

Study Guide: Chapter 44, Loss, Grief, and Dying

Learning Objective 1. Explain the concepts of loss and grieving, including types of loss and grief reactions.

- Describe the types of loss that occur when a valued person, object, or situation is changed and its value is diminished or removed.
-
- Be sure you can differentiate between: actual loss, perceived loss, physical loss, psychological loss, maturational loss, situational loss, and anticipatory loss.
- Create a list of examples for each type of loss. (Refer to **PowerPoint slides 2–4.**)
- Discuss the stages of grief according to Engel. (More important than the actual stages of any given grief reaction is the idea that grief is a process and that it varies from person to person). (Refer to **Promoting Health 44-1: Grieving** and **PowerPoint slides 5–8.**)

Learning Objective 2. Describe the signs of impending death.

- Discuss the definition of death. (Refer to **PowerPoint slide 9.**)
- Describe what is meant by a “good death.” (**Box 44-1: Providing Care to Facilitate a Good Death** and **PowerPoint slide 10.**)
- Describe the clinical signs of impending or approaching death. (**PowerPoint slide 11.**)
