Chapman,2012-02-02 This book seeks to explain the ways in which Anglicans have sought to practise theology in their various contexts It is a clear insightful and reliable guide which avoids technical jargon and roots its discussions in concrete examples The book is primarily a work of historical theology which engages deeply with key texts and writers from across the tradition e g Cranmer Jewel Hooker Taylor Butler Simeon Pusey Huntington Temple Ramsey and many others As well as being suitable for seminary courses it will be of particular interest to study groups in parishes and churches as well as to individuals who seek to gain a deeper insight into the traditions of Anglicanism While it adopts a broad and unpartisan approach it will also be provocative and lively **SCM Studyguide Anglicanism** Stephen Spencer,2013-01-07 The SCM

Studyguide Anglicanism offers a comprehensive introduction to the many different facets of Anglicanism Aimed at students preparing for ministry it presumes no prior knowledge of the subject and offers helpful overviews of Anglican history liturgy theology Canon Law mission and global Anglicanism More and more ordinands come from contexts in which they are no longer familiar with their own denominational identity The book fills a definite gap in the market and can be used as a textbook for a 10 week module on Anglican denominational identity The author is an experienced theological educator who has road tested the material with students in residential and non residential settings The book can also be used in courses on church history spirituality ecclesiology mission and doctrine **Twentieth Century Anglican Theologians** Stephen

Noble,2013-02-19 Teaching on the sanctification of Christians using

the difficult word perfection has been part of Christian spirituality through the centuries The Fathers spoke of it and Augustine particularly contributed his penetrating analysis of human motivation in terms of love Medieval theologians such as Bernard and Thomas Aquinas developed the tradition and wrote of levels or degrees of perfection in love However the doctrine has not fared so well among Protestants John Wesley was the one major Protestant leader who tried to blend this ancient tradition of Christian perfection with the Reformation proclamation of justification by grace through faith This book seeks to develop Wesley's synthesis of patristic and Reformation theology in order to consider how Christian perfection can be expressed in a more nuanced way in today's culture Noble examines what basis may be found for Wesley's understanding of sanctification in the central doctrines of the church particularly the atonement the doctrine of Christ and the most comprehensive of all Christian doctrines the doctrine of the Holy Trinity What he sets out is a fully trinitarian theology of holiness

Working with Words Stanley Hauerwas, 2011-02-16 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life's complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary This new collection of essays lectures and sermons by Stanley Hauerwas is focused on the central challenge risk and difficulty of this necessity working with words about God The task of theology is to help us do things with words God is not a word peculiar to theology but if God is a word to be properly used by Christians the word must be disciplined by Christian practice It should therefore not be surprising that like any word we must learn how to say God

My Church Is Not Dying Greg Garrett, 2015-03-01 The old way of being church is being replaced by something new and beautiful for those with the eyes ears heart and soul to experience it Prolific author Greg Garrett reminds Episcopalians of the many gifts that our tradition can offer a doubting and hurting world He reveals a church that values intellect beauty diversity and community and promotes thoughtful engagement with questions of faith ethics and community This church espouses a generous orthodoxy welcoming left and right mystic and doubter It values education social justice and engagement with literature and culture And in opposition to the radical individualism espoused by most of American Protestantism it offers the unique gift of a tradition shaped by English culture that believes the individual is a part of her or his community not in opposition to it

The Goldilocks God Guy Collins, 2022-08-22 The Goldilocks God Searching for the via media explores the fertile middle ground between toxic Christianity and militant atheism Can Christianity be intellectually credible Why do our past failures and breakages offer comfort and hope How does the via media of Anglicanism offer tactics for dealing with contemporary challenges and uncertainties Whether exploring mystic Hildegard von Bingen strategic thinker Queen Elizabeth or theologians Jean Luc Marion and Sarah Coakley readers venture into a Trinitarian Goldilocks zone of faith hope and love Guy Collins makes a creative and heartfelt case for a spiritual

thermodynamics of trial and error promise and glory Illuminating ancient Christian practice with cutting edge philosophy and theology he reveals the lifelong habits that are just right for encountering the mystery of God **Anglican Theology** Stephen Burns, James Tengtenga, 2024-06-30 It is now widely acknowledged that Anglicanism far from being centred on western contexts is a worldwide phenomenon with some of its liveliest corners located in the global south Yet the Anglican theology which is taught in institutions is still focused overwhelmingly on a handful of British and North American voices By exploring the work of eighteen tricontinental and marginalized Anglican theologians this book begins to correct widespread bias in Anglican theology towards Britain and North Atlantic contexts The chapters it gathers consider the methods concerns and contributions to Anglican thinkers from Africa Asia Pasifika South America and eastern European settings amongst minoritized migrants to North Atlantic countries Chapters include Esther Mombo on Jenny Te Paa Daniel Michael Jagessar on Mukti Barton and Keun Joo Christine Pae on Kwok Pui lan Heaven in Ordinary Philip Sheldrake, 2009-07-31 George Herbert 1593 1633 is one of English spirituality s most treasured voices and with his contemporaries Lancelot Andrewes Izaak Walton and Nicholas Ferrar he epitomises the best of the 17th century Anglican tradition learned holy and self effacing Before settling down as a country parish priest a calling that was cut short by his early death aged 39 he was a complex character who led a varied life in politics and academia His inner tensions resulted in memorable writing and a rich spirituality Here Philip Sheldrake explores themes in Herbert s work that stand out as most important his deep biblical and liturgical roots his Christ centred spirituality his emphasis on the importance of the everyday his strong sense of place his understanding of discipleship his approach to prayer and his spirituality of service Richly illustrated with excerpts from his poetry prose and letters this volume offers a comprehensive study guide to one of the most loved poetic voices With All the Fullness of God Jared Ortiz, 2021-01-12 Christians confess that Christ came to save us from sin and death But what did he save us for One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature 1 Pet 2 4 what the Christian tradition has called deification This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us uniting us to himself and transforming us into his likeness While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy this book shows that deification is an integral part of Catholicism Orthodoxy and many Protestant denominations Drawing on the resources of their own Christian heritages eleven scholars share the riches of their respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19 **Saving Words** Joseph S.
