*Transitions to Adulthood in the Middle East and North Africa* M. Gebel,S. Heyne,2014-08-26 This book identifies chances and barriers women face in their transition to adulthood in Egypt Iran Jordan and Syria Adopting a life course perspective it provides a new integrative micro macro theoretical framework and innovative analyses of individual life courses based on longitudinal data

Handbook Of The Sociology Of Youth In Brics Countries Tom Dwyer,Mikhail K Gorshkov,Ishwar Modi,Chunling Li,Mokong S Mapadimeng,2017-11-08 Youth are by definition the future This book brings initial analyses to bear on youth in the five BRICS countries Brazil Russia India China and South Africa which are home to nearly half of the world s youth Very little is known about these youth outside of their own countries since the mainstream views on youth and youth culture are derived from the available literature on youth in the industrialized West which is home to a small part of the world s youth This book aims to help fill in this gap The handbook examines the state of youth their past present and permits the development of insights about future The BRICS countries have all engaged in development processes and some remarkable improvements in young people s lives over recent decades are documented However the chapters also show that these gains can be undermined by instabilities poor decisions and external factors in those countries Periods of economic growth political progress cultural opening up and subsequent reversals rearticulate differently in each society The future of youth is sharply impacted by recent transformations of economic political and social realities As new opportunities emerge and the influence of tradition on youth s lifestyles weakens and as their norms and values change the youth enter into conflict with dominant expectations and power structures The topics covered in the book include politics education health employment leisure Internet identities inequalities and demographics The chapters provide original insights into the development of the BRICS countries and place the varied mechanisms of youth development in context This

handbook serves as a reference to those who are interested in having a better understanding of today's youth. Readers will become acquainted with many issues that are faced today by young people and understand that through fertile dialogues and cooperation youth can play a role in shaping the future of the world.

**Encyclopedia of Diversity in Education** James A. Banks, 2012-05-17

The diversity education literature both nationally and internationally is broad and diffuse. Consequently, there needs to be a systematic and logical way to organize and present the state of research for students and professionals. American citizens need to understand the dynamics of their increasingly diverse communities and institutions and the global world in which we live, work and lead. With continually evolving information on diversity policies, practices and programs, it is important to have one place where students, scholars, teachers and policymakers can examine and explore research, policy and practice issues and find answers to important questions about how diversity in U.S. education is enriched with theories, research and practices in other nations are explained and communicated and how they affect institutional change at both the K-12 and postsecondary levels. With about 700 signed entries with cross references and recommended readings, the Encyclopedia of Diversity in Education, 4 volumes in both print and electronic formats, will present research and statistics, case studies and best practices, policies and programs at pre and postsecondary levels. Diversity is a worldwide phenomenon and while most of the entries in the Encyclopedia will focus on the United States, diversity issues and developments in nations around the world, including the United States, are intricately connected. Consequently, to illuminate the many aspects of diversity, this volume will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity. From A to Z, this Encyclopedia will cover the full spectrum of diversity issues including race, class, gender, religion, language, exceptionality and the global dimensions of diversity as they relate to education. This four-volume reference work will be the definitive reference for diversity issues in education in the United States and the world.

**GENDER ISSUES**

AMITA SAXENA, 2019-08-21

Gender inequality and discrimination not only in India, all over the world is a multifaceted issue that has been related to both men and women. Some people think gender equality indices place men at a disadvantage when India's population is surveyed, women are found to be at disadvantage in several ways. These trends are disturbing as a natural prediction would be that with growth comes education and prosperity, the dowry system involving a cash or in-kind payment from the bride's family to the grooms at the time of marriage is another institution that disempowers women. It reinforces the inferior status of Indian women and puts them at risk of violence in their marital households. The normalization of intra-household violence is a huge detriment to the welfare of women. Crimes against women have doubled. Gender inequality extends across various facets of society. Political participation is a key factor to rectify this situation. Gender bias extends to electoral politics and their representative also. The book deals with Population Stabilizing Measure, Juvenile Delinquency, Gender Based Violence, Women Fish Retailers, Gender Inequality, Geriatric Issues in Women and their Management in India, Women's Attitude And The Environment, The Journey of Indian Women across ages, Gender Discrimination in the Workplace.

