“What Is Philosophy?” Stuart Dalton,2024-02-28 Philosophy is like a party that started over 2 500 years ago and is still going strong When you take a philosophy class you re invited to join this party but walking into a party 2 500 years late can feel a little awkward This book is meant to solve that problem The best way to feel welcome is to focus on how funny philosophy is simply because its ideals are so high that humans almost never manage to reach them This book gives three answers to the question What is philosophy 1 Philosophy is a conversation that has been going on for over 2 500 years which has been full of comedy from the beginning and will continue to be funny forever if we do it right 2 Philosophy is a very awkward business that has always been on the verge of going out of business 3 Philosophy is something that makes almost everyone write very badly In addition to this three act comedy the book also contains two practical guides to being happy and successful in philosophy classes **Curry and Kisses** Seema Jha,2011-07-22 Rita s life revolves around her family yet domestic harmony is a distant dream Her doctor husband s good looking friend adds much needed spice to her life This work

gives a rare glimpse of socio cultural collage of British Indian doctors and their everyday existence conspiracy against Rita's husband and Rita's vow to give marriage another chance Ultimately she finds another interest a theme which will resonate with many readers

How to Get Ahead in Your Career: How To Stop Yourself From Making Moves Which Will Limit Your Career Dueep Jyot Singh, John Davidson, 2018-04-01 Table of Contents Introduction Proving your worth in the initial stages Know Your Place Whine Whine Whine Being Chronically Late Bottom line for bosses Getting the Most Out Of Your Employees Facing A Different Culture Behavior in Public Culture Clashes and Prejudices Vacation Time I Want My Vacation Now Continuous Sick Leave Volunteering for Extra Work Job Hopping Personal Relationships in the Workplace Trying to Tackle Personal Time during Company Time Conclusion Author Bio Publisher Introduction Some days ago another management professional colleague asked me why I would want to write a book upon how to get ahead in your career because everybody who was sensible and was professional enough to think about how best he could advance in his career knew the first three basic steps so well loved by every boss take the long hours the hard work and the tasks which other people think impossible as a challenge especially in the beginning of your career Within a couple of years all of this will be a part of your working habits and ethos As this book has been written for a global audience I will take both the Eastern and the Western work traditions ethics working conditions and atmospheres into consideration Also there are a large number of factors and moves which may limit your career of which you do not know and have not guessed So if you do not intend to have your career blow up in a tremendous boom taking your future along with it it is time that you start getting serious about how to advance your career without making any moves which will limit it When you read this book you may say why it looks like I am talking more about American work cultures but then as this book is for a global audience and I am talking of what I speak American work cultures French British Australian and Asian work cultures and working environments I have all of these to compare and to bring to your attention Also you may say that I may have digressed sometimes on topics which are according to you nothing to do with your career but I am talking about social norms cultures and traditions in those examples They are just for general knowledge and possibly as cautionary tales about things you do not do especially when you have taken up a job abroad far away from your own country and in a strange culture away from your own land
