Information Technology Project Management With Cd Rom

O García

Information Technology Project Management With Cd Rom:

Information Technology Management Jay Liebowitz, 1998-07-27 Mainly based on the author's personal experiences with a variety of organizations this succinct book presents short cases anecdotes and vignettes describing the management of information technology Information Technology Management includes numerous case studies primarily focusing on business industry and government systems This singular resource serves expert systems managers and information technology managers and developers Although the material emphasizes those cases involving management relating to expert systems technology the reader can replace the term expert system with information system technology in almost all the case studies as many of the lessons generally hold true for information systems Information Technology Project Management, with CD-ROM Jack T. Marchewka, 2012-02-21 The new edition of Marchewka's Information Technology Project Management focuses on more simplified chapters practical examples and the addition of small case studies to every chapter The text contains the same level of depth and brevity that's simply written and easy to understand as previous issues Marchewka continues to focus on how to create measurable organizational value MOV to create a solid foundation for making decisions throughout the project's lifecycle as well as for integrating project management and IT concepts tools and techniques

Lifelong Learning for Poverty Eradication Wapula N. Raditloaneng, Morgen Chawawa, 2015-02-23 This book illustrates the meaning and scope of lifelong learning and different types of poverty reduction programs prevalent generally in the African context and particularly in selected communities in Botswana Lifelong learning is important for all stakeholders in poverty reduction to develop a better understanding of the scope and extent of poverty so that they can make informed decisions on best ways of tackling poverty The book succinctly showcases community development and engagement initiatives and experiences from selected African universities and how the interaction of the universities and their respective communities resulted in a major transformation in the lives of poor families through exposure to some engagement strategies that effectively gave them a better future in their fight against poverty This book develops in the reader a better understanding of the dynamics and dilemma of poverty and its negative effects on individuals and communities But it answers the plight of the poor by equipping them with effective and practical tools to transform their lives and take full control of their destiny Provides a conceptual understanding of lifelong learning Describes practical aspects and indicators of poverty and how it requires tackling through a multi sectoral approach Focuses on poverty reduction in all fronts including development of an entrepreneurship mind set **Read Me First!** Sun Technical Publications, 2003 bull The must have reference for every technical writer editor and documentation manager bull Provides all the information you need to document hardware software or other computer products bull Written by award winning documentation experts at Sun Technical Publications Read Me First is the most comprehensive guide to creating documentation that is clear consistent and easy to understand

Information Technology Project Management Kathy Schwalbe, 2007 INFORMATION TECHNOLOGY PROJECT

MANAGEMENT Fifth Edition weaves theory and practice together presenting a comprehensive integrated view of the many concepts skills tools and techniques involved in information technology project management With the strong pedagogical features and straightforward approach that made previous editions popular this revised edition continues to address the critical skills needed for success in the ever expanding field of project management which has grown in its impact on an increasing number of professions most notably information technology The fifth edition has been updated to include a detailed guide to using Microsoft Project 2007 as well as extensive tips and practice questions to prepare readers for the latest Project Management Professional PMP exam Written to the PMBOK Guide 2004 set of standards this resource will prove valuable to anyone entering the corporate world as leaders in the industry place an increasingly high value on effective project managers and project teams
