The Collected Works of Billy Graham Billy Graham, 1993 Here in one volume for the first time are three individual titles Angels How to Be Born Again and The Holy Spirit from Billy Graham the foremost evangelist of our time who has reached more people with the Gospel than any other person on earth **Examining Billy Graham's Theology of Evangelism** Thomas P. Johnston, 2003-03-12 Examining Billy Graham s Theology of Evangelism was written to advance an unbiased understanding of Billy Graham s theology and practice Theological examination of Graham s sermons revealed four distinct eras in his theology and practice The Early Early Graham pre 1949 The Early Graham 1949 1955 The Middle Graham 1955 1965 The Later Graham 1965 present In each of these eras Graham portrayed a discernible and distinct approach to defining evangelism theological nomenclature and cooperative strategy No literature on Billy Graham discusses in combination this evolution in Graham s theology and practice You are invited to take a fresh look at the teaching and practice of this man who has touched millions of lives through the proclamation of the Gospel of Jesus Christ Billy Graham Ken Garfield, 2013-11-01 Celebrating the life and legacy of one of America s best known religious figures in words and photographs this book traces the amazing journey of the lanky farm boy from Charlotte North Carolina who grew up to preach to more than 200 million people in stadiums and arenas around the world Written by a journalist who covered Graham and his ministry for more than a decade Billy Graham A Life in Pictures chronicles the preacher s rise his friendship with U S presidents his spectacular crusades and his work in building a religious organization that continues with his son Franklin as its leader It also offers a glimpse into Graham s rich family life and how he managed to maintain his integrity while other religious personalities despite or perhaps because of their large followings were losing theirs The book provides a fitting tribute to one of the most important religious leaders of the 20th century a man of unimpeachable character who influenced millions around the globe "Born Again": A Portrait and Analysis of the Doctrine of Regeneration within Evangelical Protestantism Stephen J. Hamilton, 2017-04-03 Stephen J Hamilton attempts to create a portrait of born again Christianity by providing a general introduction to the doctrine of regeneration including its development in modernity as well as short exegeses of relevant scriptural texts followed by a close reading of four theologians Philipp Jakob Spener Jonathan Edwards Friedrich D E Schleiermacher and Charles G Finney who all associate the doctrine of regeneration with an

experience of presence in the individual believer In light of these analyses he then traces a general theological structure of the born again understanding of regeneration including a catalogue of theological issues over which there is significant disagreement in order to create a topography of born again theologies In the final section he applies these results to contemporary conversion narratives of non theologians It is in such conversion narratives the author argues that theologians can discover an implicit lived theology that reveals how doctrines are perceived and put into practice among Christians Accordingly this is to be understood as the result of the creative reciprocity between often tacit theological convictions and the experiences of the Christian life The final chapter as a coda to the entire work offers some concluding reflections on the present cultural and political situation in the USA pertaining to born again Christianity and argues against any oversimplifications of the relationship between born again theologies culture and politics

Billy Graham in Quotes Billy Graham, Donna Lee Toney, 2011-04-19 Collects quotations from seven decades of ministry by Billy Graham

Rewired Paul N. Markham, 2007-07-01 *Rewired* begins with the claim that contemporary views of Christian spirituality particularly in the American evangelical tradition concentrate too exclusively on the interior and individual nature of spiritual experience Paul Markham argues that a reexamination of the doctrine of religious conversion is needed within American evangelicalism and finds resources for such a model in the Wesleyan theological tradition and from philosophical and scientific insights into a nonreductive physicalist view of human nature In considering data from theology and science this book represents an integrated work in science and religion

