a back of beyond place called the Galilee Preacher healer leader life transformer befriender largely unknown and unnoticed in his own time And yet today Millions all over the world Follow him love him are inspired by him And experience him Meet Jesus The most significant mysterious and attractive person who has ever lived Here are 100 greatest hit stories from the Gospels All explained with a contemporary voice *True and Lasting Love* Bernardo Leonard, 2003 This is a must and essential book to have Le Meilleur the best There is power in the words and gestures of Bernardo It is impossible to read his work without being moved He pours himself out before you and in your own heart you experience immediate contact and warmth He transports you to a purer region from which dogmas and mysteries descend He loosened his words like arrows from the bow and his whole heart seems to fly with them The pathetic the profound the sublime are side by side with the simple and the ordinary What is most divine in the heart of a man cannot be expressed in writing Yet this writer did It has depth it convicts It causes one to re evaluate oneself Yet dira la verite est beate to tell the truth is beautiful Jean Paul Screenwrite Nice France A very thought provoking book to say the least As Bernardo Leonard points out with sometimes painful clarity there is no greater power on earth than love The merging of earthly Love and theological support of that Love is accomplished without undue and unnecessary pressure to convert Instead the pressure exerted upon the reader is to think hence thought provoking As much as I tried to disagree with him on certain issues of forgiveness I knew in my heart that Bernardo was right We can fool some of the people some of the time fool all of the people all of the time but we can never fool ourselves at any time When you know the truth in your heart you know the truth Period To err is human to forgive is divine So much of humanity is so far removed from divine reading and digesting this book will bring them closer The reader can identify with each of Bernardo s Love filled and Love driven chapters because every human being is in search of ONE thing and only one thing LOVE Some run the race claiming it s money or fame they are after others claim this and still others claim that Every one of us understands that the reason we live is to Love and be Loved Thank you Bernardo for putting these truths to paper Stan Brushwood Tucson Arizona **Addresses** Henry Drummond, James Young Simpson, 2019-10-11 First published in 1891 Henry Drummond s Addresses contains a collection of his sermons on a variety of different subjects and for different audiences including his most famous and still popular sermon The Greatest Thing in the World Offering useful advice and guidance on a range of important subjects this fantastic collection will be of utility to preachers and devotees alike and it would make for a wonderful addition to collections of allied literature Contents include Religion Introductory Love The Greatest Thing in the World Lessons from the Angelus Pax Vobiscum First An Address to Boys The Changed Life The Greatest Need of the World Dealing with Doubt etc Rev Prof Henry Drummond 1851 1897 was a Scottish biologist evangelist lecturer and writer He had an incredible religious influence on his own generation Other notable works by this author

Humanity's End Nicholas Agar, 2013-08-16 An argument that achieving millennial life spans or monumental intellects will destroy values that give meaning to human lives Proposals to make us smarter than the greatest geniuses or to add thousands of years to our life spans seem fit only for the spam folder or trash can And yet this is what contemporary advocates of radical enhancement offer in all seriousness They present a variety of technologies and therapies that will expand our capacities far beyond what is currently possible for human beings In *Humanity's End* Nicholas Agar argues against radical enhancement describing its destructive consequences Agar examines the proposals of four prominent radical enhancers Ray Kurzweil who argues that technology will enable our escape from human biology Aubrey de Grey who calls for anti aging therapies that will achieve longevity escape velocity Nick Bostrom who defends the morality and rationality of enhancement and James Hughes who envisions a harmonious democracy of the enhanced and the unenhanced Agar argues that the outcomes of radical enhancement could be darker than the rosy futures described by these thinkers The most dramatic means of enhancing our cognitive powers could in fact kill us the radical extension of our life span could eliminate experiences of great value from our lives and a situation in which some humans are radically enhanced and others are not could lead to tyranny of posthumans over humans
