INHERITOR

You are the heir to something of great value—not mere coin or wealth, but an object that has been entrusted to you and you alone. Your inheritance might have come directly to you from a member of your family, by right of birth, or it could have been left to you by a friend, a mentor, a teacher, or someone else important in your life. The revelation of your inheritance changed your life, and might have set you on the path to adventure, but it could also come with many dangers, including those who covet your gift and want to take it from you—by force, if need be.

Tool Proficiencies: Your choice of a gaming set or a musical instrument.

The DM also determines the properties of your inheritance and how they figure into the item's history and importance. For instance, the object might be a minor magic item, or one that begins with a modest ability and increases in potency with the passage of time. Or, the true nature of your inheritance might not be apparent at first and is revealed only when certain conditions are met.

When you begin your adventuring career, you can decide whether to tell your companions about your in-
