Personal Performance Potential at Work Brian Groves, 2015-07-13 By approaching workplace performance from the perspective of the theatre my previous books² have attempted to illustrate the connection between work and the world of drama and dramatic texts Here now the emphasis is on performance at work borrowing in many instances as we shall see from the theatre for the sake of satisfying an audience comprised of our stakeholders That we are all performing at any moment is a noted idea With the increasing presence of surveillance cameras in many towns and cities today we are indeed almost continually in the spotlight That said personal performance in this book relates to our intentional actions as opposed to activities merely performed as habits or reactions to stimuli deriving from external sources Focusing on performance potential and the workplace certain ideas were originally produced as material for my personal blog³ over the period June 2013 June 2014 Excerpted from the Introduction *International Perspectives on Competence in the Workplace* C.R. Velde, 2011-06-27 In the future a more competent workforce will be required as workers will have to acquire the competence

to predict and deal with novel situations at work This book aims to provide the reader with insightful perspectives about competence in different situations and contexts It presents a more enlightened view of human competence by opening up an international dialogue about the meaning and interpretation of competence in the workplace and the impact of learning environments on workplace policy and practice Five major premises which provide a basis for how we interpret experience and teach competence in the workplace are put forward notions of worker competence and the persuasiveness of informal workplace training developing competence as an individual and the inherent relationship between the worker and work and the lifeworld learning which develops higher level competences based on a more holistic conception of competence characteristics of learning environments as integral components of learning at work learning environments construed as theoretical and methodological problems in terms of their impact on the acquisition of competence Handbuch Informelles Lernen Matthias Rohs, 2016-04-07 Informelles Lernen ist in den letzten Jahren von einer vermeintlichen Restkategorie zu einem etablierten Bestandteil der Diskussion in vielen p dagogischen Handlungsfeldern geworden Das Handbuch Informelles Lernen f hrt in diese Diskussion ein indem es einen systematischen berblick ber die historische Genese die theoretischen Grundlagen empirische Erkenntnisse und forschungsmethodische Ans tze dieses Feldes gibt Renommierete Expertinnen und Experten stellen den Diskussionsstand aus dem Blickwinkel verschiedener p dagogischer Teildisziplinen Lebensphasen Kontexte und Inhalte vor Den digitalen Medien kommt dabei eine besondere Bedeutung zu da sie f r das informelle Lernen in allen p dagogischen Handlungsfeldern relevant sind Das Handbuch unterst tzt damit eine breite Wahrnehmung des Diskurses und bietet Anregungen f r eine tiefergehende Auseinandersetzung in Studium Forschung und Praxis **Learning and Performance** Bryan Hopkins, 2016-11-10 Changing work roles greater emphasis on individual autonomy the growing importance of relationships the complexity of many businesses all these things call into question the prevailing approach to training needs analysis and evaluation which still tends to be based on a simple gap analysis between job requirements and an employee s knowledge and skills Bryan Hopkins s Learning and Performance takes a systemic approach to workplace performance training needs and the basis on which we can analyse them and evaluate the subsequent training The author s approach offers a model for HR and training departments that is relevant and sufficiently sophisticated for today s workplaces As with all his books Bryan Hopkins combines a complete understanding of learning and organisational theory with pragmatic examples ensuring a book that will be read and applied in equal measure Learning in Organizations J.