Divinity of Doubt Vincent Bugliosi,2011-04-12 Vincent Bugliosi whom many view as the nation s foremost prosecutor has successfully taken on in court or on the pages of his books the most notorious murderers of the last half century Charles Manson O J Simpson and Lee Harvey Oswald Now in the most controversial book of his celebrated career he turns his incomparable prosecutorial eye on the greatest target of all God In making his case for agnosticism Bugliosi has very arguably written the most powerful indictment ever of God organized religion theism and atheism Theists will be left reeling by the commanding nature of Bugliosi s extraordinary arguments against them And with his trademark incisive logic and devastating wit he exposes the intellectual poverty of atheism and skewers its leading popularizers Christopher Hitchens Sam Harris and Richard Dawkins Joining a 2 000 year old conversation which no one has contributed anything significant to for years Bugliosi in addition to destroying the all important Christian argument of intelligent design remarkably yes scarily shakes the very foundations of Christianity by establishing that Jesus was not born of a virgin and hence was not the son of God that scripture in reality supports the notion of no free will and that the immortality of the soul was a pure invention of

Plato that Judaism and Christianity were forced to embrace because without it there is no life after death Destined to be an all time classic Bugliosi s Divinity of Doubt sets a new course amid the explosion of bestselling books on atheism and theism the middle path of agnosticism In recognizing the limits of what we know Bugliosi demonstrates that agnosticism is he most intelligent and responsible position to take on the eternal question of God s existence [The Urban Pulpit](#) Matthew Bowman,2014-02-04 Matthew Bowman explores the world of a neglected group of American Christians the self identified liberal evangelicals who began in late nineteenth century New York to reconcile traditional evangelical spirituality with progressive views on social activism and theological questions These evangelicals emphasized the importance of supernatural conversion experience but also argued that scientific advances new movements in art and the decline in poverty created by a new industrial economy could facilitate encounters with Christ The Urban Pulpit chronicles the struggle of liberal evangelicals against conservative Protestants who questioned their theological sincerity and against secular reformers who grew increasingly devoted to the cause of cultural pluralism and increasingly suspicious of evangelicals over the course of the twentieth century Liberal evangelicals walked a difficult path facing increasing polarization in twentieth century American public life both conservative evangelicals and secular reformers insisted that religion and science were necessarily at odds and that evangelical Christianity was incompatible with cultural diversity Liberal evangelicals rejected these simple dichotomies but nonetheless found it increasingly difficult to defend their middle way Drawing on history anthropology and religious studies Bowman paints a complex portrait of these understudied Christians at work at worship and engaged in advocacy in the public square **Out of Love** Raymond I. Crawford,2009-06-29 **What You Need to Know About Spiritual Growth in 12 Lessons** Max Anders,2015-06-16 Learn the ways God wants us to grow as Christians and how to cooperate with Him through the disciplines of grace Spiritual Growth shows you how to grow and the many resources God provides to nurture you *What You Need to Know About Salvation in 12 Lessons* Max Anders,2015-06-16 Christianity begins with the bad news that all are spiritually lost and then announces the good news that Jesus saves those who trust Him What You Need to Know About Salvation explores the provision of salvation in Jesus Christ its application today through the Holy Spirit and its consummation at the Second Coming [The Almanac of the Christian World](#) Edythe Draper,1992 This second edition now offers even more to families students researchers or those just looking for some interesting reading Includes national and international news events of 1991 schedules of conventions and crusades book music leadership magazine and video award winners lists of Christian schools foundations churches and other organizations and more **The Graham Formula** Patrick McIntyre,2006-06 [Ideas and Movements That Shaped America](#) Michael Green,Scott L. Stabler,2015-07-28 America was founded on bold ideas and beliefs This book examines the ideas and movements that shaped our nation presenting thorough accessible entries with sources that improve readers understanding of the American experience Presenting accessibly written information for general audiences as well as students and researchers this three

volume work examines the evolution of American society and thought from the nation's beginnings to the 21st century. It covers the seminal ideas and social movements that define who we are as Americans from the ideas that underpin the Bill of Rights to slavery, the Civil Rights movement, and the idea of gay rights, even if U.S. citizens often strongly disagree on these topics. Organized topically rather than chronologically, this encyclopedia combines primary sources and secondary works or historical analyses with text describing the ideas and movements in question. In addition, each entry includes a list of suggestions for further reading that directs readers to supplementary sources of information. The set's unique perspective serves to depict how American society has evolved from the nation's beginnings to the present, revealing how Americans as a people have acted and responded to key ideas and movements.
