Ingles Elemental Ingles Para Espanoles:

Two Centuries of English Language Teaching and Learning in Spain Alberto Lombardero Caparrós, 2025-10-01 This book provides an exhaustive historical account of how the English language was taught and learnt in Spain over two centuries Since its origins back in 1769 with the publication of San Joaquín de Pedro's Gramática inglesa until 1970 a key year in European and World affairs A period of time ample enough to accurately gauge the impact of this social phenomenon against the backdrop of social and political unrest which looms over the whole period but also with scientific breakthroughs that shaped our modern world The history of ELT runs parallel to those events adopting different mainstream trends ranging from the Traditional or Latin like approach to foreign language teaching to the so called Grammar Translation Method and the Direct or Oral Method However special attention is also given to minor trends such as Eclecticism which constantly overlaps the mainstream trends This book is the first to take a close look at how the English language was taught and learnt in Spain for a two century period when the French language was the Spaniards first choice when it came to learning a foreign language Inglés para españoles Basil Potter, 1951 *Inglés para niños hispanohablantes.
