

GOODBYE

Dear, Emily

As our school year ends, I want to tell you how proud I am of you. We had so much fun learning and growing together!

You've worked hard and made our classroom a happy place. I loved seeing your smiles and excitement every day.

Now it's time for summer fun! Play, laugh, and enjoy every moment. Remember, you are amazing and can do anything you set your mind to.

Thank you for a wonderful year. I will miss you and always remember our special times together. Have a great summer!

With love, Mrs Wilson

deconstruction in the late sixties Grant charts the rise of student power in the seventies followed by new transformations of the school in the last decade occasioned in part by the mainstreaming of disabled students and the arrival of Asian immigrants Things got very bad before they got better but they did get better The school went from white power to black power to genuine racial equality Its average test scores declined and then improved Although test score means did not return to their former levels the gap in achievement between the social classes decreased Violence was replaced by a sense of relative safety and security Yet this book is not just a case study In the second half the author presents a general analysis of American education He contrasts the world of Hamilton High with other possible worlds including those at three schools one public and two private that exhibit a strong positive ethos He looks at the way the moral and intellectual worlds have been sundered in many contemporary public schools and asks whether they can be put back together again The book is grounded in a creative methodology that includes research by students at Hamilton High whom Grant trained to analyze life in their school Later he shared this research with teachers as a means of opening a dialogue about what changes they wanted to make Grant s analysis leads to recommendations for two essential reforms and in an epilogue the teachers who read this book also tell us what they make of it and offer their own conclusions Their challenging final words will spur the thinking of educators policymakers scholars parents and all those who are concerned about our schools today
