

Chapter Eighteen Industry and Urban Growth

Please remember to study your Powerpoint slides!

Railroads Spur Industry – *From farmers to machine operators*

- ▶ The railroad helped fuel the growth of industry by linking the eastern and the western parts of the U.S. Factories in the east now had additional markets in which to sell their goods. In addition, railroads brought raw materials found in the west to eastern cities to be utilized by the factories.
- ▶ The East and West country was connected with the completion of the Transcontinental Railroad.
- ▶ Railroads enabled more people to settle in the West.
- ▶ Railroad companies offered **rebates** to their largest customers, which hurt many small businesses and farmers.
- ▶ The growing number of immigrants to the United States provided factories with a cheap source of labor.

INDUSTRIALIZATION – *From farmers to machine operators*

- ▶ The railroad helped fuel the growth of industry by linking the eastern and the western parts of the U.S. Factories in the east now had additional markets in which to sell their goods. In addition, railroads brought raw materials found in the west to eastern cities to be utilized by the factories.
- ▶ The growing number of immigrants to the United States provided factories with a cheap source of labor.
- ▶ During industrialization, products were no longer made by individual artisans or craftsmen; instead, factories used machines and the **assembly line** to mass-produce goods.
- ▶ The assembly line was used by Henry Ford to mass produce automobiles.
- ▶ Workers on an assembly line have one specialized task they complete all day. The product moves along a conveyor belt and each worker completes his/her task.
- ▶ Mass production caused factory owners to make larger profits and gave consumers cheaper prices.
- ▶ Industrialization changed the way businesses were organized. **Corporations** began to grow and there were fewer single owned businesses.
- ▶ Corporations are able to raise more **capital** (money) through the sale of **stocks** (shares in a company). They used this capital to expand the size of their companies.
- ▶ **Rockefeller** controlled the oil industry (Standard Oil), **Carnegie** controlled the steel industry (US Steel) **Vanderbilt** controlled railroads.
- ▶ Rockefeller, Carnegie, and other leading industrialists were often criticized for their ruthless business actions. Critics considered them **robber barons**. They were also considered by some as **captain of industries** and **philanthropists** for the charitable donations they made.

The Role of Industrialization for Urban Development in Bole Lemi Industrial Park Emebet Hailemichael,2020-07-17 Master s Thesis from the year 2019 in the subject Geography Earth Science Demographics Urban Management Planning grade 95 5 Ethiopian Civil Service University College of Urban Development and Engineering course Urban Management language English abstract This study has investigated the role of industrialization for urban development specifically socio economic development and environmental effect in Addis Ababa by using descriptive research design Primary and secondary data were collected through multiple data gathering tools i e questionnaire interview observation and document review and probability and non probability sampling methods were applied The collected data was analyzed through narration and descriptive analysis method Bole Lemi IP has played role in achieving social development of the urban community through the provision of infrastructure and services to the previously underserved community But the social development opportunity brought by this industrialization is unequal since communities living around the IP are still deprived of basic services and infrastructure This is due to lack of integration between industrialization and urban development The relocated households have been introduced with structural change in their way of life however they become exposed to the risk of impoverishment Even if part of the urban community i e relocated households has become vulnerable to economic hardship and industrial employees remained the working poor the IP is playing significant role for economic development To boost the role of industrialization for holistic urban development creating strong integration between industrialization and urban development and building synergy between different government institution and their goals is a must This is because swinging together with different feathers is not the choice that can be made it is obligatory instead

Summaries of Foreign Government Environmental Reports ,1975

Knowledge-Based Urban Development: Planning and Applications in the Information Era Yigitcanlar, Tan,Velibeyoglu, Koray,Baum, Scott,2008-02-28 This book covers theoretical thematic and country specific issues of knowledge cities to underline the growing importance of KBUD all around the world providing substantive research on the decisive lineaments of urban development for knowledge based production drawing attention to new planning processes to foster such development and worldwide best practices and case studies in the field of urban

development Provided by publisher **Transport and the industrial city** Peter Maw, 2018-02-28 This book presents the first scholarly study of the contribution of canals to Britain's industrial revolution. Although the achievements of canal engineers remain central to popular understandings of industrialisation, historians have been surprisingly reticent to analyse the full scope of the connections between canals, transport and the first industrial revolution. Focusing on Manchester, Britain's major centre of both industrial and transport innovation, it shows that canals were at the heart of the self-styled Cottonopolis. Not only did canals move the key commodities of Manchester's industrial revolution: coal, corn and cotton, but canal banks also provided the key sites for the factories that made Manchester the shock city of the early Victorian age. This book will become essential reading for historians and students interested in the industrial revolution, transport and the unique history of Manchester, the world's first industrial city. Marketing Information Guide, 1959 **Resources in Education**, 1998 **Progress, Civic, Social, Industrial**, 1917 **Progress & the Scientific Worker, Scientific, Social, Educational, Industrial**, 1921 **Area Development Bulletin**, 1960 **Distribution Data Guide**, 1958 **Book Review Digest**, 1923