Violence Against Women dowry system Women s Role in Developing Technology Increasing Productivity Improving Lives Gender Budgeting Trafficking of women for Sexual Exploitation and Women In Politics      *Soviet and Post-Soviet Lithuania – Generational Experiences* Laima Zilinskiene,Melanie Ilic,2021-12-30 This book explores the impact on different generations of Lithuanians of the fifty year Soviet modernisation project which was implemented in Lithuania from 1940 to 1991 It reveals the specific characteristics of the last Soviet generation born in the 1970s and sets this generation apart from those who were born earlier and later It analyses changes in attitudes choices and relationships in a variety of social spheres and contexts and the adaptation skills which were required during the late Soviet and post Soviet transformation processes Overall it presents a great deal of detail on the social experiences of different generations in late Soviet and post Soviet society      **Youth at Risk in Latin America and the Caribbean** ,2008-01-01 Youth at Risk in Latin America provides evidence based guidance to policymakers that will help increase the effectiveness of their youth investment program Drawing on the authors detailed analyses the book describes twenty three policies and programs that youth development experts agree are the basis of a quality youth development portfolio from early childhood development programs to parent training to cash transfers for positive behaviors It also lays out strategies for implementing this effective youth portfolio in a budget constrained environment by reallocation of resources away from      *Job Skills and Minority Youth* Barton J. Hirsch,2015-11-19 Minority youth unemployment is an enduring economic and social concern This book evaluates two new initiatives for minority high school students that seek to cultivate marketable job skills The first is an after school program that provides experiences similar to apprenticeships and the second emphasizes new approaches to improving job interview performance The evaluation research has several distinct strengths It involves a randomized controlled trial uncommon in assessments of this issue and age group Marketable job skills are assessed through a mock job interview developed for this research and administered by experienced human resource professionals Mixed methods are utilized with qualitative data shedding light on what actually happens inside the programs and a developmental science approach situating the findings in terms of adolescent development Beneficial for policy makers and practitioners as well as scholars Job Skills and Minority Youth focuses on identifying the most promising tactics and addressing likely implementation issues      **Youth Violence** Catherine Ward,Andrew Dawes,Amelia van der Merwe,2012-01-25 Youth violence Sources and solutions in South Africa thoroughly and carefully reviews the evidence for risk and protective factors that influence the likelihood of young people acting aggressively Layers of understanding are built by viewing the problem from a multitude of perspectives including the current situation in which South African youth are growing up perspectives from developmental psychology the influences of race class and gender and of the media The book then reviews the evidence for effective interventions in the contexts of young people s lives their homes their schools their leisure activities with gangs in the criminal justice system in cities and neighbourhoods and with sexual offenders In doing so thoughtful suggestions are made for keeping an evidence based

perspective while necessarily adapting interventions for developing world contexts such as South Africa Youth violence in South Africa Sources and solutions is a valuable addition to the library of anyone who has ever wondered about youth violence or wanted to do something about it Migrant Youths and Children of Migrants in a Globalized World Alicia Adserà, Marta Tienda, 2012-08-31 The ANNALS of the American Academy of Political and Social Science Series *Gender Education and Equality in a Global Context* Shailaja Fennell, 2007-09-12 Focusing on gender equality by exploring the interrelations between gender education and poverty this work demonstrates a range of methodological frameworks for analysing gender and education with a development context Early Identification of at Risk Youth in Latin America Wendy Cunningham, Emilie Bagby, Comparative Education Carlos Alberto Torres, Robert F. Arnove, Lauren Ila Misiaszek, 2022-08-10 Now in its fifth edition Comparative Education The Dialectic of the Global and the Local has established itself as the state of the art comprehensive as well as sophisticated framework for taking into account the dynamic interactions of local national regional and transnational factors shaping education systems around the world Our theoretical and methodological strategy for this volume has proven effective as a standard textbook for introducing the field of comparative education from various theoretical and methodological perspectives **Youth Citizenship and the Politics of Belonging** Sharlene Swartz, Madeleine Arnot, 2014-10-20 Around the world today young people are being called upon to develop civic competence and carry the burden of forging a political future in the midst of impoverishment exclusion and inequality In societies that have experienced civil war military occupation mass immigration of displaced people or social conflict the conditions under which young people attempt to build their citizenship are not well understood Youth Citizenship and the Politics of Belonging contributes to the field of youth citizenship studies by purposively exploring the experiences of young adults in the context of the formation of nationhood and global citizenship It explores from the perspective of various countries the role of social context and schooling in creating young citizens This collection offers a unique opportunity to hear the voices of young people themselves who as learner citizens within educational institutions poor communities and refugee camps amongst other settings expose the tensions between social inclusion and marginalization The book considers young people s contemporary social movements their activism and their sense of belonging It looks at understandings of national political and religious identities youth rights and various forms of state community and sexual violence as well as strategic coping strategies their reinterpretations of civic messages and the ways in which anger resistance and disengagement put youth in a difficult position This book was originally published as a special issue of Comparative Education Charting the course of education and HIV UNESCO, 2014-03-11 More than three decades after the identification of the virus HIV continues to affect millions of people worldwide Much progress has been made and infection rates are down in a number of countries From the beginning the education sector has played a central role in responding to HIV though its role and the contribution of school based HIV education has been the subject of much debate This book

explores the major debates and provides an overview of how the role of the education sector and approaches to HIV education have evolved what has been learned emerging challenges and opportunities and proposes a way forward for the education sector to contribute to the prevention of new infections treatment and care and reduce stigma and discrimination The Education on the Move series seeks to bring research knowledge produced by various academic disciplines and within various organizations to those who can shape educational policies and drive reforms
