How Strong Are Little Wave:

How Strong Are You, Little Wave? Joyce Mitchell, 2015-12-07 Big Wave is friendly and loves to talk Little Wave is so kind and gives a listening ear to his best friend Big Wave who usually talks big about how strong he is or how pretty his smile is how he is king of the sea or something about his good deed of the day One day something happens and Little Wave is missing Big Wave frantically searches the ocean for him Will he find his little wave y friend Will he have a change of attitude Has Big Wave lost his best friend in the whole wide ocean

The Little Wave Stephen Lamoreaux, 2012-02-01 Even a small change can have big effects in the world around us In the ecological children s book *The Little Wave An Adventure in Earthly Care Part One* we learn how A little wave is born in a pond and living a happy life when a truck appears one day and sprays the surrounding fields causing the environment around the pond to change The little wave does not understand why until a duck passes by and explains what has happened and how everyone especially children must learn to change their behavior or nature will continue to be negatively affected The little wave commits to finding children and to teach them how pollution impacts the environment The wave travels down a brook and into a stream in search of children to educate Along the way it meets creatures that explain other forms of abuse The wave represents an innocent and natural element of the Earth It finds a way to teach us that polluting the planet does not come without consequences but even small changes in behavior can make a positive difference

The Big Wave Method Mark Visser, 2017 Each of us has a big wave a dream that seems to be at the edge of what s possible that resonates deeply in our hearts and would require all of our heart and soul to accomplish If we re successful we re transported far beyond who we thought we were and where we thought we would be But to get there we have to overcome our greatest fears and uncertainties In order to surf Jaws at night in Maui one of the most treacherous waves in the world internationally renowned big wave surfer Mark Visser had to map out a plan He knew he had to prepare for and accept the unpredictable so that he could achieve the unbelievable And he knew his method had to be as practical as it was true to his passion With a clear vision and a voice as bold as his personality Visser outlines the eight steps he took to conquer his biggest challenge yet and that you can take to carve out your own path to success
