The "M" in CITAMS@30 Casey Brienza, Laura Robinson, Barry Wellman, Shelia R. Cotten, Wenhong Chen, 2018-12-14
Volume 18 of Emerald Studies in Media and Communications celebrates the thirty year anniversary of the Communications Information Technology and Media Sociology Section of the American Sociological Association Women in Game of Thrones Valerie Estelle Frankel, 2014-04-04 Game of Thrones one of the hottest series on television leaves hundreds of critics divided on how feminist the show really is Certainly the female characters strong and weak embody a variety of archetypes widow queens warrior women damsels in distress career women priestesses crones mothers and maidens However the problem is that most of them play a single role without nuance even the strong women have little to do besides strut about as one note characters This book analyzes the women and their portrayals one by one along with their historical inspirations Accompanying issues in television studies also appear from the male gaze to depiction of race How these characters are treated in the series and how they treat themselves becomes central as many strip for the pleasure of men or are sacrificed as pawns Some nude scenes or moments of male violence are fetishized and filmed to tantalize while others show the women s trauma and attempt to identify with the scene s female perspective The key is whether the characters break out of their traditional roles and become multidimensional **Extended Reality in Culture and Creative Industries** Almir Peštek, Selma Rizvić, Sanda Soucie, 2025-09-02 From virtual museums that transport visitors to distant historical eras to augmented reality installations that merge digital art with physical spaces the book uncovers a myriad of innovative applications within the fields of design media fashion gaming and more Queenship and the Women of Westeros Zita Eva Rohr, Lisa Benz, 2019-11-07 Is the world of George R R Martin s A Song of Ice and Fire and HBO s Game of Thrones really medieval How accurately does it reflect the real Middle Ages Historians have been addressing these questions since the book and television series exploded into a cultural phenomenon For scholars of medieval and early modern women they offer a unique vantage point from which to study the intersections of elite women and popular understandings of the premodern world This volume is a wide ranging study of those intersections Focusing on female agency and the role of advice it finds a wealth of continuities and contrasts between the many powerful female characters of Martin s fantasy world and the strategies that historical women used to exert influence Reading characters such as Daenerys Targaryen Cersei Lannister and Brienne of Tarth with a creative deeply scholarly eye Queenship and the Women of Westeros makes cutting edge developments in queenship studies accessible to everyday readers and fans **A Twist of Fate** Demelza Hart, 2015-08-31 An attraction that can t be ignored A spoilt little rich girl A rough ex soldier When Callie Frobisher and Paul Mason are stranded after their plane crashes the mismatched couple are forced into battling each other and their feelings Callie has it all rich parents a private education and a great job whilst Paul is harbouring a dark and destructive secret The trauma of the crash and the harsh media spotlight proves to be challenging for them both Can their attraction survive when they return to

reality **Medievalism in A Song of Ice and Fire and Game of Thrones** Shiloh Carroll, 2018 Game of Thrones is famously inspired by the Middle Ages but how authentic is the world it presents This volume offers different angles to the question One of the biggest attractions of George R R Martin s high fantasy series A Song of Ice and Fire and by extension its HBO television adaptation Game of Thrones is its claim to historical realism The author the directors and producers of the adaptation and indeed the fans of the books and show all lay claim to Westeros its setting as representative of an authentic medieval world But how true are these claims Is it possible to faithfully represent a time so far removed from our own in time and culture And what does an authentic medieval fantasy world look like This book explores Martin s and HBO s approaches to and beliefs about the Middle Ages and how those beliefs fall into traditional medievalist and fantastic literary patterns Examining both books and programme from a range of critical approaches medievalism theory gender theory queer theory postcolonial theory and race theory Dr Carroll analyzes how the drive for historical realism affects the books and show s treatment of men women people of colour sexuality and imperialism as well as how the author and showrunners discuss these effects outside the texts themselves SHILOH CARROLL teaches in the writing center at Tennessee State University
