Beyond Thirty Edgar Rice Burroughs,2024-10-09T22:03:09Z Lieutenant Jefferson Turck is a naval officer from Pan America the unified supercontinent and dominant world power of the 22nd Century Though he is only twenty one he is greatly respected by the crew of the aero submarine Coldwater Coming from a long line of soldiers and sailors Turck longs for adventure But in the year 2137 such exploration outside of the Pan American regions is forbidden Merely crossing beyond a line on a map is considered treason punishable by death The globe between 30 W and 175 W is a mystery except for tall tales and ancient histories When equipment failures befall the Coldwater the ship veers dangerously close to the dead line Violent storms worsen the situation and tensions rise as some sailors fear danger on the other side or punishment from their own government In the midst of it all Turck feels only a sense of excitement what lies beyond thirty The ship's captain and a small complement of sailors set out to find help anywhere they can and end up in a land that is far from what they expected This book is part of the Standard Ebooks project which produces free public domain ebooks *The Lost Continent* Edgar Rice Burroughs,2013-03-15 The Lost Continent is one of the least known of Burroughs thrilling science fiction tales In the year 2137 civilization has been in decline for nearly two centuries and war torn Europe is but a distant memory to the inhabitants of the isolated United States But an American adventurer rediscovers the Old World which has become a strange and savage land [The Lost Continent](#) Edgar Rice Burroughs,2022-09-08 Reproduction of the original

Rice Burroughs,2013-12 You might think of The Lost Continent as an alternate history of the future as seen from the past Burroughs based a lot of this tale on the isolationist attitudes of the USA and what might happen if the US didn't get involved in world affairs It's a wild ride of course The original title Beyond Thirty referred to the 30th Meridian West as anything beyond that up to the 175th Meridian East was unknown to the people of the 22nd century **The Lost Continent - Large Print Edition** Edgar Rice Burroughs,2020-11-14 Since earliest childhood I have been strangely fascinated by the mystery surrounding the history of the last days of twentieth century Europe My interest is keenest perhaps not so much in relation to known facts as to speculation upon the unknowable of the two centuries that have rolled by since human intercourse between the Western and Eastern Hemispheres ceased the mystery of Europe's state following the termination of the Great War provided of course that the war had been terminated From out of the meagerness of our censored histories we learned that for fifteen years after the cessation of diplomatic relations between the United States of North America and the belligerent nations of the Old World news of more or less doubtful authenticity filtered from time to time into the Western Hemisphere from the East Then came the fruition of that historic propaganda which is best described by its own slogan The East for the East the West for the West and all further intercourse was stopped by statute Even prior to this transoceanic commerce had practically ceased owing to the perils and hazards of the mine strewn waters of both the Atlantic and Pacific Oceans Just when submarine activities ended we do not know but the last vessel of this type sighted by a Pan American merchantman was the huge Q 138 which discharged twenty nine torpedoes at a Brazilian tank steamer off the Bermudas in the fall A heavy sea and the excellent seamanship of the master of the Brazilian permitted the Pan American to escape and report this last of a long series of outrages upon our commerce Beyond Thirty (The Lost Continent) Edgar Rice Burroughs,2020-03-22 Edgar Rice Burroughs is the king of the pulp story He got into the field through a combination of financial woes and a determination that he could write stories just as bad But while many of those who inspired him are forgotten Burroughs' legacy lives on in the John Carter and Tarzan books In this novel the United States has isolated itself from the rest of the world which has fallen into chaos A group of Americans desperately fight their way back home Lost Continent Annotated Edgar Rice Burroughs,2020-11-16 It was written in 1915 and first published in All Around Magazine in February 1916 but did not appear in book form in Burroughs' lifetime **The Lost Continent** Edgar Rice Burroughs,2020-11-28 The Lost Continent by Edgar Rice Burroughs
