Peter Sprenkle, Charles R Anderson, 2013-04-03 A daily diary of actual interactions between a reference desk librarian and his patrons Reference Librarianship documents a year in the life of a young librarian working in the trenches at a library in the Midwestern United States This one of a kind book provides a daily diary of every librarian patron transaction no matter how mundane or absurd to demonstrate not only how advances in technology have affected the reference librarian's job but how the public's expectations have changed as well The book also includes observations by a now retired reference librarian on the current state of the field based on these unedited interactions Over the past two decades the job of reference librarian has seen many changes But in many ways reference desk work hasn't changed a bit with its mix of odd humorous routine and ridiculous requests that capture what it's like to deal with patrons day after day Reference Librarianship paints a clear picture of the field for library school students provides emotional and philosophical support to practitioners and reminds library administrators of what life was like on the front lines A sampling of the daily transactions documented in Reference Librarianship
