

HOW ENGLISH BECAME THE GLOBAL LANGUAGE

More people are trying to learn English than any other language in the world. English is the language of political negotiations and international business. It has become the international language of science and medicine. International treaties say passenger airplane pilots must speak English.

English is the major foreign language taught in most schools in South America and Europe. School children in the Philippines and Japan begin learning English at an early age. English is the official language of more than seventy-five countries including Britain, Canada, the United States, Australia, and South Africa.

In countries where many different languages are spoken, English is often used as an official language to help people communicate. India is good example. English is the common language in this country where at least twenty-four languages are spoken by more than one million people.

Where did the English language come from? Why has it become so popular? To answer these questions, we must travel back in time about five thousand years to an area north of the Black Sea in southeastern Europe.

Experts say the people in that area spoke a language called Proto-Indo-European. That language is no longer spoken. Researchers do not really know what it sounded like.

Yet, Proto-Indo-European is believed to be the ancestor of most European languages. These include the languages that became ancient Greek, ancient German and the ancient Latin.

Latin disappeared as a spoken language. Yet it left behind three great languages that
