Realidades Dialogantes Daniel Rojas Pachas, **Roberto Bolaño** Fernando Moreno, Conjunto de ensayos de especialistas internacionales acerca de la obra del escritor Roberto Bolaño **Detecting Detection** Peter Baker, Deborah Shaller, 2012-06-14 We indulge our fascination with detection in many ways only some of which occur in the detective story In fact modern fiction regularly uses elements of a detective narrative to tell another story altogether to engage characters narrators and readers with questions of identity with examinations of moral and ethical reasoning with critiques of social and political injustices and with the metaphysics of meaning itself Detective plots cross cultural and national boundaries and occur in different ways and different genres Taken together they suggest important contemporary understandings of who and what we are how and what we aspire to become Detecting Detection gathers writing from the UK North and South America Europe and Asia to draw together instances of the detective plot in contemporary fiction It is unique not only in addressing the theme a recurring one in modern literature but in tracking the interest in detectives and detection across international borders Los detectives salvajes Roberto Bolaño, 2013 Soy una caja Natalia Carrero, 2008
