Paint and Coating Testing Manual , **Electro-rheological Fluids, Magneto-rheological Suspensions And Their Application - Proceedings Of The 6th International Conference** Kiyohito Koyama,M Nakano,1999-01-18

Electrorheological ER fluids and magnetorheological MR suspensions show dramatic and reversible rheological changes when the electric or magnetic field is applied Over the past several years their performance and reliability have been significantly improved and their potential applications and acceptances have been widened These fluids may make a tremendous impact on industry and technology This volume contains a total of 107 papers which are most up to date and which give probably the best information on the state of the art of the ERF MRS field It covers the fields of material technology mechanisms bridging structure and properties on ER fluids MR suspensions and ferrofluids and the fields of their applications i e damping devices clutches braking devices actuators optical devices polishing devices and so on

Magnetohydrodynamics ,1997 Quality Assurance in Tropical Fruit Processing Ahmed Askar,Hans Treptow,2013-03-07
Tropical and subtropical countries have become well aware of the fact that they must make better use of their fruits In spite of the favourable climatic conditions for the production of varieties of delicious fruits in such countries continuously high temperatures shorten the shelf life of most fruits and fruit products A tropical climate provides ideal conditions for rapid growth of spoilage microorganisms and for chemical reactions Most of such reactions in fruits and fruit products are deteriorative in nature causing high respiration rates texture softening and spoilage of fruit This causes loss of colour flavour and vitamins and browning of fruit products Even though a fruit product has been rendered microbiologically stable these chemical reactions continue to occur in storage and they occur much more rapidly in a tropical climate The processing of fruits and soft drinks is a predominate food industry in tropical and subtropical countries Some of the large companies in such industries are partly foreign owned They seem to be efficiently operated with adequate capital good management and technological competence all of which are usually imported from the parent company However most of small and medium companies are locally owned and are deficient in technology and management ability The products are generally fair It is rare to find a trained quality assurance manager in these companies Processing of good fruit products especially for export requires sound fruit processing lines as well as good management that achieves internationally accepted standards of quality
