festivals vrats ritual fasts and daily life In this study Yim attempts to bridge the gap between the word of religious texts and the reality of the women s lives Despite the tradition of religious texts to overlook the role of women as teachers this study found that women are the primary agents of religious knowledge transmission The Dalit women in this study convey their erudition through informal education such as observation worship imitation and family responsibilities The implications of this study are not only to validate informal education as an effective means of teaching but to confirm the central role Hindu women have in the transmission of religious knowledge to their children
