

How children learn

Educational theories and approaches – from Comenius the father of modern education to giants such as Piaget, Vygotsky and Montessori

by Linda Pound

New and improved edition • Additional emphasis on what practice looks like
• Common criticisms as well as the influence of each theory

How Children Learn Linda Pound

Judith Harries

How Children Learn Linda Pound:

How Children Learn (New Edition) Linda Pound, 2019-10-08 An ideal introduction to the pioneers of educational theory for anyone studying childcare child development or education whether at further or higher education level The first edition of this book has been a best seller for almost a decade identified as one of the top ten books for students of child development or early childhood care and education In this new edition there is an increased emphasis on both what practice based on particular theories of learning looks like and on criticisms of each theory A glossary is included in sections highlighting words and concepts particular to the theorist in question Full colour photographs are used to illustrate some aspects of each theory or approach How Children Learn looks at a wide range of theorists and practitioners who have influenced current understandings of how children learn and what this means for work with young children The book summarises the findings and ideas of famous giants such as Montessori and Piaget as well as the more recent ideas of writers and thinkers such as Howard Gardner and Margaret Donaldson It begins by looking at the work and life of Comenius who is widely described as the father of modern education and looks at the theory behind different approaches to early childhood care and education such as Steiner Waldorf education HighScope and Te Whariki You will find this book invaluable in giving you a clearer picture of how ideas about children's learning have developed over the past four centuries

How Children Learn Linda Pound, 2014 An ideal introduction to the pioneers of educational theory for anyone studying childcare child development or education whether at further or higher education level The first edition of this book has been a best seller for almost a decade identified as one of the top ten books for students of child development or early childhood care and education In this new edition there is an increased emphasis on both what practice based on particular theories of learning looks like and on criticisms of each theory a new and improved edition additional emphasis on what practice looks like and common criticisms as well as the influence of each theory A glossary is included in sections highlighting words and concepts particular to the theorist in question Full colour photographs are used to illustrate some aspects of each theory or approach How Children Learn looks at a wide range of theorists who have influenced current understandings of how children learn and what this means for work with young children The book summarises the findings and ideas of famous giants such as Montessori and Piaget as well as the more recent ideas of writers and thinkers such as Howard Gardner and Margaret Donaldson

How Children Learn - Book 3 Linda Pound, 2017-02-21 This book summarises the ideas of educational theorists and psychologists of the last 60 years from Elinor Goldschmied to Tina Bruce It also looks at the important contemporary issues in early years education from whether boys and girls learn differently to the role of the community in the early years setting

How Children Learn Linda Pound, 2008 Ideas on children's literacy alone have gone through many changes from the 1890s to the current return to the phonics methods of the 1970s and this book evaluates how each trend has evolved as well as its current importance How children learn Book 2 provides an overview of the classical ideas on education as well as

changes in educational reform during the 20th century from the humanist and de schooling movements to current current government policy and the Early Years Foundation Stage Back cover note

How Children Learn - Book 1 Linda Pound, 2017-02-21 An unrivalled introduction to the pioneers of educational theory that you won't be able to get through your studies without This must have book includes profiles on Vygotsky Steiner Montessori and Froebel as well as 24 other theorists

How Children Learn - Book 2 Linda Pound, 2017-02-21 A readable discussion of the key ideas of child development and theory including how children acquire language the meaning of intelligence and creativity as well as how best to teach children to read and write

Foundations of Early Childhood Penny Mukherji, Louise Dryden, 2014-01-14 This text will be an invaluable addition to the reading of students and tutors alike It has been written thoughtfully for students embarking on university courses that study aspects of early childhood education The introductory chapters give the reader a sense of the thinking and reflection that is helpful for them at the beginning of their studies and a clear focus on the rights of our youngest children roots the text in a sound pedagogical frame The later chapters broaden the argument and feel very relevant to the current context in their explorations of the policy and practice of EYFS I would strongly recommend this text Jo Albin Clark Senior Lecturer in Early Years Education Edge Hill University This book introduces all the most important aspects of early years care and education and will help you develop the key skills needed to study at degree level Each chapter introduces major concepts and theories which allow you to explore the foundations of key early childhood issues and apply them in practice Topics include Children's rights The Early Years curriculum How children learn and develop Health and well being As well as looking at important aspects of study such as How to search primary sources such as policy documents and journals How to use your personal experience in studying How to develop critical reading and writing skills With specific learning features designed for different levels of study this book will be invaluable to students studying at levels 4 and 5 of early childhood degrees and foundation degrees with features designed to support students as they make the transition to honours level study Digital resources for extra support Check out the companion website for additional material including interactive glossary flashcards journal tasks web links to more handy online resources

Theories and Approaches to Learning in the Early Years Linda Miller, Linda Pound, 2010-12-29 By focusing on key figures in early years education and care this book considers the influential thinkers and ground breaking approaches that have revolutionized practice With contributions from the leading authorities and researchers in the field chapters provide an explanation of the approach an analysis of the theoretical background case studies from practice and questions and discussion points to facilitate critical thinking Written in an accessible style and relevant to all levels of early years courses from undergraduate to graduate degrees the book asks the reader to engage with debates and to develop their own views and opinions
